Post Office Drawer 1734  
Atlanta, Georgia 30301

Dear Mr. Kurtz:

Thank you very much for your letter of March 6, 1969, which has just been received regarding our plans for a new home to house the Cyclorama. I am extremely pleased that the Parks Committee has recommended Bill Finch's firm as co-designers and project architects with the firm of Thompson and Hancock. These firms have not been officially appointed in that funds are not yet available for the project and a resolution will not be put through the Board of Aldermen until such time as an account has been established.

We agree with you that an Orientation Room is needed to set the stage for the visitor and we appreciate and solicit your comments and advice on other items which might be included in the Cyclorama.

We appreciate your continuing interest, and I am

Cordially,

Jack C. Delius  
General Manager of  
Parks and Recreation
