Dr. C. Miles Smith
Dr. M. L. King Sr.
Reverend J. A. Middleton
All Citizens Committee for Better City Planning

Gentlemen:

I appreciate the information furnished me concerning the formation of the All Citizens Committee for Better City Planning. I am informing the ~~citizens~~ committee which I had already set up of your desire to be represented in these discussions. I certainly see no objections to such representation.

The closing of Peyton and Harlan Roads was done by an ordinance of the Board of Aldermen of Atlanta after consideration through normal committee channels and upon recommendation of the Public Works Committee No. 1.

I urge the All Citizens Committee on Better City Planning to cooperate with the citizens group that has already been set up to consider this matter.

I am certain that the Board of Aldermen and my office would be most considerate of recommendations made by the citizens group as was ~~originally proposed.~~

Sincerely,
