Dear John:

Reference is made to your letter of March 21, 1969, and Mr. William R. Ramsay's letter of March 19, 1969, relating to the contribution by the Southern Regional Education Board to the Urban Core and other matters. As I discussed with you, it would be essential that we have a complete list of all interns being employed under the summer program together with such information as to which interns will be working under a work assignment (financed 80% federal and 20% locally) and which of the interns will be working 100% City.

When this material is received together with work descriptions and an overall budget, a determination can be made as to whether or not any or all of the seventeen interns mentioned in your memo can qualify for the Southern Regional Education Board requirements for the \$20,000 contribution.

I will be more than happy to assign someone of my staff to work with you, Mr. Ed Farrow, and others in developing this material.

Sincerely,

**Charles L. Davis
Director of Finance**
