RESULTS OF TELEPHONE CONVERSATIONS AS TO INTEGRATION

Hotels:

On June 21, 1963, Mayor Allen announced a plan of limited integration at 14 hotels and motels, whereby these establishments would accept Negroes who are delegates to conventions meeting at these places. When the Greater Atlanta Council on Human Relations inquired if this changed the situation in regards to individual Negro guests, including Africans, Mayor Allen informed us that he had made the announcement as requested and that we should contact Mr. Styron of the Hotel Association. Mr. Styron wrote us that this was a matter for each individual hotel or motel, that it was not an agreement by the Association. Results of individual inquiries are shown below:

<u>Those Replying YES</u>	<u>Those Replying NO</u>
Air Host Inn	Atlanta Americana Motor Hotel
The Hilton Inn	The Atlantan Hotel
Howard Johnson's (N.E.)	The Biltmore Hotel
Peachtree Manor	Dinkler-Plaza Hotel
	Howard Johnson's (South and North West)
	Piedmont Hotel
	Riveria Motel

Restaurants:

On June 25, 1963, the ATLANTA CONSTITUTION carried a report that it had been learned that 50 restaurants were to desegregate within a few days. Since that time, there have been various lists and various announcements and various experiences at many eating places. Many have changed their policies. Many will state one policy when asked, but will act differently when confronted with an actual situation. The only list that has been announced with any air of authority is that circulated by Lester Maddox, and it can be said positively that that list is not accurate. Results of telephone inquiries about desegregation policies or reports from customers who have talked with the managers are as follows:
