deterioration

The deterioration of the central
Business Districts of American Cities
cannot be allowed to destroy our economic,
social and public values.

S. 3282 offers the strong tool
~~that~~ long needed to provide assistance
to those charged with responsibilities for
sound development and preservation of our
~~great~~ central cities.

Atlanta joins her ~~city~~ great sister
cities in urging prompt and positive action
on this amendment and offers her support to
your subcommittee in seeking full approval
of this progressive legislation.
