Mr. Romer Pittman, Assistant Chief Plumbing Inspector  
Plumbing Department  
Atlanta City Hall  
68 Mitchell Street, S.W.  
Atlanta, Georgia 30303

Dear Mr. Pittman:

I want to thank you for the manner and promptness in which you handled the situation which occurred today at our affiliate company, Southern Pipe & Supply Company at 159 Northside Drive, N.W.

Your promptness and diplomacy in handling the situation is commendable and we are most fortunate in having men of your caliber in our city government.

I am, however, still concerned, Mr. Pittman, with the threats made by your inspector, Mr. C. L. Haliburton, by telephone to our manager, Bobby Clark, and am still concerned with the fact that Mr. Haliburton has threatened our manager with writing a citation or the threat of standing in the door and following everybody out. This, you are aware, we cannot condone.

We will not be intimidated in the matter and it is necessary that I put your office on notice that should we have any future problems of this nature we will have no choice but to seek legal remedies to protect our business.

We have been in business since 1933 and have always cooperated to the fullest extent and have the highest respect for your department and we in turn expect the same consideration by your personnel.

In the future should there be any question relative to our business that is of interest to your department I would appreciate your seeing that all inquiries are directed to the writer personally.

As a matter of record Southern Pipe & Supply Company does not have a plumbing license and performs absolutely no plumbing repair work or installation work, however, we do reserve the right to sell to whom we please and to recommend qualified people to do installation or repair work.

Assuring you of our desire to continue to cooperate with you in every matter.

Very truly yours,

STEIN STEEL & SUPPLY CO.

Milton O. Stein  
President

MOS/na
