Dear Mr Mayor.

Greetings, I have written your Governor
Several times. Now I wish to write you,
and to express my humble thanks for men
like you and your staff, who has determined
to stand true even in the face of
such beasts as Martin Luther King,
Carmichael, and all these other No Good
Spiritual Bastards who's final remaining
will lodge in the Satombe pit of
Hell, along with Johnson, Humphrey, and
all the rest of that wicked trash in
Washington. The majority of the people
over here are all the way behind you,
may God bless you in the face of
this wicked Johnson Administration. I never
thought I would ever live to see a President
turn against his own race. If I can
help, call me, collect, respectfully

George C. Ireland
