

July 31<sup>st</sup>

Dear Mayor Allen,

There are many people, who in the past never wrote letters about controversial political matters. I have been one of those citizens - I voted my convictions at the polls. However after reading in tonight's paper that you claim the people of Atlanta stand behind you as regards your disgraceful conduct in Washington, I am forced to

Change my habits!

You did not speak for the  
majority of Atlantians - how dare  
you give that impression!

"Just what future" political  
plumb do you have in mind? The  
public isn't taken in by your  
actions - it will be very interesting  
to see what happens when election  
time comes again. The Negro  
vote won't save you - give  
your actions more thought Mayor.

Very Sincerely,  
Mrs H. R. Crawford
