

Report from T. M. Alexander, SR.

May 27, 1969

Haygood operates a screen business in his basement. Understand he has a real estate license. When he inspects a house that needs screens, he recommends that the owner buy the screens from the person he makes them for.

Mr. Edison has a firm he works for on the outside named Hudlow & Green (We will have to ascertain whether he has a real estate license or not) Also advised by this person, who would not give me (Alexander) his name to check on Mr. Tipton and the whole inspection crew. That all of them are getting kick-backs of as much as \$1,000.

This report made to Mayor Allen by Mr. Alexander, and Mayor Allen said he would have Mr. Jim Henderson contact Mr. Alexander personally to go into this.
