*Very good*

Dear Herbert,

*must have*

I am sure Ivan ~~has~~ already seen the attached, but I wasn't sure you had. I have never been as proud of anybody as I was of not only his stand but the way he handled the whole situation. If I wore a hat, I certainly would take it off!! I know that you, too, are proud. It was a fine day for somebody from the South to stand up and be counted and I am glad that it was Ivan.

Sincerely,

*Helen B.*
