Listen, why the hell don't you stop trying  
to reason with Black Rats, Kapers and  
Muggers. Give you a love - pop for  
the health of enforced integration. It  
like placating neurotics. They will turn  
& rending your chains of yesterday  
will have but a faint echo. Strong these  
nolens cocktail throwing negroes upon  
meat hooks, Disenfranchisement, Amendment  
Substitution as the basis of decent life.
