

Mayer Allen; why dont you announce on a write-in vote the candidacy for Weltners place in Congress, even tho Weltner felt that he would lose and to save face withdrew, - however I dont think he would have lost since his discript is principally the black power area of Atlanta, - and since Ellis polled 92% of this vote, I for one feel that you would easily poll 100%, Plus. surely you should, - thus you would get it in a walk, and many people would vote for you that would not other wise- I feel, to get you out of the Mayers office now this would be your wonderfull chance to go to Washington and you could then further your movements against all the people, not just the Atlanta folks who are a small majority of the entire colored dominated Nation now. Why Weltner withdrew will be quite a jolt to his followers, he now cant persue the Kiah he seemd so afraid of, nor can he push the DIS arming of white people. The riots also helped show people what they NEED here
