

IVAN:

Sid Avery just called and said that it is his understanding that Foster Eugene Bennett has sold his property at 483 Fielding Lane, S. W. (in Peyton Forrest) to Dr. Clinton Warner, a Negro (who presently lives at 2491 Dale Creek Drive, N. W.) That there have been quite a few threatening calls to Bennett who is moving to a house he owns on ~~Clax~~ Columbia Drive in Decatur.

Sid Avery said he is going to call Capt. Little and alert him of the impending dangers because of this. . .and Avery is requesting that you "take immediate action to see that Dr. Warner" does not move in" because there will be trouble.

I told ~~FORX~~ Mr. Avery that any instructions to Capt. Little should come from the Chief or the Mayor, and that I would appreciate him not telling Little to take any action. He said he would not, but merely "alert" Little.
