Mr. Dan Sweat, Assistant to the Mayor
City Hall
Atlanta, Georgia 30303

Dear Mr. Sweat,

I have been advised by Dr. Carl J. Tschappat of Georgia State University that perhaps you would be able to aid me in the compiling of a survey as described in the enclosed letter. Dr. Tschappat told me that you are involved with Model Cities in Atlanta and that perhaps you would have some ready information on the subject I am interested in.

I am particularly interested in attitude surveys. Although we are, specifically, interested in citizens' attitudes and values regarding their communities any related subject survey would serve our purposes at the moment.

Any assistance which you would be able to give would be very much appreciated.

Very truly yours,

Joanne D. Whelden (Miss),
