MEMORANDUM

TO: Mrs. Ann Moses
FROM: Johnny H. Robinson
SUBJECT: Mrs. Mary Porter

Mrs. Porter case is being referred to Wash-Washington EOA Center for social services.

After carefully reviewing the case, I feel that more is involved than just having to move out of the Housing Project. She pointed out to me that her husband was an alcoholic, and this indicates that a great amount of his income is going to support his personal habits. So therefore, I think they need services to straighten this matter out first, before they proceed with relocation, because if they don't they will probably end up in the same predicament.
