Dear Mr. Mayor
Atlanta Ga
Dear Sir

I saw you talk on T.V. to
the marchers. (It was a wonderful talk
I really I think I could not ever talk
to them. You cant through such
jungle type people as these. They are
being used, being. but what I
cant understand - why all these
people cant or dont be tried &
sent directly to the pentagon sent
for to be 18 yrs. at once. & why do
the white people are made to believe
& protect the niggers why call out
the militaries to protect them & the police
are ordered to protect the niggers - as
we to be governed by such looting
& destroying property. I think the
police should be armed with
machine guns & shoot to stop
this condition & shoot to kill any

one that will stop this foolish
 thing. our country is being run
 as fast as it can. I suggest
 every (I fear contact this) Governor, Mayor
 & alderman, the entire South & fall
 Mr. McAllister. He is such a great
 man. I try for him to be our next
 President. I'm for the Connecticut not
 W. or R. but either will go by our
 fathers' Constitutional God. I stop
 all sides. I get us out of this
 ungodly W.H. & the W.H. out of
 the West, why has our Congress
 abdicated this power. I say we
 should not all Congress see they would
 go back to C. again if they won't vote
 to save this country. I believe in free
 enterprise Capitalism - thanks for
 reading this. Sincerely

I think I better not put my
 name. Personally so please. Keep
 up your dignity. I see this country
