

Mayor Martin Luther Allen

I am glad to see the people of Georgia regain some of their senses. It's about time because the Mc Gill, Allen type of integrating books would have ruined Georgia in a few more years.

Your philosophy is ignorant and unworthy of Georgia history not Mr. Maddox's. It is you who needs educating not Mr. Maddox. It is you who should be voted out of public office, not Mr. Maddox.

You are nothing but Martin Luther King turned inside out.
