

Rome Ga

Aug 1 43

Mayor Owen Allen, Jr.
I am enclosing some paper
clippings you should read they
will tell you what the people
of Ga think of you and that I
have not words to tell you.
But I will say your appear-
-ance of the Communist led
N.A.A.P.P. is a disgrace to
our state, you were put in
by the negroes, just as old
Hartfield was no wonder his
wife quit him. If you have
a wife she may also quit you
I would if I was she. If I
could not be elected by decent
white people I would not
think I deserve the office
you like, the Pres and Atty
Gen are helping Russia
make a soviet America.
The negro who spoke in
Atlanta Ga recently said
the agitations would continue
until the white people could

pass the acid test of racial inter-
marriage. This has been their
objective and they are just now
revealing it, your appearance
will not bring peace unless
they achieve their goal so far
no Georgians out side of
Atlanta has taken no part in
who will be mayor but it
is our state Capital and
we intend to see that no other
mayor is elected by the
negro block vote some of these
poor negroes do not know that
the Russians are using
them as their first line of
offense to taking over our
country neither do the Komrads
and do they? J. F. K. sneaked off
alone just a few days after
he was sworn in. Neither
he or Bob have kept their
oath to uphold our Constitu-
tion in fact they are trying
to destroy it and you endorse
their dictatorial civil rights
bill what does that make you
Mrs W. L. Smith, Rome, Ga.
