Dear Mr. Martin:

Effective May 26, 1969, the Land and Water Division handling the Grant-in-Aid program has been transferred to the State Planning Bureau with H. Oliver Welch as the State Liaison Officer.

Please continue to forward all correspondence to Jim Prevatte, Coordinator, Land and Water Division, to the above address.

This change will in no way hinder the operation of the Land and Water Division, but rather will expedite handling of many problems that may arise in the future.

Join with me in wishing for a better recreation program in the State of Georgia.

Yours very truly,

H. Oliver Welch
Liaison Officer
