MEMORANDUM TO: Mr. Allen

FROM: Ann

Bill Floyd called this morning and wanted ~~t#~~/ you to know the current situation with Gene Bennett in the Peyton Forrest area. Bill says that a group of men in that general vicinity have made a firm offer to Bennett of \$45,000. for the lots. Bill intimated that he is one of the citizens putting up this money. This offer was made last night and of course they are extremely anxious for Cecil Turner to encourage Bennett to accept this offer. They have made no offer on the house which I understand he has a contract for \$65,000. from the Negro doctor.
