To The Honorable Mayor Ivan Allen;  
and all others of this great State  
that has some thing to do with  
all the laws and the making of the  
tax I know taxes was increased  
this year, and its a down right  
shame on the negroes and the  
poor whites that try to keep a  
home for them selves, and their  
children seems like a better way  
could be made without going  
up on property tax its really  
heart breaking. I've lived in a  
house since 46 and left with a  
heavy mortgage on it and I have  
been scruffling like mad to keep  
up my pay ments then like a  
boom my taxes came \$98.75 I  
almost had a heart failure  
never has had such a tax and  
my home is near 40 yrs. old
