Dear Ann:

Regarding the proposed contribution of \$500.00 on behalf of the B'nai B'rith Girls, the zoo thought the money was forthcoming and we went ahead and purchased a one year old chimpanzee. No harm has been done in that at the time the funds are actually donated we will simply replace the money in the animal account. The baby chimp is really a darling, wears diapers, etc.

We appreciate you suggesting the purchase of an animal for their charitable cause and I am

Cordially,

Jack C. Delius
