Dear Cecil:  
your highlights of  
Atlanta's problems and  
opportunities and obligations  
was one of the most  
exciting presentations that  
I have ever heard in  
more than 20 years of  
membership in the  
Inquiry Club.

You combined sound,  
hard to get, facts with  
imagination, idealism, and  
possible practical solutions  
in a rare way.

Congratulations and  
my good wish.

Sincerely,  
John
