Mayor Ivan Allen
Atlanta, Ga.

Dear Sir:

I would like to pay a
compliment to you and your
entire police department, both
city + state for the manner
in which you have coped
with the racial riots. I take
my hat off to you and the
police of Atlanta for not allow-
ing these law-breakers, to
have you covered as they
have in so many other cities
and after the so-called march
on Sunday - Sept - 4th I don't

think I need mention any particular city or state by name.

In a recent letter I wrote to a mayor of another city I asked, where is the Backbone of America, well, when I opened my morning paper today my question was answered in Bold Type Atlanta Officers on Guard in Negro Riot in Atlanta

I for one am very proud of you and your officers, for standing firm for what is right without any fear or thought as to whether it would cut off national governmental

aid to your city or state
by bucking the forces.

Thank God for you
and your men, you are
still Red Blooded Americans
of which we can be
proud proud proud.

Thank you sincerely,

Very truly
