

Oct 1st 1966.

The Honorable Mayor Ivan Allen  
City of Atlanta,

Your tongue looking <sup>to</sup> of one  
of your Democratic Citizens, was  
viewed on television, in my thinking  
you scared your dignity and respect of  
many people of the great City of Atlanta

You are attempting to speak  
out against one who has no political  
back ground ignorant, how do you  
feel you can judge this man Lester  
Mobby, to hear you speak one must  
think you made the great State  
of Georgia and the City of Atlanta, you  
were able to raise 18 million for the  
beautiful Stadium, yet no pay raise  
to our fireman, and help them raise their  
standard of living. (over)

Would it not be wonderful if  
you could find a prescription to  
cure you bad case of vertebra  
diarrhea

Once Clark of Chemist or also spoke  
and the editorial Key the Mayor of the  
Streets, there is a competent Chief of  
Police, so why not take care of the  
duties of your office, or just go  
fishing
