

COME TO RAPID TRANSIT PUBLIC HEARING

All residents on the West Side of Atlanta are invited to attend public hearings on the proposed rapid transit lines. The map below shows the proposed location of the rapid transit stations and routes. The rapid transit system would use high-speed trains, which would run as fast as 75 miles per hour and would average more than 40 miles per hour.

Representatives of the Metropolitan Atlanta Rapid Transit Authority will discuss routes and locations of all stations. There will be a detailed discussion of the West Line, and how it will affect this area. They will show aerial photos, maps, and slides to show how the rapid transit system will look and where it will go.

People who live in the area from Westlake Avenue to Lynhurst Drive and beyond should try to come to the hearing which will be held

WEDNESDAY, MAY 22, 1968 at 8:00 P.M.
at the
AME ZION CHURCH, 38 HIGHTOWER RD., N.W.
