Mayor Ivan Allen,
Atlanta,
Georgia.

Dear Sir:

This is not any condolence -- you got what you had coming to you as mayor of the city that was "too busy to hate", implying thereby that every city that opposed the rioting burr-tops and their counterparts among the whites - the beatniks and filthy trash really lower than the niggers they hobnob with, - were spewing hate on the uncivilized black and white trash.

You took a different stand when the niggers knocked you to your knees. you learned at first hand just how brutal and uncivilized the burr-tops are. Too bad Ralph McGill, that un-American lout, was not on top of the car with you - he should have been because that is where he belongs, with you - that he too could have been knocked to his knees by niggers that he seems to love so much - so much that it seems he would welcome the complete mongrelization of this nation. Quite an American - he is! Quite an American you seemed to be until the niggers let you know what they are really like, and gave you a taste of what they have been doing in other parts of the country.

The nigger - no matter how educated he claims to be - if he belongs to Martin Luther King's gang, or any of the other communist-inspired gangs - would revert to savagery of the worst kind, and carnabilmism were he not held in tow by decent Americans; and be assured the bleeding hearts for the burr-tops and those who have claimed their city is "too busy to hate" do not belong in the category of decent Americans. Those who encourage rioting and all of the filthy immoral conduct of the nigger - raping, killing, looting, burning, etc. etc. - by playing up to the nigger are not good Americans - they are condoning and in fact encouraging the destruction of this country by the white and black trash that should be in the front lines in Vietnam, and soon in Thailand, where our decent young men are being killed, maimed and taken prisoner, while the trash is being protected by the bleeding hearts and hypocrites until they probably have some sense and patriotism knocked into their heads by being knocked to their knees as you were.

The MauMaus in Africa are no more savage and uncivilized than the rampaging niggers and white trash in this country.

Yours truly,

Mrs. John W. Red
