Dear Mr. Mayor,

There are two classes of people which I have always tried to help, of which are the poor and the idiots. Since you don't come under the first class I am not sending you any money. ~~But I do feel that you still need help,~~ so I am sending you some paper that you can use to wipe your mouth or your . . . It doesn't matter which one you wipe because your body want know the difference.

L. G. Wallace
