Mr. Ivan Allen,

as mayor of Georgia's Capital City
I was greatly shocked at your
Statement on T. V. Thursday Night
Regarding the Governors Race,

Ellis as well displayed his
Sportsmanship like any gentleman
would do to his opponent.

In my judgement not by any
means I would say the people
that voted for Lester Maddox
are ignorant.

The Race was won Squarely and
Decisively and I believe in
Majority Rule

I would not say the statement
you made was just plain
stupid, but I will say
it was a gross error.
The Democrats will have
to go (like it or not)
one of three things

Go mad

Go TB

Go or
Go fishing
