

Haverhill, Ma.

Mayor Allen:

Sir:
Your statement favoring the public accommodations and other "civil wrongs" bill before the senate committee was as expected, however, your sentiment does not reflect the true white sentiment and a vote on this in your city or Fulton County would amply prove this. Your anti white sentiment is protested.

I have pledged on behalf of myself and family not to patronize any of your establishments practicing integration

Yours truly
Frank P. Mazurs
