

Dear Mayor Allen:

I shall be an<sup>y</sup>onamous for obvious reasons . We want  
to  
you know that ninety nine percent of intelligent  
Negroes have no truck with the likes of Stokely  
Carmichael in his paid for foolisms. We believe he  
is being paid to bringing on tenseness in this  
country to slow down the Civil Rights revolution.  
Firstly, he ~~gx~~ went into Mississippi squalling  
"black power" and now he continues to add fuel to  
stir ill will while he lives high on the hog  
selling his race down the river. We know not whether  
he is being paid heavily by some inviduals or some  
organization to continue these growing foolisms.  
Please continue to believe in the intelligent  
leadership of a Martin Luther King and others <sup>and</sup> ~~anot~~  
this unwelcome insincere man of little if any brains:  
He is a big fool if being paid or a bigger one, if  
not. We deplore such a <sup>fanatic</sup> ~~fanatic~~. A citizen.
