Dear Ivan:

The attached photo copies show what appeared in the Boston Herald in regard to the Atlanta riots. Also our local Holyoke Transcript carried a nice article which named you as a National director in Holyoke.

You did a magnificent job for the city and the cause of keeping law and order under the most hectic circumstances. Your daring and judicious handling in the emergency will long be remembered.

I speak not only for myself but for others here at National who are impressed and proud by what you did.

Sincerely,

Richard P. Towne, Sr.
