Dear Mayor! - I saw the Huntley - Brinkley
TV news program tonight and I must
give you much credit for trying to
do a big job among the black population
down there.

I myself once was on their
side as far as more civil rights were
concerned, but after viewing how
they operate lately in our cities and
their sheer disregard for law, I am
no longer convinced they need more
freedom. Their actions dictate they
should still be in Africa.

Again I congratulate you and
your police force for doing a good job.
I feel sorry for some of the police
who were hurt. I now feel that enforcing
the law to the fullest is the only
way to handle them.

Sincerely Yours,

Joseph P. Mihalik
