Atlanta, Georgia

Dear Sir:

Last night, we thought we were having a fire in our building when our alarm box sounded. As it turned out, this was a false alarm.

We would like to express our appreciation to the firemen of Station 29 who responded to our call in such a quick and courteous manner.

We were all quite alarmed at the time and thankful to learn there was no fire.

We appreciate your good service.

Sincerely,

Residents of 430 Lindbergh Drive N. E.
