

From: Q. H. SCHOENBERGER

Sept. 9, 1966 SIRS: Please put me on record
as supporting your action of your City, against Carmichael.
This giving these dissidents and communists, troops and
permits, to march and harass as was done in Cicero is taboo.
They have the equal rights to not have squalor, to build
communities of their own and buy lands therefor and obtain
loans, and to study books and to earn, and evidently they
are smart enough to try to circumvent the laws and to get
Governors and Cities to oblige them but, when given an inch
take a mile, so it isx time that somewhere there are not
~~politicians so eager to get their votes as to betray~~
~~our Society...~~ CONGRATULATIONS ON HAVING PRINCIPLES AND
~~hold the line.~~ Don't let them run Atlanta or USA. Let them
comply with laws as we all must do. Respectfully,

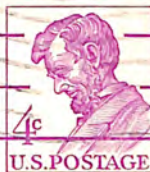

(Address over)
