HON. IVAN ALLEN, JR.,
Mayor of Atlanta, Ga.

Dear Mayor:—

This writer has just returned from a six-months
call-to-duty in Europe.
While there I discussed our Negro problem with
hundreds of U.S. Citizens and our Army Personnel
and all agreed that the Negro is making
unreasonable demands and his rioting has
got to be stopped!

We are all for a GET TOUGH Policy!

POLICE BRUTALITY — Enough!

Our police should be encouraged, and not
reprimanded, punished or handicapped in
performing their duties!

I feel certain from what I have read of
your personal brave performance in handling
your local difficulties that your own police
force are being dispatched to their dangerous
assignments feeling secure that their Mayor,
Chief of Police and superior officers stand
firmly behind them at all times.

Patriotically yours,
Army Lieut. H. T. Berry.

Dean Mayor

"I feel ^{you} should take steps like these steps when San Francisco had an earthquake the Mayor order shoot to kill and body caught looting, now this is what happens many times thru out the W & A Boys get shot in the ^{back} running from a crime and they died you talk to the cops who shot him he says he was trying to shoot him in the legs now why should cripple a frightened boy afraid to get caught by the police possible if he gets away that fight he got will stop from committing any more crime

But these Punks who are encourage by older crooks to throw fire at you or throw in a building, or window of a car people riding in that is the same as people shooting at you arson is next to murder

If these things occur if I was Mayor
or chief of police I order the men out shoot
to kill I mean what I say it reminds of
the war with the Indians how they burned
the whites do you think you should play
cat and mouse with these tactics this is
putting the white race back to war with
the dark ages

now the color say they are 20,000,000 people,
I know that possible more but they have
6 woman to 1 man where do you think of
a fight state where would the women be hiding
in the with all these children what percentage
do you think they could get up in man power
all they are doing is trying scare the white
Race and try to take over

one old negro he died since lived to 78 years old
he said by 1980 the Colored Race will out populate
the white and kill them off like flies he was
drinking some or be he wouldnt make the
statement

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page.]

That Foreman can be arrested for loitering or else if he is a criminal hasn't got his cards with him under some act you have these leaders are the ones to put in jail and keep them there some where in a hole -

just send out the word what you intend to do and I ~~you~~ assume that the older negro of the country will step those shunks who agitate the young ones

That nigger who threatened the City with more to come should be arrested for the threat and charge him with threatened the people of the city Take tuff steps step up and let them know what you mean dont scare for your job if it is left undone then better quite the job you have

Dear Mr Mayor.

Greetings, I have written your Governor
Several times. Now I wish to write you,
and to express my humble thanks for men
like you and your staff, who has determined
to stand true even in the face of
such beasts as Martin Luther King,
Carmichael, and all these other No Good
Spiritual Bastards who's final remaining
will lodge in the Satombees pit of
Hell, along with Johnson, Humphrey, and
all the rest of that wicked trash in
Washington. The majority of the people
over here are all the way behind you,
may God bless you in the face of
this wicked Johnson Administration. I never
thought I would ever live to see a President
turn against his own race. If I can
help, call me, collect, respectfully

The Mayor of Atlanta
Atlanta Georgia.

Dear sir:

Looking into your present confused order of affairs city wise that is, the thought comes to the minds of countless tax payers of just "WHY" has it become a must that those who have worked hard in honorable engagement are supposed to pay tribute to a dissolute, worthless indigent race of never do wells and supply them with luxuries these same hard working people have never enjoyed- I am speaking unequivocally about the plain low down Nigger.

The man Johnson has gone so far as to show himself on the dance floor holding close to his manly Texas' sized breast a Negress who afterwards said, "he had dreamy eyes"-this same man had to do with 87 votes down South Texas way not so long ago-sure Coke Stevenson was defeated and old Moose Jaw FDR sent in (as usual) Federal gun slingers and ushered his man Johnson into the senate- but we did not like it and we still don't-we don't like another Texas flop named Eisenhower-it seems Texas is glutting the deal with infamy to the lowest degree- - .

We are going to have serious trouble in Texas with the Nigger- what they are NOW doing and what they have planned is NOT going to suit Texans as a whole, and when things reach that stage the roaring Texans don't seem to mind what LBJ or Lady Boid or the stupid low life Earl Warren might have to say-or even the mental dwarf Bobby Kennedy or any of the offsprings-they just settle it Texas fashion and maybe there are many Alamos' along with Anahuacs to be met.

Those who ream the streets hurling bricks into plate glass windows and "taking" whatever seen should not be surprised to face worse than police brutality-the roar of a 10 gauge shot gun is a splendid deterrent to untrained youth-it is a permanent deal.

How much the Federal people are paying the Nigger whores who are having bastard kids faster than you can count, no one knows but the number goes up each night of contact-isn't this a lovely thought of how low a government can drop-The Great Society-

The Civil Rights thing was designed to do just what it is doing- certainly it is unworkable and by all standards it is UNCONSTITUTIONAL-just like everything else LBJ has done-still people will vote for him-the South DID-so how do you figure that ?

I am ONE man that did NOT vote for him and if he were the last animal on earth I still would NOT vote or even speak to him.

Yours truly

Homer T. Chappelle

The Honorable
Ivan Allen
Mayor, Atlanta, Ga.

Dear Sir:

We read with interest the newspaper accounts of the racial disturbances in your city. Somehow or other I cant feel sorry for you personally. After your wining and dining of Dr. King when he won a Nobel Peace Prize. (This prize was certainly the greatest mistake the committee could have made; as he certainly was the most undeserving individual to be awarded same) You have pushed integration in this once Southern city to the point of no return.

You should know the Negro better than that. The old cliché about giving a Negro an inch and he will take a mile, has proved true up there, hasn't it? What "liberal" Atlanta needs is less integration and more "apartheid". Looks like the chickens have come home to roost, I'd say.

Sincerely,

Mayor Ivan Allen Jr.,

Dear Sir: How unrealistic can this country be? I warned the officials years ago - that niggers will always be niggers, and naturally have no love for white people. They even blame the whites, because they are black.

There is only one realistic solution to the Negro problem - Africa.

The sooner the United States starts making a homeland for them in Africa - the sooner we will have peace. Martin Luther King is the real cause of all the Negro riots etc. Put him in custody, and you'll calm down the Negroes. Louis Berger

Honorable Ivan Allen, Jr.,

Dear Mayor:

I am glad to note that the law has at long last cracked down on one of the Communist dominated Black Power, birds namely Stokeley Carmichael, there is more yet to crack down on, and the sooner it is done the better American Society will be.

I congratulate you upon the stand you have taken in getting the recent riot quelled in your model City. We, and all of the American people knows where the blame lies in our Nation wide race demonstrations (the Administration in Washington, including the Justice Department)

Demonstrations could be stopped almost over night if the Justice Department in Washington, would issue an order that no further protection would be given to Demonstration activities, by the FBI Agents, and then the Governor's of States issue the same order that their State Police, and National Guard would not render to any type of Demonstrators protection, and the Sheriff's Department of Counties, and the City Official's follow with such order like wise, then the demonstrations would immediately cease, Martin Luther King and his gang of thug leaders would not dare stage a demonstration. But just as long as the U.S. Justice Dept., and our State, County and City Governments guard and uphold such demonstrations, (at the Costs of Million of Dollars) then that is just how long the demonstrations will go on.

I have recently been in the States of Michigan, Ohio, West Virginis, Kentucky Virginia, Alabama, North, and South Carolina, Pennsylvania, Tennessee and your own State of Georgia, and I find that the American people are getting sick and tired of Demonstrations, and they are hoping for an end to such law violations, I am frank to say I think that deep down at heart about 70% of the Negro race feels likewise; You take Martin Luther King running from State to State hiding under the cloak of Christian nonviolence leadership, such is farr from the truth, he always shows up just after a masacre of violence, Arson, looting and destruction of private property, he says to make an investigation into the matter, and the very next day he comes up on TV and charges Police Brurality, such is farr from the truth and he well knows it, and the American people ought to know it, if they dont they are very dumb indeed. Martin Luther King should be deported from the United States, maybe he could go to Africa maybe they could indure him.

Mr. Mayor you know there is a gang of thugs on some bodys payroll, running from State to State stiring up these demonstrations, some in the guise of Priests, Ministers, Actors, I brand them all just plain low down thugs and racketeers, neither cares one thing about God, they dont even know or care where there is even a God or not, all they care about is to raise H--- and encourage a weak minded race and people to follow their suit, for America to uphold such is a disgrace indeed.

Norfolk, Va.
Sept. 9, 1966

The Honorable Mayor Ivan Allen Jr.,
Atlanta, Georgia

Dear Sir:

Just want to offer my sympathy to you and say that I admire you very much for your stand on the Riot which you so cruelly had to endure the other day. You were very brave and courageous. The next time get out machine guns, that is the only thing that will settle those black savages down. They have that savage blood in their veins and will never be rid of it, so they will have to be treated as savages in order to protect the white man. They are out to mongrelize and destroy the white man, and that is what they are well on the way to accomplishment if something or some one doesn't start something drastic.

A maniac like Stokely Carmichael hasn't got any business being allowed to run around free on this earth endangering the people in your city or any other. Something should be done about him, and Martin Luther King, the Black Savages.

Keep up your attitude and fortitude against these fiends. You were too fair and good to them at first and see what they did to you for it.

I pray that God will help you and take your side in this struggle. We are looking for something similar to happen here also.

My best regard to you and the good police men in your city, they need protection and I hope will defend themselves in spite of the consequences.

Sincerely yours

Carolyn Beard

The Lessons of Chicago

If Senator Everett Dirksen has any doubt about the urgent need for a Federal fair housing law, he has only to visit his home state of Illinois. Chicago and its suburbs have been the scene of marches and countermarches by Negroes and whites on the housing issue. After Negro demonstrations brought an agreement to promote open occupancy in housing, white landlords picketed in protest. With another march scheduled for Cicero today, fresh explosions of community bitterness on both sides are feared.

What is happening in and around Chicago could occur in any metropolitan area in the country. In Dayton, Ohio, there has been rioting which only the National Guard could quell and which arose from the endemic unrest in that city's Negro ghetto. Tightly segregated neighborhoods are not guarantors of peace; on the contrary, they breed conflict. The fact is that racial discrimination in housing is as fundamental an injustice as Jim Crow public facilities or barriers to voting. The nation has long evaded this hard problem; many people would prefer to keep on evading it, but events make it plain that evasion is no longer possible. Nor should it be.

The question before Senator Dirksen and his Republican colleagues—who will determine the fate of the open-housing section of the civil rights bill which the Senate begins considering Tuesday—is not whether to take up the housing issue at this time. The demonstrations in the streets have already placed it on the nation's agenda. The real question is whether it is going to be settled lawfully and responsibly in the halls of Congress or irregularly and perhaps violently in the streets by rival displays of pressure and intimidation.

A comprehensive statute placing the legal authority and moral sanction of the Federal Government behind the principle of open occupancy is essential. As matters now stand, many landlords and real estate agents in Chicago and elsewhere are still asserting the "right"—morally indefensible though it is—to discriminate against Negroes in the sale or rental of property.

In this respect, the housing question is back on the level where the school desegregation issue was a decade ago when Southern states were still proclaiming the illusory doctrine of "massive resistance." But in housing as in education, the question to be asked is not if or when but only how is desegregation to be accomplished.

Senator Dirksen, refusing to be drawn into the practical implications of his negative stand, has repeatedly asserted constitutional scruples. Yet, he raised no constitutional objections when the Senate recently approved a bill to enable the Federal National Mortgage Association, a mixed Government-private corporation, to buy more than \$4 billion worth of housing mortgages. Many of these mortgages are on houses in the very suburbs which Negroes are trying to enter.

The willingness of Chicago real estate brokers to break their industry's solid front against open occupancy was crucial in making possible the agreement in Chicago. Other such shifts are sure to come. But Senator Dirksen and his fellow lawmakers have it within their power to give this inevitable development their constructive support and thus make it easier and more orderly. That is the path of sound conservatism.

MR. AND MRS AMERICA "WAKE UP."

Life, Liberty and Pursuit of Happiness, is taken for granted, as a guarantee.

From what or who, on earth, upholds such a guarantee?

What effects are documents, written or printed on parchment paper or otherwise?

Documents represent people involved. The cause and meaning, being legal, is upheld by the law and the involved.

Documents referred, here in, are the Declaration of Independence and the Constitution of the United States.

To guarantee Life, Liberty and Pursuit of Happiness, according to the mentioned documents. The guarantee depends upon you. Mr. and Mrs America, the involved. It must be enforced through action, of each individual, together united.

Would you, Mr. and Mrs America. Sell these documents of the Declaration of Independence and the Constitution of the United States, out of existence? Sell the cause and meaning, of Life, Liberty and Pursuit of Happiness?

Deem. Through out these United States. Mr. and Mrs America. These documents are being sold out.

Strange, but true. These documents of the Declaration of Independence and the Constitution of the United States, are you. You are the involved, proving your actions, in regards. Sell or not sell.

Mr. and Mrs America of each Sovereign State of the United States. What good is silver and gold, or printing press Federal Reserve Notes, without Life, Liberty and Pursuit of Happiness?

"Take notice!" Mr. and Mrs America. "Beware!"

Would be sad to awaken and find you have sold your Constitutional Democratic Republican Form of Government. The Liberty to Pursue Happiness. Forced to give up your beloved silver and gold, your printing press Federal Reserve Notes.

Time has come. "Awaken!"

What is the meaning of Federal Money Programs?

Mr. and Mrs America of the Sovereign States. Why be like a black crow?

Do not let the glitter of silver and gold attract your attention, from the set trap?

Do not let printing press Federal Reserve Notes, fool trap you?

Reports from the Treasury and Congress. Silver and Gold. We have none.

(Europe has it.)

But! Paper. Oh! So plentiful. Print! Print! Nothing of value to support the Federal Reserve Notes. Just paper.

What are the Federal Money Programs doing?

Buying all of us, Mr. and Mrs America. Buying all of us, with our own money. Tax money! Buying our Liberty and Pursuit of Happiness, from us.

When we awaken, too late to realize. Then there are objections. There will be no Life.

Oh! Yes! The farmer, the big banking interest, the Federal Reserve Board, the exporter and others have been bought or buying.

The riotous negroes and other riotous organizations have been bought, to harass and agitate peaceable law abiding citizens, in areas of large cities, from State to State.

School Districts, Junior College Districts and Universities have been bought.

Cities, Counties and States are being bought, at the seats of Government.

Selling the citizens there of, which jeopardizes self government.

Where is your right to vote, on issues involving you? Mr. and Mrs America. Where is your right to self governing, as provided within the Constitution of the United States?

Mr. and Mrs America. Demand that the guarantees of Life, Liberty and Pursuit of Happiness, be enforced. Demand through actions of voice and vote.

Boisterous, riotous destructive demonstrations are imported. Un-American!

Clean up the political parties, from precinct to the seat of State Government and to the seat of National Government, at Washington, D. C.

Keep the guarantees in force? Root out the evil doers?

Mayor Ivan Allen, Jr.
City Hall
Atlanta, Georgia

Dear Mr. Allen,

At long last, we have a Mayor of a principle city who has chosen to stand up to the onslaught of a militant negro leader.

New Yorkers have heard this evil rabble-rouser, Stokely Carmichael, on the radio many times, spilling his communist oriented diatribe on "black power." It would appear that wherever he has operated in his instigation of riots, he has been above the law - until now.

Of all the costly negro riots in northern cities to date, not one perpetrator of these riots has been justly punished for breaking the law. They all have gone 'Scott free' up here because the negro vote is in the hands of certain nefarious negro politicians to whom white politicians have bent their knee.

The 'civil rights' of white people have been quite forgotten in this mad rush to give the negro everything he demands. The crime incidence in this city has risen to outrageous figures and the coddling of negro criminals whom the police arrest at the possible cost of their own jobs is now a national disgrace. Our Courts turn these muggers, burglars, hold-up men, arsonists, et cetera, loose to prey again on the whites as fast as the police apprehend them.

In the beginning, many good people extended their sympathy and help to the betterment of the negro but now that these Civil Rights bills have allowed negroes to riot at will, burn other people's property, loot stores, murder and cause millions of dollars damage and then be held up justifiably by politicians who covet the vote, the white people are not going to stand for it.

The tremendous costs to tax payers of trying to satisfy the negro demands has become a reality we cannot afford and unless the law is recognized AND APPLIED to these rabble-rousing negro leaders, the white population can be overcome, politically. Untold numbers of decent, lawabiding people have great admiration for your singular courage to have this Carmichael apprehended and charged. We can now hope that the law against causing riots in Atlanta will be carried out. If it is, it will be the first time a Mayor of a leading city has had the courage to stand up to the evilness of negro power. It could also lend strength and backbone to other Mayors who have sold out to the threatening negro leaders and who have been frightened by the "black power" theory. In admiration,

Yours sincerely,

Wm. C. Coogan

Honorable Ivan Allen, Jr.
Mayor of Atlanta
City Hall
Atlanta, Georgia

Dear Mayor Allen:

TIME Magazine of September 9, 1966 reports that General Electric has created a new division for the purpose of "creating new cities from the sidewalks up." Where the G. E. concept consists of purchasing a large amount of acreage (a rather difficult task) near our manufacturing centers, I have presented to them my concept (see enclosed paper "Housing for Minority Groups") which suggests use of land within urban areas, and G. E. has expressed interest in my concept. *

My concept begins by creating much-needed new "ghettos" which, in addition to providing new, decent housing, will also provide work, thus removing the negroes' reason for marching and creating unrest. This concept is adaptable to any city. Where today the land adjacent to a ghetto has a poor market value, in the future it would become very valuable, because it would become a manufacturing area. If you are favorably impressed with this concept, it would lend weight toward consideration of my idea by G. E.

Los Angeles Channel (KTTV) on September 24 will tape a program featuring an interview and my drawings. If an Atlanta TV station were to ask Channel 11 for a tape of the show, I am sure KTTV would be pleased to provide it.

If the same Atlanta TV station were willing for me to appear on TV, I would be glad to tell of my experiences as a member of a minority group (Italian). I landed in New York with 25¢ in my pocket, not knowing either the language or anyone. I could tell how I lived and starved, but never once asked for a handout. How many times I envied negroes that could get jobs as train porters (I wanted to see America) while I could not. I would like to tell of the many advantages that the U. S. negro has over the new white immigrant - yet no whites march and yell "We want power!"

Power has to be EARNED. Only dictators grab power--and the U. S. is no land for dictators.

Yours sincerely,

Guy Bossini deVall

GBdV:m

*As background material for the paper on minority housing, I enclose copy of paper on road building which I trust you will find of interest.

Encls.

P.S. If you are willing, and would have the time, to appear on TV in Los Angeles, please let me know. I am sure your comments would be of interest to Angelenos.

HOUSING FOR MINORITY GROUPS

\$200 MILLIONS FOR WATTS--

FOR WHAT?

ANOTHER AND BETTER GHETTO???

The Los Angeles City Council has unanimously approved a plan for the development and rehabilitation of the Watts community and a 19-square mile section of Southeast Los Angeles.

According to the Los Angeles Times, "The aim of the plan, which provides a framework for the furtherance of specific projects in the area, is to bring about a rapid economic and 'visual rehabilitation' of the city's master plan."

The plan calls for:

1. A three-eighths-of-a-mile pedestrian MALL along 103rd Street between Compton and Wilmington Avenue.
2. The east side of the MALL to be occupied by a 21-acre shopping center and the west portion by a medical, dental, and professional center.

The plan includes:

1. A new County Hospital.
2. Garden-type residential Housing.
3. Parks.
4. Recreation Center.
5. Enlargement of existing Public Schools.
6. A new Civic Center.

What is wrong with the PLAN?

EACH SERVICE IS ENTIRELY SEPARATE FROM THE OTHER:

The separate GARDEN-TYPE residential Housing will presumably be safe from being BURNED UP; but can the same be said of ALL OTHER facilities?

The least discontent - the least True or False accusation against a shopkeeper in the MALL or Shopping Center - may spark the cry "BURN, BABY, BURN!!"

In order to prevent disgruntled inhabitants of the area from:

Setting fires,
Looting stores and breaking windows of the same,
Dumping garbage into the streets,
Throwing Molotov cocktails from rooftops, and
Creating other disturbances,

it is of vital importance that all facilities (with the exception of the parks) be integrated into the same "structure", as previously described, in order to prevent fires and riots.

The structural design requires a complete departure from all conventional concepts of the past.

To put it in a NUTSHELL: ALL of today's existing buildings must be considered 100% obsolete.

An entirely new departure will provide not only better housing, but also better services at less cost.

By "better services" it is not meant better services of one structure but of the entire community.

Paramount among these is to obtain more efficient police and fire systems with fewer men, thus saving a good deal of money to the taxpayers.

Today's system of garbage collection is dependent upon large trucks which slow traffic in the streets.

In the new concept these trucks would be ELIMINATED, thus effecting a considerable economy.

Where the housewife today places the garbage in a garbage can, in the future she will dump the garbage into a chute (located in the kitchen) leading into a main directly underneath her habitat.

The complex, which would include housing, schools, movie theaters, restaurants, and coffee shops, would routinely be inspected by the Health Department.

Any serious sanitation offense would not only close the restaurants but also any apartment that does not maintain proper sanitary conditions.

The Sanitation Inspector would be accompanied on his visit by a man (or woman) of the Narcotics Squad.

Tenants with criminal records, while they will not be excluded from residence, will be kept under strict observation.

The DeVall concept will enable the police, for the first time, to police the interior of buildings NOT on foot but on MOTORCYCLES or in AUTOMOBILES. As the police efficiency increases, the number of policemen can be reduced, thus saving the city treasury millions of dollars.

The novel design of the DeVall structure will enable tenants to sun themselves in spacious open-air sun patios. The tenants will also have a MALL 2,500 feet long; clinics, doctors' offices, and pharmacies will also be included.

Supermarkets will be found next door to beauty shops, barber shops, and department stores. All facilities could be reached by the tenants either by car or by foot, or MONORAIL or buses.

Parking for cars will be provided in the same structure.

The roof of the structure will be used for housing depots for the MONORAIL System and HELICOPTER BUSES.

Each square foot, with the exception of the open-to-the-sun patio and the MOTOR FREEWAYS, will bring a revenue corresponding to the location within the structure.

Where the structure runs through factory areas, the rent for apartments will be commensurably low.

In more desirable areas the rents will be higher.

Welfare recipients will be in the least desirable locations.

It will be an encouragement to them to improve themselves in order to move to better quarters.

The income provided by a multitude of tenants will be sufficient for private enterprise to build on land which has been donated by the city or state for 99 years.

The income from the structure will pay taxes like any other business, thus returning the roads to the tax roll, where today they are exempt from tax and render poor services.

ROAD CONSTRUCTION HAS NOT IMPROVED

IN 3000 YEARS

by Guy B. deVall

Hermann Schreiber, in his book "Merchants, Pilgrims and Highwaymen: A History of Roads through the Ages," on page 115 wrote: "...for between the roads of ancient Crete (3000 B.C.) and the modern U. S. Highway No. 40 NO MORE THAN HALF A DOZEN TECHNICAL DISCOVERIES HAVE BEEN MADE THAT ARE OF ANY SIGNIFICANCE."

Before we look at a new idea, the words of Thomas Edison in regard to new ideas should be recollected:

"Convention requires that we all look at things in the same single way. 'Thus far shalt thou go, and no farther' is the staid remonstrance of convention. Our very familiarity with a specialized field of experience conditions us to think about it conventionally. We may become so accustomed to doing things in a certain way that it does not occur to us that it can be done in another and perhaps better way."

For 3000 years roads have not only been constructed practically the same way, but have rendered only ONE service: to allow vehicles to travel from point A to point B - and that is all!

For 3000 years roads have been financed in two ways: (1) by the taxpayers; and (2) by private individuals who were permitted to charge a "toll" to the road users.

The 3000-year-old systems of building and financing roads are responsible for our cities' growing HELTER SKELTER and bringing almost incredible congestion which greatly affects the economy of the nation.

The WALL STREET JOURNAL of January 24, 1963, in an article pertaining to roads, states:

"One distribution consultant estimated that up to 80 cents of the consumer dollar goes to cover distribution costs on such products as sulphur, certain drugs and some cosmetics.

"For all U. S. corporations Charles Beard, director of distribution cost for Union Carbide Corporation, figures distribution cost swallows more than \$100 BILLION A YEAR, OR ABOUT 20% OF THE TOTAL NATIONAL OUTPUT OF GOODS AND SERVICES" (in 1963).

(With today's increase in the Gross National Product, how much higher is the cost today than in 1963?)

Roads not only affect the consumer's dollar but also the Government's dollar - whether it is Federal, State, or Municipal.

The LOS ANGELES TIMES of January 20, 1966 carries the headline:

"TAXES TOP ISSUE IN GUBERNATORIAL RACE

"According to the State Poll, as of today the State Structure in the State of California appears to be the major issue in the 1966 Gubernatorial campaign."

Such conditions prevail not only in all 50 states but in every U. S. city, large or small.

In recent years the property taxes in the small city of Santa Monica, like many other cities, were substantially increased. The City of Santa Monica could, by adopting the deVall system of constructing roads, reduce taxes and, at the same time, have a more "livable city."

Santa Monica can acquire, at no cost to herself, the following:

(1) the land comprising the two-mile-long section of Highway 101 which runs parallel to the ocean, thus returning it to the tax roll and bringing considerable new revenue to the city.

(2) better housing for low-income families, the aged, and public servants of Santa Monica.

(3) elimination of the dangerous bottleneck which the new Santa Monica Freeway has created in Santa Monica.

At the same time, Santa Monica can avoid:

(1) the high cost of building a causeway (one of the ideas that has been considered for the extension of the Santa Monica Freeway).

(2) placing the Santa Monica Freeway in the middle of the city, which would greatly reduce the tax income to the city.

Moreover, the deVall road would permit a steady flow of traffic, which today is non-existent.

The deVall road does not consist of pulling rabbits out of a magician's hat; deVall only proposes to adopt already-used systems and to adopt the very same systems to today's technology and ways of doing business.

Private road financing is not new; some of the best roads in America in the 19th Century were built by private capital. Private capital built the roads because they brought a profit through "toll charges" to the road users, who consisted only of auto and truck drivers. Specifically, the profits were produced only through ONE service: to permit a vehicle to travel from point A to point B.

The deVall road, instead of ONE service, would render many services, the combined services bringing considerable revenues. Private capital would be anxious to invest in a new project where their investments would bring a good rate of return.

Once the necessary consent is obtained from Santa Monica, the State of California can put up at bidding the construction of the deVall road on that section of Highway 101 located in Santa Monica.

Construction companies such as Kaiser, U. S. Steel, Bethlehem, and others would bid. The winner would build on the land which has been granted by the State and the City.

The builders, at completion of the deVall road, would receive the total revenue which the road would bring and would pay taxes to the City, State, and Federal Governments.

The City of Santa Monica can not only increase considerably its revenue but also can acquire many acres of valuable land within the city limits IF it will consider incorporating some of its agencies and services (such as the police, fire, and first-aid stations) as an integral part of the deVall road.

The city could then make an agreement with the builders of the road to secure the needed space free of charge.

The city could then easily dispose of some of the land and structures in the city where said services are today located.

The road that deVall proposes to be built in Santa Monica is, comparatively, a very simple road.

The three-dimensional model of the Freeway that deVall has built represents a much more complex system; however, it becomes very simple once it is viewed. The structure is provided with models of electric trains, buses, autos, and trucks, each of which travels on separate routes. Accesses and exits for the vehicles clearly show that all the "buts" and "ifs" have been eliminated by the simple procedure of having previously made more than 100 experimental models, and each one never measured less than 20' x 30'.

In viewing the model, the viewer cannot help recollecting the history of roads in America. When the Pilgrims landed, they found the footpaths of the Indians. The Pilgrims first created the unpaved roads. A generation later the macadam road evolved, then cement roads.

Is it not logical that in the 20th Century Americans should build freeways in steel (and cement)?

The deVall model shows much more than mere roads; it shows that, in order for roads to render their intended services, whole new cities must come into being. The structures and buildings which were built beside the roads of early America have gone. Only the roads remained. Today the cement pavement is a "tombstone" of the valuable land which it covers. The deVall system merely builds on the "tombstone" and, in so doing, will benefit not only the pocketbooks of all, but the nervous systems and general state of health of all citizens.

If today 196 millions of Americans were to land on virgin soil, as America was in the days of the Indians, with their modern tools and machines and with steel and cement, WOULD THEY HAVE BUILT THEIR ROADS AND BUILDINGS AS WE SEE THEM TODAY?

P.S. LIFE's January 12, 1962 issue featured an article regarding mass fall-out shelters. The idea of "shelters," although practically ignored today, has not been forgotten in the Pentagon and in the White House.

The deVall road would provide not only fall-out shelters (at no cost to the taxpayers) but also an "escape route" for city inhabitants to the sea, where boats or trains could take them to safety. With China a member of the A-bomb club, can we afford not to give consideration to the "shelters"?

Dear Sir:

State for me just one thing that Stokely Carmichael did wrong. It is hard to find someone here who can.

Mr. Allen, you have tolerated the leaders of the Klan, and you have tolerated the Nazis. But you use the first slight opportunity you have to try to destroy Mr. Carmichael who simply has guts enough to speak his opinion. Stokely got under your skin; he hit you where you really hurt--by telling the truth.

I pause here to tell you I am not a racist. I am not a member of the organization you seek to hurt. But I am a Negro and my home is the South. When officials in towns like yours try to tell the nation that those towns are perfect, I can disagree because, Brother Allen, I have lived some of that Hades.

I give Stokely Carmichael credit for being a man. The opponents of civil rights cry for responsible Negro leadership. Stokely is a good leader. When it comes to leadership, he could tell the very Lyndon B. Johnson a thing or two.

Stokely is not a dumb man. You cannot step on his toes and expect him to keep quiet. Many people admire him for his courage; his name registers well in the hearts of multitudes. But the majority could still ask "Who is Ivan Allen?"

Brother Allen, Stokely Carmichael made you jealous--jealous that he is an individual who draws more publicity than you. When you speak of dissension between him and some of the other civil rights leaders, you know full well that they too are cognizant of

Dear Mayor —

You deserve a commendation
for the stunt you took against the
protesters in your City.

That "Stokely Carmichael" should
be arrested. He should be asked if
he is a citizen of the United States?
He would not answer that question
on TV a few Sundays back. He said
he was not registered to vote. Why?

We should definitely have
laws to deal with Communists in
this Country. If we do not have the
necessary laws - then we should get
them.

Martin L. King - creates a riot
everywhere he goes. He talks Non-
Violence out of one side of his mouth
and the other he says Blood will
run in the streets if they do not
get what they want. He should
not have been released from the
Atlanta jail 3 yrs ago when
Mr. Kennedy was President.

Furthermore - when they are arrested
and sentenced - their sentence
should not be suspended.

They should work on the streets
as hard labor. Too many do not
want to work. They want every
thing handed to them on a
Silver Platter - Rent Paid for
them too. We had to work for what
we have gotten - No one paid
our rent.

The Gov't should build houses
and have a cash run for them
to pay. - But not give them Free
rent.

The best of luck to you -

I like Atlanta and have close
relatives living there.

Dear Sir:

Keep the faith Mr. Mayor and let your great city lead the way in exposing those misguided individuals who operate under the guise of freedom . . . freedom to commit acts of civil disobedience that would ultimately destroy our way of life.

We know that millions of innocent people have fallen prey to this infamous conspiracy. Civil disobedience has been tolerated and even encouraged by many of our leaders on the "political" scene in both major parties.

I have already heard many favorable comments about your strong stand for AMERICANISM this week. You have done yourself proud. You have set an example that all Americans might well follow. I believe, as I am certain you must, that if we spent more time promoting our way of life we would need to spend less time defending it. The time has come for us to put down those who would destroy our precious heritage.

I believe that you are LEADING THE WAY there in Atlanta, and I also believe I speak for millions of red-bloodied Americans when I urge you to FORGE AHEAD. Please accept my best wishes and Godspeed to you from "just an average citizen" in Fayetteville, N. C.

Respectfully yours,

Hon. sir: This is a personal expression of admiration by my wife & I to you for your courageous & practical handling of the recent disreputable disorders in your city, and your having the fortitude to jail the persons, who, in our opinion, is guilty of nothing short of insurrection.

We deplore the inactivity, complacency, and plain lack of courage of public officials throughout the nation in their handling of these disorders & hope your example will give guidance to other officials, including those in Washington, D.C., how to bring about tranquility in this nation so that we all will, again, be safe on our streets & in our homes.

I feel some optimism about the way the people I know in Portland are awakening to this horrible menace who formerly were apathetic through ignorance.

Dear Sir:

Please permit me to congratulate you on your courage in ordering the institution of action against the persons responsible for inciting the recent rioting in your city. Your action is a very welcome contrast to the political cowards in other states and cities in our country.

There are many millions of your countrymen who were as thrilled as I was when I read about your action. I do hope that you will carry this matter through and not be deflected from your course by pressure from Washington and other pussyfooting areas. The decent Americans of our country are fed up with the disrespect shown for law and order throughout our country, not only by the violators but by courts and officials who are supposed to uphold the law.

I would suggest you ignore the stupid item in The Wall Street Journal of September 9th. Because of your action the City of Atlanta, Georgia has gained in stature and respect what too many American cities have forfeited due to lack of law enforcement by political minded officials. Let us hope your courageous action will be a turning point and cause other responsible officials to follow in the course you have blazed.

I am an old man and perhaps I may again some day be proud of my country rather than the present opposite. With respect and best wishes, I am

My dear Mayor Allen:

Those of us who are watching the rioting of negroes in the big cities are doing so with shock and fright of what the future holds for us. It is not race problems, but the use of the negro to build up individuals like Carmichael and others for their own means of taking over our cities and eventually, the government.

Many of us have wondered if anyone would have the courage to stand up to these people and we want you to know you have the admiration and support of us, now the minority, who would like to see respect and obedience to laws maintained in our nation.

We are grateful to you for your swift action and making Carmichael responsible as an agitator. We hope he will be deported back to his native Trinidad and others like him who think they can take over what white civilization has spent thousands of years developing, will be sent out of this country.

God bless you and please do not give in to such people as Carmichael regardless of the pressures that might be brought to bear for his release.

Sincerely yours,

Mrs. Harry E. Jensen

Dear Mayor Allen,

May I voice the opinion of several people I know and say "Thank You" for having Stokely Carmichael arrested. Something has to be done about this man and his kind. Why does everyone seem to be afraid of these people? I hope your Courts will not back down.

We have already had too much of our freedoms taken away from us catering to them. And for what? Just to get their votes? It is Black Blackmail!

I think the best way to deal with them is to take away their welfare money. Many of them collect hundreds of dollars from welfare to support their illegitimate children, while respectable women like me who work hard, do not smoke or drink or gamble, and pay high taxes to support them get \$88.00 a month from Social Security. Every time the taxes go up there is only one place we can cut down and that is on food - and that is so high it is hard to buy a good meal anyway.

I am tired of listening to politicians in high office - from the President down - saying that it is because of the color of their skin.

I, for one, do not want any of them for neighbors, and not because of the color of their skin.

It is the way they act - the way they look and the way they live. They live like pigs - 3 and 4 families together. They hoot and holler, slam doors, gamble all night and have no morals.

My family for several generations lived in Boston. About 15 years ago I moved to Florida.

When I go back to Boston and see some of the streets that my relatives and friends lived on when I was young I cry. They talk about slums but who makes the slums? They do! They are dirty. Too lazy to carry the barrels in and out so they leave them on the sidewalk and throw the rubbish out the window. They should be made to clean up their districts. They should be made to rebuild what they destroy.

My sister, now 65 and ill, lives with my cousin 75 and very ill in a suburb of Boston. Their street was a nice Presidential street with 1 family (a few 2 family) houses. Small with 10 ft between houses, but each one had either a nice lawn or flower beds and a white picket fence and gate. The negroes got in. 2 families live next door to my sister. These two sick old ladies - too old to move from their own home - cannot get any sleep. The negroes are noisy all the time, but from Friday to Mon they never go to bed. Drinking and gambling, screaming and hooting. It is awful!

The last time I visited them I took the wrong bus and had to walk the length of the street.

It was a hot Sunday around noon. I had a suitcase
and a heavy coat over my arm. The negroes were in
troups screaming and hooting. Others had their
bicycles right across the sidewalk. They would not move.

I had to walk in the street time and again. "I
say again, "I Do Not Want Them For My Neighbors!
Martin Luther King is a trouble-maker. Whoever gave
him a Peace Prize should be punished.

I think that T.V. is partly responsible. They should
ignore these leaders who are only looking for
publicity. They live high, taking from their poor followers.

On a recent meet the Press program both
Stokely Carmichael and James Meredith were a
disgrace to any race the way they talked.
And the money Meredith was paid by Life Magazine!
I saw each of them on the Mike Douglas Show.
Insulting as usual!

And the money they pay Dick Gregory and
Godfrey Cambridge to stand up there and
ridicule us and insult us.

All this should be stopped. — Any show that
allows it should be banned. Some of them have
talent — but the sick comics and the screaming apes

They should first return to respect "Law and Order" (4)
which they will never do easily - they must be made to.
On a recent Huntley-Brinkley newscast one of them said
that in order to wear \$200.00 silk suits they would do
anything - sell dope - bolita or numbers - or rob.
The other one said if he wants children he doesn't
care if a woman is married or not. Do we want
these people for neighbors? Not me!
I think by far the most disgusting of these
T.V. programs was on Huntley-Brinkley the night
before the Voting Bill was signed.

One man stood there and ridiculed the president
and all his bathrooms, while Martin Luther King
stood there smiling approval. The next morning
they were all at the White House and received
pens after the signing. What a mockery!
How low can a President stoop for votes?

Please see this thing through. And maybe you
and all the other mayors can get together with
a plan to refuse Welfare to anyone who takes part
in a riot or disturbance particularly interference
with the police doing their duty.

Thank You

Dear Sir:-

May I respectfully say that I deeply admire your stand on attempting to punish someone who incites to riot. Long has this crime been condoned by our government and it is high time someone took the initiative in this regard.

I am white. I want for the colored folks most of what they want for themselves. But demonstrations are not the way to get them. It is pathetic that only a few of us can understand that. I consider certain colored leaders enemies (in effect) of the colored race. Soon the time will come when neither # white nor colored can cross fringe areas without the risk# of a beating or a coke bottle thru the windshield. So then whose fault will that be, but the demonstrators?

Again I say, more power to you. I hope you can make a conviction stick.

COLD BLOOD—AND THE "BLEEDING HEART" COURT

At dawn on July 15, a Chicago woman thought she heard strange noises. She went outside to investigate, and saw a young woman standing on a window ledge, screaming hysterically. The girl sobbed that she was the only one left alive—that all eight of her friends were dead. A policeman quickly summoned to the site grimly verified the girl's statements. Lying dead in their apartment were eight young women, seven of them student nurses, one a visiting friend.

The girls had been horribly, brutally murdered. The lone survivor, Miss Corazon Amurao, had escaped the fate of her friends by slipping under a bed and hiding. But she had seen the murderer face to face, and said she could identify him.

Fingerprints abounded in the apartment; police took them and proceeded with a check on their identity. Both the fingerprints and the testimony of the witness identified the killer: young Richard Speck, who has a long police record in several cities. Relief flooded Chicago citizens when the killer was named and found. But nothing could erase the horror of it all—the "crime of the century," as the newspapers put it. Only a few days before the mass murders, the police superintendent of Chicago, beset with race riots, stated that the time had apparently come when law-abiding citizens would have to live in walled communities. His remark was a prophecy.

Talk about the crime covered many areas: the youth and innocence of the victims, their bereaved and shock-stricken families; the dangers of living anywhere, even if you've locked the doors and windows. But permeating all of this discussion was a speculative question: what would the recent Supreme Court rulings do to affect the handling of the murder case?

The speculation swiftly became a reality. Richard Speck was informed that he didn't have to answer any questions; that anything he did say might incriminate him; and that he possessed all of the legal rights in the book. Great care is being taken of him at this writing; no one must be allowed to step upon his tender toes. Underneath it all lies the fear that a Court someday could reverse his conviction—if he is convicted—because of "improper police questioning."

It is all well and good to talk about the "rights" of any individual. But why, today, are the rights of the criminal more sacred, than the rights of millions of innocent people who ask nothing more than to live without threat of murder, robbery or rape? Why is it so popular to sympathize with a lawbreaker because he had an unhappy childhood; or to say that it is the fault of "society" that some individuals are prone to kill other people?

The police have been stymied by recent court rulings to the point that they fear to arrest suspects. If the police are no longer to protect citizens from criminals, who is to protect them? Women are advised to carry tear gas guns and hat pins, and to enroll in a self-defense course. Why should it be necessary for them to do that—are the streets and the cities being run by gangsters? Sometimes it seems so.

The Nation will watch with interest what questions are allowed to be asked of Richard Speck, and, when the trial takes place, whether he will be excused as being temporarily insane. The criminals will be watching for the verdict too; for them, it will mean either a red or a green light.

Quotes in the News

"I'm writing this, Mr. Citizen, to tell you why we policemen are acting so differently from the way we used to act.

"I'm a comparative newcomer to the police field, but in my ten years on the force I've seen such critical changes I imagine it's pretty hard for you to keep up with them...

"To explain, let's go back to that time in 1956 when you awoke at three in the morning and found a prowler in your back yard.

"You called the police station, and a policeman at the station radioed me in my prowl car. You remember what I did then, don't you? Exactly what you expected me to do. I arrived at your home, apprehended the man in your back yard, questioned him as to why he happened to be there, and arrested him when his story sounded implausible.

"I probably also searched him and his car or truck for any of your property he might have taken.

"But what if you called the police station early tomorrow morning with the same problem? Well, Mr. Citizen, you probably would be a little disgusted with my caution in entering your back yard to confront the suspect.

"You see, I can no longer apprehend him. I can detain him for questioning, but I do not know how long I can detain him before I can be sued for false arrest. As a matter of fact, no one knows how long I can detain him. As one judge put it, the law is 'imperfectly articulated.'

"But suppose I take this course, believing I have sufficient time to question him. Well, then, I must first tell him he has the right not to answer any questions, the right to have an attorney with him, and the knowledge that anything he says might be used in court against him.

"Nor may I search him to see if he has any of your property, even if he says it's okay for me to search him.

"He may, however, waive his right to remain silent and to have an attorney with him, but I may not accept that waiver unless the waiver is made 'voluntarily, knowingly and intelligently.'

"So you see, Mr. Citizen, I must try to determine the knowledge and intelligence of the man without asking him any questions. Questioning him is contingent upon determining his knowledge and intelligence...

"(The suspect) may also sue me for false arrest, sue me federally for damages or have me punished administratively by my department.

"My only other alternative to arresting such a suspect, however, is walking away to let you seek your own complaint against the person or to let you make a citizen's arrest."

Police Department, reprinted from the South
Bay Daily Breeze

Dear sir,

More money given negroes means more negro reproductions and more negro reproductions means more negro riots, a vicious cycle that will lead to the ruin of our good old U.S.A.

Negroes must be taught birth control and let's pray to God that negroes practice birth control, otherwise the U.S.A. is doomed.

Way back in the 1930's when I heard that negroes got increased relief checks for increase in their families, I said then ^{30 YRS AGO} that it would eventually lead to negro riots, and it has.

More relief money means more negroes, more negroes means more relief money, where do we ever stop this vicious cycle.

Why should others be forced to support millions of negro reproductions?

What right do negroes have to get their sex fun with our hard earned tax money?

Money spent teaching negroes birth-control will benefit negroes and the U.S.A. but relief money is a bottomless pit.

Please, please, let's wake up before it's too late.

REPEATING, - WHAT RIGHT DO THE NEGROES & DEMANDING HAVE TO GET THEIR SEX FUN EXPECTING OTHERS TO SUPPORT THE OFFSPRING FROM THEIR SEX FUN.

P.S. - IF THE TAX MONEY SPENT SUPPORTING NEGRO BABIES HAD BEEN SPENT TEACHING NEGROES BIRTH CONTROL, WE WOULDN'T NOW BE HAVING NEGRO RIOTS.

The Honorable Richard B. Russell

Washington, D. C.

My dear Senator:

The situation here in Atlanta is steadily getting worse according to all news reports. I am so afraid of what is happening to our City. One person killed and three people hurt Saturday night, and the tension is mounting. It seems such a waste, the hate that is spread around the world. If we could only live and love and forget our differences - wouldn't it be a great place to live.

I feel that something had better be done soon to ease the poverty situation for both the black man and the white man. Couldn't we start by relabeling some of our "Foreign aid" to read "American aid", and organize a system where men could earn this aid by way of keeping their self respect in some organized work system? I don't believe people want to be given help. They want the right to earn it; but heaven only knows they need it. Why can't our government realize this and alleviate the situation? We, the laymen, are helpless in this respect, and I'm afraid it is up to you and others like you to help save America's freedom. I am not trying to be dramatic. Our freedom is at stake because we are afraid to walk the streets due to the unrest and anarchism rising in our beloved cities and states. Is this what is to become of our Nation that our forefathers founded and gave their lives so willingly for? Are we so intent on making good impressions on other nations that we forsake our own people? I ask you, is it worth the sacrifice? Sure other nations need our help, but if we can't do both I think the situation here is much more dangerous and should get help first. Violence nor force can help this situation. Only a full understanding of the problem by the government can help.

In closing I would like to remind you of something I hope none of us will ever forget. "Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

Dear Mr. Mayor:

A question often asked by the White folk of the cities of the West and the cities of the North. How come the Southern negroes don't riot in Atlanta, Birmingham, Dallas? How come the Southern negroes riot in Chicago, Los Angeles, New York?

It would appear that the Southern negroes have answered that question themselves.

The cry "white devil", and "black power" suggest that the Southern negro is militant in Atlanta, as well as, Chicago.

The new Carpet baggers, outside the Dixie area, appear to be the Catholic Bishops of America and the Protestant Bishops of America.

Cody of Chicago - Cushing of Boston, and their counterpart of the Protestant Bishops of America, are promising to invest their billions of dollars, in homes - housing - for the Southern negroes that, have fled that vast negro slave labor camp called-Dixie.

Mr. Mayor, this letter is not a letter from a Tom Jankie to a Rebel. This letter is written in a friendly manner.

The revolt of the Southern negro is upon all the non-negro citizenry.

II

The African tribal chieftains sold their own people into slavery to the renegade white negro slave traders.

All the descendants of the ship owners of the New England States and New York State who engaged in the negro slave trade are today living top-shelf off unearned income ^{deriving} from that nefarious trade.

All the people in Dixie (and outside that area) who exploited negro slave labor are living top-shelf.

Now the non-negro citizenry are left holding the bag.

This writer has no suggestion to offer to help solve this great issue.

Negro slave trading is a great Crime against society engaged in by negro and non-negro alike.

Perhaps the only solution lies in the basic recognition of this fact by the negroes and the non-negroes alike.

Perhaps then, and only then, can progress be made in an attempt to solve this great issue.

Dear Mayor Allen:

After what you and Atlanta had just been through at the hands of Stokely Carmichael and what a Northern mayor, Robert Sabonjian of Waukegan, Illinois, so aptly described as his "scum", "animals", "hoodlums", et cetera it was shocking to listen to you as you joined Katzenbach, Johnson, Humphrey, Romney and the Kennedys in your post-riot statement before the TV cameras excusing if not justifying the actions of the mob because of the frustrations of the mob's members - - they having only recently moved into the city, - and their being unable to cope with its "complexities".

Your failing to order the City police to make liberal use of black powder in overcoming the exhibition of black power will serve only to whet the appetites of Carmichael and other leaders of the mob for bigger and better "demonstrations" by the lawless elements among the negroes and unless I miss my guess - - the next time the mob will blast your city with Molotov cocktails, arson, looting and anything else they can contrive. You should know better than non-residents of Atlanta - - that the element you are dealing with is the same type if not the same people who "picketted" your local U.S. Army Induction Stations some 10 days to 2 weeks ago.

I doubt - and very much - Mr. Mayor, if the "Harlem vote" is worth your effort at appeasement as exemplified by your post-riot statement as presented via the TV cameras this morning.

AN INCENTIVE TO A BETTER JUDGEMENT IN THE AFFAIRS OF MAN
By Mrs. T. Haesle

There are things beyond the little minds of men and Nations. There are things that can be settled only by the conscience, under God -- the spiritual -- to which men and nations have grown so indifferent today.

Imposed dictators, pressure groups, specific minority groups, have made great inroads through false ideas and force, which ends in tyranny. This has kept the world in turmoil, hate and bitterness through the ages.

Who is man or men to lead thus? The basic law of all, the Ten Commandments of God, is the supreme law. The action of all people, regardless of their personal ideas of right and wrong, hang in the balance until the Divine law has been applied.

Am I right or am I wrong? Summed up: It isn't what you or I think that matters. It's what God wants us to do. That alone should guide our decisions.

P.S. With God everything works together for good. Without God the devil subdues and conquers over all.

Dear Mr. Allen:

The Good Book says--"Ask and ye shall receive." The United States asked for a holocaust by wet-nursing its hoodlums and baboons. And so murder, rapine, pillage, looting and arson are scourging our land as the jungle breaks berserk.

How much more of this defiling of law and order must America endure before a patient overly-tolerant people rise in wrath? Or have we lost our pioneer hardihood and racial self-respect?

You cannot pour a gallon into a half-pint. Neither can we create responsible citizens out of a rabble of savages bereft of basic balance, who respect only FORCE.

Very well--the hour is upon us to enforce the laws of our nation with drastic strength lest these anthropoids despoil our economy with their bestial "black power."

Dear Mr. Allen

Since President Johnson (now) and President Kennedy took their last ride together and Kennedy was then assassinated in Texas.

Many people did not know the meaning of this assassination it was all because Kennedy did not hand over this country to Rome or the (Pope) as soon as the big (dago Pope) wanted it to be as the (big Pope) had all the Catholics nuns get out and vote like never before in history, ~~AA~~ the Roman Catholic Empire has been promising for many years to take America by force or in any way they can little every day Catholics know little of this because they won't read anything about the Church.

Since Kennedy's assassination Johnson went half-breed Catholic and named ever thing he could Kennedy as he went Catholic crazy and started going to a Catholic Church and got his daughter to marry a Catholic to get votes but will lose them unless he turns this country over to Rome and help the Big Greasy Dago Pope take soon and that is just what he is now doing by letting these Catholic Agitated riots go on.

Doesn't he half to do this to keep Rome off his back or what step will the Dago Pope take next on him? President Johnson knows that the democratic is a Catholic and under world ticket these Democrats like the Under World and Bank Robbers and Dope Peddlers and riot Agaters and all fill in Unions and many others to much to mention all vote together in other words Birds of a Feather flock together don't they?

When President Johnson gets on the Television and tries to tell the American people that America is safe and sound as he did and the people laugh at him for lying to us when we know the Bible says Such a time as has never been is coming upon the Earth, Much worse than when the Romans killed one Hundred and Fifty Million People Who tried to get away from Popery and serve (God) rather than Man. All Presidents have been killed by Pope loving Catholics don't be deceived or try to deceive others. We are now fighting a Catholic War think it over. Most any good Catholic would just as soon kill another good Catholic to help himself or further his own we see it every day in the paper look for it.

This Pope loving Sargent Shriver gave all our anti-poverty money away to Catholics around the country Protestants couldn't get any they couldn't qualify for it then at last this Pope loving Shriver gave the rest away to a Catholic Diocese in Mississippi the some of seven million Dollars a Church who has more money than America and no one gets any in the end, Since this is tax free how much did the Catholic Church hand back to the Sargent Shriver as this is no wrong for the Catholic Church to do is it. All the Agencies he had looking were Catholics. In large Cities Catholics are afraid to go at night in dark streets for fear of their lives from other Catholics Hoodlums or Pope Lovers.

If these Catholics love the Dago Pope so much why don't they go to Rome so they can be close to him, and other greasy looking Catholics, In early days the Pope promise Heaven to the Catholics that killed the most Protestants read your history. Catholics don't believe in the Bible but only in Tradition man rull man made law and they believe it all, So sad to listen to this Edward Kennedy and his silly Catholic talk. We all know where Crime is and lets get out the word lets not sleep any longer lets keep Gods Commandments and quit the fighting will we Excuse my Wringing I just wanted to get some good honest word out to honest men who in turn will send it on

Even though the undue protection of negro marches has put you in a very awkward position, we feel that you are justified in using whatever force is necessary to restrain rioting. Though the so-called Justice Department and Attorney General will undoubtedly use all forms of pressure, we hope that you will continue to use whatever means necessary. AND

OPEN LETTER TO NEGROES OF ATLANTA, GEORGIA.

Dear Fellow Citizens.

My dear brothers and sisters I am greatly grieved at the display of ignorance by members of my race in Atlanta. There are problems in every village, town and city of this great Republic. These problems can only be solved by Negro and White people expounding good common sense.

I am a Negro, I attended college in Mississippi, Alabama and Kentucky, I spent considerable length of my military training at Fort Benning. I had the opportunity to travel through most of Georgia.

Civil righters cry is for first class citizenship, however along with first class citizenship goes responsibility, which never is mentioned. Viewing the conduct on television Negroes throwing rocks and bottles at your police, which was showing disrespect for law and order. Cheering an hoodlum that displayed contempt and disrespect for your duly elected Chief Executive of Atlanta, Mayor Ivan Allen Jr., is more than any intelligent people can stomach. Your conduct is clear, unless the Negro people come forward and denounce these hoodlums it will be considered that you all are in the same boat, not responsible citizens. Throwing rocks and bottles at your police must not be tolerated.

Demonstrators ~~are~~ singing Communists songs, shouting "black power" is hurting the Negro masses not helping. The money spent on foolish demonstrations, bail bonds and other agitation, it would have been better if this money had been invested in the Negro economy whereby it would make jobs for Negroes.

The Civil Rights Law can help the Negroes providing they apply themselves lawfully and intelligently.

Negroes that want "Black Power" these are some of the things that must be done now.

1. Graduate from Highschool and college.
2. Stop getting drunk.
3. Save your money.
4. Individuals join together and forms corporations and enter various businesses
5. Stop breaking glass in the street.
6. Clean up your home
6. Be ~~obedient~~ obedient to the laws.
7. Have respect and pride for your home, ~~and~~ school and community.
8. Young ~~women~~ stop having babies out of wedlock (Unwed mothers).
9. Learn the true word of the Lord.
10. If you have a false preacher in your church boot him out.
11. A preacher sent by the Lord will preach God's word that is love, a preacher sent by the devil will preach civil rights.
12. Denounce those self appointed civil rights leaders for they are fraudulently claiming that you have given them the right to represent you. This is the same as giving someone a blank check to sign your name. These civil rights organizations have a very few members.
13. Report to your place of employment ready willing and able to work, and be prompt.

When you have done all these things you then will have "Black Power".

I really wished that I had the opportunity to converse with you all on the topic Communists using Negroes. The masses of Negroes read very little therefore they are not well informed.

I commend the fine job that the Atlanta police performed in bringing racial disorder to a quick end.

I commend Mayor Ivan Allen Jr., for taking immediate action against suspected individuals for attempting to incite a riot. America can do without such as- people as Stekely Carmichawl.

CONT'D.

Cont'd

Honorable Ivan Allen Jr, OPEN LETTER TO NEGROES OF ATLANTA, GEORGIA.

August 11, 1966

Page 2

Unjustified criticism has been made against the masses of Negroes all over America for the irresponsible action of Stokely Carmichael, Williams and King and other professional trouble makers that are using the Negro people for publicity—and- to get money for themselves. Even if some named were absent from Atlanta, their agitation doctrine reference was made to it and these people are responsible for the lost of life and for those persons that were injured.

Stokely Carmichael was a foreigner and became an American citizen on April 17, 1958. I am certain all will agree that The Immigration and Naturalization Service made an error in granting this agitator American citizenship.

James Forman, Stokely Carmichael and Dr. Martin Luther King Jr., SNCC, NAACP, SCLC and CORE. these organizations and individuals do not speak for the Negro masses. It is evident that they do not even speak for the handful of members within their organization. Since the liberal press give these individuals and organization unnecessary news coverage and ignore those Negroes that oppose these agitators views. This gives the impression that the Negro communities have no objections to these self appointed agitators.

These professional agitators that travel all over this Republic looking for the dirt of any community never finding anything progressive about any or all of the Negroes. Take for example Negro teachers in many cases in Alabama, Tennessee and the Carolinas are paid more than White teachers. Negroes who are qualified are employed in industry throughout the South.

There are approximately 22 million Negroes in America while there are about 307 million Negroes in the rest of the World. The American Negro standard of living is 70% higher than Negroes in other parts of the world. The American Negro life expectancy is almost twice that of Negroes all over the world. Reports show that the American Negroes had a total income around \$21 billion in 1960 which is an average of \$1,100 per year for every Negro man woman and child, while Negroes living outside of United States income is barely 20% of the American Negro Income. American Negroes own more than 4 half million automobiles this figures to about 1 automobile to every 4 Negroes. Negroes in other parts of the world have none. In Russia there is one car to every 345 people.

The 1960 Census shows about 2 million Negroes own their own home. In 1960 and 1961 there were 33 Negro savings and loans association in United States valued at over \$10, million 53 Negro owned life insurance companies worth about \$230 million and 15 Negro banks with a total worth of \$40 million. There are 26 Negro millionaires in United States. There are 400 Negroes earning between \$50,000 and \$100,000 per year and 10,000 Negroes making between \$10,000 and \$50,000. What group of black people on the face of the earth have achieved such advancement? Remember the millions that Joe Louis, Sugar Ray Robinson, Ike Williams, Floyd Patterson earned before they were 35 years old. Our society is not perfect however progress is not measured by color, but progress depends upon the individual desires and ability will measure his success in business and industry. No Black Nation on this earth can offer black people the same opportunity to achieve "Black Power" as this group has work hard and obtained.

These progressive Negroes that have earned their success by being intelligent and hard work ignore these simple things that demonstration demanding freedom now. These dupes implant the ideal that the masses of White people should give them special laws and consideration and that they want White people to give them Freedom on a silver platter. These successful Negro businessmen were not concern with the color of one skin they hired Negroes as well as White workers. These self appointed civil rights leaders feel whatever a Negro produces is inferior to what the White people produces, they expound the ideals that everything must be interracial or its taboo. It is evident these so called civil righters have been Communists oriented to the point that a Negro male must have his arms around some white prostitute, and enter a white owned beverage store to purchase a bottle of wine or be served at a white club or restaurant where white prostitutes and dope addicts mingle freely with Negroes to be considered a first class citizen.

How stupid can civil righter be owning nothing and advocating owning none of our economy, why because it makes Communism look bad. for a Negro to become successful or publicizing the fact that Negroes have succeeded in business. The Communists want the public to believe that all Negroes are poor and down trodden

Here in Buffalo, New York, CORE, has less than 20 Negro members. Most all of the male members are either married to white girls or date white girls. Now pick up on this a civil rights ~~organization~~ organization that claims they are fighting for Negroes rights and they don't think enough of those people they claim they are fighting for to associate with. The Negroes have a beautiful brown skin woman, also a beautiful smooth face black woman, and a light brown woman and a woman so light she could pass for white, and these so called phoney civil righters feel our lovely women aren't go enough for them. Give a civil righter a decent job if he is ~~not~~ married to a Negro woman he will divorce her for a white girl and move into the white neighborhood. The worst thing that can happen to him then he thinks for the White people to move away and another Negro family moves next door. This is ignorance.

Mayor Allen, civil turmoil the Communist want it to increase to such a point that rioting will occur and that local and State-law- law enforcement will not be able to maintain law and order so they the cry will be to bring in Federal troops and declare Martial law.

I am the editor of a monthly magazine named (WIRE MAGAZINE) I am also President of the D. L. Jackson Foundation. Our foundation doesn't have any money in it at this time however I do contributions will be coming in soon. Last month I filed for our tax exemption certificate with U. S. Internal Revenue Service. The purpose of my foundation is to have speakers as well as myself to go into areas where racial agitation is taking place ~~to~~ by invitation only to educate the masses of Negroes of the Communists conspiracy to use the Negro to create unrest and violence including looting of stores and to weaken a given community ~~when~~ at a given signal whereas this will occur in many cities with hopes to create panic whereby if possible the communists might be able to seize authority, since they cannot get themselves elected.

Mayor Allen, I hope your courage will stand and that you will continue to use your good judgment in dealing with these agitators. I pray that the Federal courts will not interfere with enforcement of local laws.

An education program should be instituted to show that the police are the friends of law abiding citizens. Every community must have police and every community should support their police department.

Dear Sir:

It seems that the chickens have come home to roost. You and your Atlanta papers have catered to the Negroes in order to get the bloc vote. You sowed the wind and you are now reaping the whirlwind.

These Blacks asked and asked and you gave and gave. I have a widowed friend who lived in the East Lake Section of Atlanta in a lovely home valued conservatively at \$15,000.00. Negroes moved into this area and she, being alone, was afraid to continue living in her home when the Negroes 'broke' the color line. She could have sold this home several years ago at a nice profit but had to (and was lucky to do so) sacrifice her home for \$9,000.00 thus losing a good amount of an already scant estate.

It seems that the other night you saw your great mistake and had the courage, which I admire, to denounce the very thing that you had advocated and abetted. You, Ralph McGill, Eugene Patterson and others of your kind are solely responsible for what is now happening in Atlanta.

Yours very truly,

THESE UNPROVOKED NEGRO ATTACKS ON WHITE MEN, WOMEN AND CHILDREN HAVE BEEN GOING ON UNSTOPPED FOR YEARS. NOTHING HAS EVER BEEN DONE TO CURB THEM. I HAD DONE ABSOLUTELY NOTHING TO PROVOKE ANY OF THESE NUMEROUS NEGRO ATTACKS. THEY WERE ALL PROMPTED BY PURE HATE OF THE "WHITEY" THE SAME AS AT WATTS WHERE UNDER THE SUBTERFUGE OF "POLICE BRUTALITY" THE BLACKS DRAGGED ELDERLY AND DEFENSELESS WHITEY FROM THEIR CARS AND BEAT AND STOMPED THEM. THEY, OF COURSE, ALSO CAUSED A GREAT DEAL OF DEATH AND DESTRUCTION.

INSTEAD OF DEPLORING THE DEATH AND DESTRUCTION ALL KINDS OF SILLY EXCUSES AND EXPLANATIONS BY SO-CALLED "EXPERTS" WERE MADE FOR THE ARSON, ANARCHY AND LOOTING AT WATTS. THE "POOR, HUNGRY NEGROES" ALSO LOOTED THE LIQUOR STORES AND 8 AND 9-YEAR OLD KIDS GOT DRUNK ON THE STOLEN BOOZE AND YELLED "BURN BABY BURN!" IF THEY WERE MERELY MAD AT THE COPS FOR ALLEGEDLY MISTREATING THEM THEN WHY DID THEY VENT THEIR VIOLENCE ON THE CIVILIAN "WHITEY?" WHAT WAS THEIR MOTIVE? I THINK STOREY CARMICHAEL HAS ANSWERED THIS QUESTION. I WAS GLAD TO LEARN HE WAS ARRESTED FOR INCITING A RIOT IN ATLANTA. HE BELONGS IN A CAGE WITH HIS CRAZY "BLACK POWER" TALK. HE MUST BE COMPLETELY MAD. HE SHOULD BE HARSHLY DEALT WITH. GEN. WALKER WAS BRANDED A MENTAL CASE FOR FAR LESS THAN CARMICHAEL'S CRIME. CARMICHAEL IS AN ARROGANT ASS, AS WELL AS UN-AMERICAN. HIS ATTITUDE IS WARPED. HE IS A SICK MAN. SO IS ALLEGED COMEDIAN DICK GREGORY WHO WAS CONVICTED OF BITING AND RIGGING CHICAGO COPS BUT IS STILL

CONSIDERED A "BIG SHOT" AFTER HIS IN-
HUMAN AND ANIMALISTIC ACT. SINCE WHEN
DOES ONE SANE HUMAN BEING BITE ANOTHER?
IF I WERE TO GO TO THE LOCAL VA OFFICE
AND WOULD BITE OR KICK SOME ONE DOWN
THERE THEY'D CALL ME DEMENTED AND SEND
ME TO A NUTHOUSE AS A MENACE TO SOCIETY.
HOWEVER, THE CARMICHAELS' AND THE GREGORY'S
GET BY WITH SUCH INSANITY. THE PRESS
IS STILL CALLING "BLACK POWER" CARMICHAEL
THE "CHIEF." CHIEF WHAT? CHIEF AGITATOR
AND TROUBLEMAKER? HE SHOULD HAVE BEEN
PUT AWAY THE VERY FIRST TIME HE YELLED
"BLACK POWER". HE IS TOO YELLOW TO FIGHT
FOR HIS COUNTRY. HE IS TOO COWARDLY TO
GO TO VIETNAM. HE, TOO, IS AN AUTHOR OF
ANARCHY. CONGRESSMAN CLAYTON POWELL
WENT ALONG WITH CARMICHAEL AND THE
CRAZY "BLACK POWER" BIT AND BOASTED OF
CARRYING A 38 PISTOL! HAS HE THE RIGHT
TO CARRY A CONCEALED WEAPON JUST BECAUSE
HE IS A MEMBER OF CONGRESS? IF SO, DO
WE ATTACKED AND THREATENED CAUCASIANS HAVE
THE SAME RIGHT TO PROTECT OUR PERSONS?

5

PERHAPS POWELL, TOO, IS A PRIVILEGED CHARACTER. THEY'RE TALKING ABOUT PASSING AN ANTI-GUN LAW, BUT LET POWELL TOTE A PISTOL! THAT'S YOUR "GREAT SOCIETY!" WE ARE SICK AND TIRED OF THE WHOLE DIRTY, ROTTEN MESS. RIOTS! PROTESTS! BRICK, BOTTLE AND STONE THROWING — SINGING AND CHANTING, ETC. THIS IS NOT AMERICA ANYMORE, IT IS AN ASPHALT JUNGLE! THE PRESIDENT SHOULD PUT A PERMANENT STOP TO SUCH SAVAGERY!

THE BLACKS START A RIOT OVER THE MOST TRIVIAL THING. THEY TRIGGER IT BY RESISTING ARREST. IT IS HIGH TIME TO RESTORE LAW AND ORDER IN OUR LAND. THE LUNATIC "LEADERS" BELONG IN A CAGE! THEY'RE NOT CIVILIZED. DON'T TALK ABOUT THE KKK WITH CHARACTERS LIKE CARMICHAEL AND OTHER "ROOKS" ON THE LOOSE!

YOURS TRULY,
FRANK EVANS

Honorable Emanuel Celler,
House of Representatives,
Washington, D. C.,

My dear Mr. Celler:

Here are some criticisms of the Civil Rights Bill pending in Congress. I preface them with a reminder or two of the first legislation of our Nation. The Declaration of Independence says: "WE HOLD THESE TRUTHS TO BE SELF-EVIDENT: THAT ALL MEN ARE CREATED EQUAL; THAT THEY ARE ENDOWED BY THEIR CREATOR WITH CERTAIN UNALLENABLE RIGHTS; AMONG THESE ARE LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS! THAT WHEN ANY FORM OF GOVERNMENT BECOMES DESTRUCTIVE OF THESE ENDS, IT IS THE RIGHT OF THE PEOPLE TO ALTER OR ABOLISH IT AND TO INSTITUTE A NEW GOVERNMENT, LAYING ITS FOUNDATIONS ON SUCH PRINCIPLES AND ORGANIZING ITS POWERS IN SUCH FORM AS TO THEM WILL SEEM MOST LIKELY TO EFFECT THEIR SAFETY AND HAPPINESS."

The Preamble to the Constitution reads: "WE, THE PEOPLE OF THE UNITED STATES, IN ORDER TO FORM A MORE PERFECT UNION, ESTABLISH JUSTICE, INSURE DOMESTIC TRANQUILITY, PROVIDE FOR THE COMMON DEFENCE, PROMOTE GENERAL WELFARE, AND SECURE THE BLESSINGS OF LIBERTY TO OURSELVES AND TO OUR POSTERITY, DO ORDAIN AND ESTABLISH THIS CONSTITUTION FOR THE UNITED STATES OF AMERICA."

Article 1 of the Amendments to the Constitution gives the right to the people to PEACEABLY ASSEMBLE.

Article 4, Section 4 of the Constitution reads: "THE UNITED STATES SHALL GUARANTEE TO EVERY STATE IN THE UNION A REPUBLICAN FORM OF GOVERNMENT, AND SHALL PROTECT THEM AGAINST INVASION AND DOMESTIC VIOLENCE!"

I shall show where our Constitution has been violated, and our Civil Rights infringed upon.

We have at this time in our country a population of about 204,500,000. Of this number approximately ten (10%) per cent is colored, or Negro. Since our government is a democracy operating under majority rule, how do you account for such a bill as the Civil Rights Bill ever having been written? It certainly does not represent the will of the majority! Hence it is unconstitutional, illegal, undemocratic . . . and it will not work! And just who was the author of this bill? Was it conjured up simply to get the colored vote?

Prior to the launching of this Civil Rights Bill, there was a widespread spirit of friendliness and cooperation between the white man and the colored man. Now there is only hatred and suspicion engendered solely by this political boomerang! Take a look at the country since the inception of this bill. Riots and bloodshed! KILLINGS! Destruction of millions of dollars of property, lootings! Certainly the Negro has been ill-advised, whether by the Communists or members of his own race masquerading under a flag of CHRISTIAN LEADERSHIP! Under this leadership Negroes have invaded CALIFORNIA, FLORIDA, NEBRASKA, ILLINOIS, OHIO, GEORGIA, MISSISSIPPI, NEW YORK AND ALABAMA. Now, I mean invaded! Since these marchers for the most part did not live in these States, they were INVADERS. Can anyone deny that they were organized and their incursions planned with the definite purpose of disturbing and irritating the citizens of these States? And why did not Congress do something about it? Article 4 of the Constitution says: ". . . and we shall protect them against invasion and violence!"

The cornerstone of our American civilization rests upon the family and the home. Our forefathers fought the Revolutionary War to protect the sanctity of the home, its freedoms and its rights. They fought for a principle. They were not cowards. Now the freedom of our homes is being challenged!

For one hundred and ninety years American parents had the responsibility of rearing and educating their children; the right to make their own decisions in their own homes; the right to dispose of their properties as they saw fit. Now there is an attempt to usurp these rights and privileges by the Federal Government!

THE OPEN HOUSING BILL IS AIMING A "DAGGER" INTO THE VERY LIFE BLOOD OF THE CONSTITUTION! A threat to take away man's God-given rights, seeking to make his decisions! -- to rob him of his privacy, his freedom and his liberty, to disturb his TRANQUILITY through invading the sanctity of his home!

Article 4 of the Amendments to the Constitution reads: "The right of the people to be secure in their persons, houses, papers and effects, against unreasonable search and seizure, SHALL NOT BE VIOLATED!" This Open Housing Bill then, is in direct violation of this Amendment since it is a seizure of HUMAN RIGHTS. These rights are the sole property of each American family. By what right, with what authority does the Government seek to take over? And, finally, from Article 6 of the Constitution: "THIS CONSTITUTION AND THE LAWS OF THE UNITED STATES WHICH SHALL BE MADE IN PURSUANCE THEREOF, AND ALL TREATIES MADE OR WHICH SHALL BE MADE UNDER THE AUTHORITY OF THE UNITED STATES, SHALL BE THE SUPREME LAW OF THE LAND, AND THE JUDGES IN EVERY STATE SHALL BE BOUND THEREBY!"

Since God was the co-sponsor of our Constitution, it might be well to recall a few lines from Genesis: "In the beginning, God said, LET THE EARTH BRING FORTH EVERY LIVING CREATURE AFTER HIS KIND." Now, there is an absolute, irrefutable, immutable, unchanging LAW which prohibits a JUMP from ONE KIND TO ANOTHER KIND. There are many varieties within certain species, yet they are all of one Genus. THE GREAT LAWGIVER AND CREATOR OF ALL THINGS, PRE-OR-GAINED STRICT OBEDIENCE TO HIS LAW.

This law is absolute, from the lowest to the highest kingdoms of life, even to the vegetable and mineral kingdoms. There are hundreds of varieties of birds in the world, yet there is distinct separation of all of the bird families, although they are all Aves. The male Redbird dares another male Redbird to enter his domain. In other words, families are inviolate. Had God's law been flexible, we would have a nation of half breeds and mongrels. The different races of mankind are not only separated by color -- white, black, yellow, red -- but they are separated by their physical and mental traits, their customs and their characters. These differences, in addition to their religions and philosophies, have been the greatest causes of dissension. Throughout the centuries the different races all over the world have fought to retain their beliefs. There is no other feeling that is so deeply imbedded in man's soul as his basic beliefs. One of the difficult problems in Viet Nam is the problem of the Buddhist.

"BY THEIR WORKS YE SHALL KNOW THEM!" The white man has risen in spite of obstacles and handicaps. With his help, America has developed the highest living standard in the world. He has conquered disease and greatly increased longevity. This has taken work, work, work!

It is true that the colored man has been hampered by lack of good housing, good jobs, and in some instances by job discrimination. Certainly we are in favor of him having every help to bring out his best. However, it means ambition, it means effort, it means study; and it will take time. Given all these opportunities, who shall say to what heights he may not rise? We have many fine colored people who abhor the marches, the sit-ins, the lie-ins, the rioting, looting, destruction of property, and the killings. They know that such behavior only widens the chasm between white and colored. They know that force compels resistance. Since they know that inter-marriage is basically unsound, they also know that they must develop their own society within their own groups and associates; and I am sure the majority want it that way. Now, you, Mr. Celler, spoke of a revolutionary spirit that is sweeping the land! I agree with you. There is a great spirit of rebellion, a seething undercurrent all over the country; but it is not the one YOU have in mind! It is the roaring and rumbling of some one hundred and eighty-five million white Americans whose voices are yet to be heard. It is the seething undercurrent of dissatisfaction that is being aroused by self-seeking politicians.

Sincerely,

Maudie E. Mason

Dear Sir-

Also refer to LIFE Magazine article "A War On"Whitey" by Russell Sackett - June 10, 1966 - Pgs 100 to 112 + Edtr'1 U.S. News & World Report, Aug-8th, Pgs-38, 39, 40, 41, 42, 43

LIFE Magazines May 6th article "Integration vendetta in a northern town" a sensitive article triumphantly done should be read by all! A race issue, yes, but there is more to it than shown here - has segregation of the U.S. Negro caused this since being brought here as slaves hundreds of years ago?

Negroes are still segregated in all parts of the world where they exist - Brazil taking the lead over most S. American countries - the strain of segregation is less apparent in Cuba (40%-Negro), Puerto Rico & Venezuela thru race mixing where there is now a muletto Negroid mixture. It will take hundreds of years for it to become less noticed in the U.S. Thru cruel Southern ways many U.S. Negroes still are indifferent to moral standards emeshed in a transmitted African culture

Of course if you were a typical U.S. Negro & knew you were brought here by the whites you'd have a ill feeling against them especially if they refered to you as "inferior, a nigger, blackie, a cannibal, savage, an animal or low primate!"

A majority of the U.S. Negroes are more fortunate than any of the other Negroid races that exist in S. America & especially the dark primitive Cannibal tribes of Africa which still exist to this day & he is more fortunate now than before the Civil Rights movement (1954) or even 5 years ago but is now again more in-flamed & restless than ever before! Why?

Some people have claimed that the Negro has had as much chance as all the other races in the U.S. but thru low moral standards, crime, violence, an inkling of low mentality & I.Q. or even segregation(?) will never make it - a myth, a dogma? Compare his neighborhoods to the whites or the Chinese or Japanese or Amer-Mexicans - the Negroes neighborhoods still are as primitive in existance as Africa & the Africans where pagan-worship, witchcraft, voo-doo & cannibalism exist now & that country doesn't have a written language or industry, schooling like Japan, China, Mexico, etc! In Africa there are hardly any whites to practice segregation! Unfortunately a Mayor or a leading U.S. city gave in to their demands before resigning & moved them into new neighborhoods & hi-rise apartments & immediately created another eventual run down, filthy, ghetto!

From present Africa's population of 280,000,000 to the U.S. where the Negroes are still refered to as a "minority" race - this is a dogma - from a handfull between 1725 to the late 19th century they have multiplied to over 21,058,000 (Ebony-Mag) June 1966! How many Amer-Indians now exist in the U.S. (?) - 500,000; Chinese, over a million - Japanese, less than a million - Amer-Mexican between 4 & 5 million! There are more Negroes in the U.S. "alone" than Irish in Ireland and Cannadians in Canada & Australians & Welsh in their homelands! The Negroes are no longer a minority race - what is being witnessed now is a Negro population explosion of multitudes over 40% higher than the whites - segregation not only created ghettos, crime, violence but illegitimacy where many major U.S. cities are being swelled by ranks in majority of Negroes over any other race - Washington, D.C. 4th dis, 5000-whites, 75,000 Negroes; Chicago, over 900,000 - Phil, Pa-Detroit; Oakland & San Francisco Bay Area almost a million!

The Klu-Klux-Klan & U.S. Nazi party have been issued as dangerous organizations which they are but another dangerous organization in creating as bad or worse are the Black-Muslims - they preach race-hatred - - "the laws are the white

mans law for him & not the blacks - break them; the Police are for the whites strike & march against them - don't back out!" From a Street in Harlem in the 30's they have branched into a majority of U.S. cities preaching their hate & viciousness against the whites - their paper "Mohammad-Speaks" is now distributed in all U.S. cities & especially Negro areas - only recently they have taken to the air on (FM) radio with their spontaneous insults against the whites, white power structure, Police, Governor & President Johnson, Kennedy, his wife!

Another dangerous organization the "Black Nationalists" have & use the methods of the Muslims but to eventually kill all whites by numbers & to practice violence - "but to first to out-breed by numbers the "whites" & we'll "outnumber them & bury them with guns & fists but first the hated power structure of the whites - The Police must be first to go" - the Black Panthers use these methods to a similiar degree - - worse too are Uhuru, Black Arts, RAM, Black Flag, Blk Vanguard!

LeRoy Jones - a militant Harlem Negro trains a majority of Harlems frustrated, hate, fear, doped, crazed Negro youths to train them to kill whites - in a rented theater some Negroes dress as whites & the blacks kill them in play fashion preying for the day "when we can get @ the whites this way & kill them" LeRoy-Jones raves. Also editor Dan Watts "Liberator Magazine" writers, L.B. Neal; R. Snellings!

Watts, Calif- some Mex-Americans were arrested by white Police for drunkenness in June 1962 - nothing happened - some Puerto-Ricans were stopped for drinking - then some Cubans - law & order prevaled, nothing happened till August 1965, some Negroes a mother & son were arrested by Police for the same offense & within 5 minutes they were attacked by a vicious mob & withing 45 minutes 25 miles of Watts, Calif- looked like Hiroshima did in 1945 - the Jungle war persisted by these young savages! This was planned purposely!!! A staging ground!

Watts was not Harlem - many causes were given but one overlooked & the final one was the Muslims, Black Nationalists, Black Panthers had a lot to do in organization with this - like the Muslims the Black Nationalists have representatives working in most U.S.(Negro) cities right now with more & worse planned against whites, Police, Officials, & U.S.Gov't - LeRoy Jones now has agents working in Negro ghettos back east & L.A., Marin City, E. Palo Alto, Oakland, Calif- Richmond, Calif- S.F. Fillmore Dis! Robert F. Williams, ex-Marine in Cuba "radios" for Negroes to revolt & strike against whites!

The Decons for defense in the heavy black south (now majority) have armed themselves to shoot & kill any & all whites who interfere with them! The Muslims are now @ work @ Hunters Point near S.F. They have not been too successfull so far in Oakland, Calif- or E. Palo Alto but Marin City almost & Richmond, Calif!

A kind elderly, refined, law abidding Negro woman told me - "you should see whats happening here - some outsiders probably Muslims or Black Nationalists have come & got hold of all the young ones & teaching them to get @ whites & Police, tie up Courts, pressure all Mayors of each city & Governors of each state on up to the President! Maybe its LeRoy Jones group from Harlem - you should hear what they say about you whites & what they have planned - I don't hate you whites - just they do after this hate training - its not natural" she said! Those jobless kids they teaching to hate, despise, murder instead of education, school & nothing to do they fall victims to this lust" she went on! "I wouldn't want to be white for anything!" She wouldn't give me her name - said some would kill her for giving the "secret" between "blacks" away!?

The Muslims with the Black Nationalists + the Black Panthers + LeRoy Jones out-fit from Harlem plan to after killing all "whites & Police to invade & burn up white neighborhoods next time!" She said! She also stated in NYC will have hot spell (probably summer) - water will be low in dams & all Negroes to turn on all faucets during hot spell & when water "runs out" to burn everything down including "better parts of town" - "I wouldn't want to be white for anything for whats planned against you & the white "power structure" she quietly said!

Here again false charges of Police brutality to a Law Officer have broken down all Law & Order - tied up our Courts of each & every City, every Mayor of each city on up to the Governor of each State being pressurized by mobs on up to the President - no respect for law & order anymore - a fine University of learning overthrown by rebels; Policemen carried weakly out bodily in arms of tyrants, filthy bearded mobs whom Castro is their hero run the gauntlet here - this is how Castro got his start - when the time will come to overthrow the U.S. Gov't comes is not known but lack of timing has thrown their timing out of wack! They still lack a majority - have to recruit more members to make a majority first, people with the revolutionary, Marxist beliefs! Radio-free-Dixie (Cuba) Williams broadcast for all U.S. Negroes to strike against "Whitey"

Russia an Allie up to 1945 - after Atomic weapons were perfected they became a mortal threatening enemy - now China - Russia eventually plans to sneak attack the U.S! Like the Japanese in 1941 to talk friendly & keep motives hidden but thru Spies infiltrated in U.S. & Communists still some unknown by the FBI some decent law abiding citizens respectfull not to cause suspicion even in U.S. Gov't they know our missile strength & their doom - their method is better & still survive - they have directed their Communist, Agent front Organizations into the young who run a majority especially @ Universitys - the UC campus was a staging ground & successful for them - who defeated the Gov't @ each & every turn - next the race issue which has turned the Negroes against the whites thru the Muslim, Black Nationalists, Black Panthers, LeRoy Jones teachings & his groups working in each & every Negro ghetto area & creating a Watts or trying to do! Watts was a testing ground for each & every U.S. city - Castro defeated the Cuban Gov't this way but it was not a race issue like being planned here by the Russian Communists & Agents who have since 1945 surrounded more than 75% of the world & are only 95 miles from U.S. Viet Nam is a testing ground for them to test U.S. strength - when U.S. troops reach Chinese border over 4,500,000 Chinese troops will annihilate them according to Cannadian observers who told me! China is now perfecting Atomic weapons to eventually use against U.S. in sneak attack! The U.S. will have to strike first to survive as what is planned in high Russian circles - Missles can be sabotaged - an air fleet can strike back but Mr. McNammra has cut down on the "moveable" vital U.S. Bombers! This shouldn't have been done! Russian ships are now off the coast of S.F. - this is also a test by Communists next, not now but eventually when the time is right it will be submarines with missles which will devastate the U.S. but are lying hidden & unseen - China when she perfects Atomic weapons will be an Allie with the Russians! Expect sabotage sabotage of U.S. defense, Military here also & pickets unholding war effort!

Along with the Muslims, Black Nationalists & Panthers & LeRoy Jones groups working in each, heavy Negro ghettos to strike out @ the whites like Watt's & Negro Communists who have Representation in each & every Negro neighborhoods for a planned rebellion next time only worse to kill the Police, break down all law and order, pressurize each Mayor of each city & each Governor of each State on up to the President & kill & burn the whites apart like LeRoy Jones preaches - a William Taylor a L.A., Calif- Negro Communist leader who now has representation in all Negro centers to eventually overthrow the U.S. Gov't in "his" peoples beliefs! And to side with Cuba & Russians! Cuban agents in U.S. & S.America!

Its become so dangerous in nearby Oakland, Calif- especially for white policemen on some of the Negro sections that they have requested only police of Negro ex- traction! Many of these people are not known by even the FBI as are some Negro Communists working in sections to create another Watts in each & every city with sponsership of the Muslims, Black Nationalists & Panthers! Negro Communists backed by Kremlin - Agents in U.S. from U.S.S.R. They are secret & will not reveal themselves & are so well hidden people are not aware of them or their beliefs! In being & staying hidden & go undetected is their speciality!

Many white Communists go undetected, Many Negro Communists in numbers unknown? Another Negro Communist #3 publisher of "The Worker" James Jackson, goes from one Negro Ghetto to another & with high representation in each & writings slips around undetected!

The moral decline of the U.S. since 1945 has been alarming in many other ways - Communist hearings in 1960 in nearby San Francisco to expel & also identify Communists - what happened there was a riot & people were hurt & all law & order broke down & the hearings were disbanded! Surely the Senate Committee had a right - what side was this mob on anyway? Communists! For Russia, Marxism, yes!

Troop trains stopped & the mobs turned to the servicemen & told them to abandon the Gov't objectives - these troops were on their way to war to fight the Communists - treason on the mobs part - but all law & order was broken down like @ U.C. where a Communist inspired center is now established as a testing GROUND for eventually all centers of U.S.

What you are now seeing like Cuba & Castro is a eventual overthrow of the U.S. Gov't & its democratic processes! Using besides above methods anarchy, caos, tyranny, mobs, communist inspired, yes! They are not known by FBI are hidden, some when confronted plead innocence of their rights of 5th ammend & have Attorneys to protect them on side of Communist ways & cause! They deny everything!

Hoodlums & rebels picket General Taylor in San Francisco & created such a scene most Police were afraid to do anything when mobs of young savage Negroes entered the scene groups intimidated & trained by the Muslims, Black Panthers & National-ists & LeRoy Jones & William Taylor a top Negro Communist! Most of the Negro Communists working here & also in Negro sections are sworn to silence in the black world & not to take & give anything for information to whites & that in-cludes the hated whites & U.S.Gov't which is majority white!

Reciently a black bearded Negro dark glasses whom calls himself "Black Jesus" is active in Oakland to activate against all whites & Police & to threaten a riot & another Watts if something isn't done pronto "we'll go to the hills & kill all whites & burn everything down!" He viciously states! This vile, vicious, sinister, cutthroat is out to do what he says!

Another dangerous Negro Communist who has many working in Negro ghetto areas thruout the U.S. to create more disturbance for a Communist cause is a Roscoe-Proctor - & also Albert Lima! A bigger Watts is planned with these individuals who have people working in all & each U.S. city of heavy Negro populations!

Now since Watts fear from whites who are now buying up all guns & sidearms, rifles to kill & shoot back is what a Communist inspired uprising can do to the U.S if it can happen in each & every city thruout the U.S. @ the critical time but the time element is complicated & has not worked out with the Muslims & leading Negro Communists too well as yet! They hide behind illusion its poverty, jobless-ness! The Communists (Negro) get by - Law abiding Negroes are then fooled! Their real evil intentions are hidden as well as motives!

They wer8 successful in Harlem summer 1964 - Policebrutality they screamed & for the Police Chief to resign which he did - Rochester, N.Y. a city turned into another disaster - Watts, Calif- - these groups were almost successful in Richmond Calif- but Police Chief said he would "shoot to kill" lawbreakers if any of the young hoodlum savages took to lawlessness & the jungle war - Marin City, Calif- contintual trouble - when the Negro extremists Muslims (only here) & a James -Baldwin's visits who is a rabble rouser turned this small Negro community into shambles but not quite - they demanded a "reduction" of 4 or 5 Police patrol cars to 1 or 2 which was done & the Sheriff of Marin County gave in under threats & fear from tough youngsters whom had fallen victims to the Muslim & Black Nationalists teachings + Negro CCommunists of William Taylor & Roscoe Proctor who have unknown & unnoticed even to the FBI, revolutionary's here working even un- seen to all! They deny, & claim 5th Ammend & hire a Communist? attorney who de- fends & with pressure, threats, mobs, nothing is done! After Watts - they screame for Police, Parker & Mayor Yorty to resign -they did not give in! The DuBois Clubs of nearby San Francisco has agents in each & every Negro area for more

planned violence against the "white" &/or "power structure!" They have a attorney Vincent Hallinans son who defied the Attorney General of U.S. whom to this date has backed down for fear of reprisal!?

The FBI also is a planned target - some Negro Communists of which nobody knows or can identify thru others of well meaning whom are all hidden portrayed to have Martin Luther King talk to J. Edgar Hoover in person - a situation, was planned but didn't work out as planned to exploitation!

The Negro "Ebony" magazine, has had issued now for several years articles directed against the "power structure" to create more feeling against the whites who some of the Negro writers are or their background is probably questionable & not even known by the U.S. Gov't or the FBI!

A weekly TV show & Channel-9 is the evenings "Where is Jim Crow" by Buzz Anderson a well educated refined Negro seems to continually stress like James Baldwin and Harlems rabble rouser's Paster Duke's & Jesse Grey their hate of the whites but in a different mood - the Negro audience @ home on TV can be aroused against the whites by watching the interviews weekly of alienated Negroes - "your fore-fathers were brought here as slaves - not much has changed since - then, how do they treat you now?" Each week are another bunch of Negro people, kids or such & even unidentified Negro Communists(?) their ideals agree very much with Marxism which they then deny who have same thoughts like Abdeka Abdecker? @ UC who's father is a leading Communist trying to enlist in Negro areas, trying to stir, create a worse situation, hate, violence, thru mobs, mob violence & all this adds up in the Negroes frustration for equality & justice which was too late in coming! In Watts, Police & law & order broke down so much & was so weakened that "Nation-al-Guard" had to be called out!

The Muslims, Black Nationalists, Black Panthers, LeRoy Jones & his teachings & all of them in their wicked hate teachings should be watched closely especially in the coming months & future! This has hurt the poor Negro Civil Rights movement of the sincere ones who need identification but are severely hurt by these groups working in their organizations!

Another one dangerous to the whites & U.S: working in Negro ghettos to the worse are Ed Brown SNCC - (Negro) Paul Sweezy (Monthly-Review) - Michael Harrison, Fred Jerome (Progressive Labor Movement) - Rennie Davis (SOS) - A Saul Alinsky a suspected revolutionist in heavy Negro concentrations to prime the blacks for more anarchy & future situations! Another one with Marxist progressive labor movement party he continuously rabble rouses Negro mobs in many cities "we will not be free till we smash this state, completely destroy & set up a new state of our own choosing, kill all whites, for our own kind!" he tells doped, drunk, Negro lawbreakers, mobs! - - "and in process of smashing this state we're going to kill a lot of these dirty cops & a lot of these judges!" He time & time again tells the mobs of unfortunate illiterate, drunk, doped, jobless Negroes - his teachings had a lot to do with the mob violence now being planned in heavy Negro concentrations - his Marxist & Cuban theories to revolt & revolution is backed by his defense lawyer whom takes the 5th Ammend for his client & actually believes his lies so sincerely he actually stands up for them! "William Epton" Mr. Epton now has agents in all Negro area's!

The citizen should have the right to rent, to sell to whom he pleases without state &/or Federal interference but now Congress both House & Senate are bypassed for rulings of the Supreme Court some theoretical but not practical rulings! The Dorado & Escondido decisions where murders were freed without having first Legal Advice - now there are thousands of others waiting for the same petition & freedom! Of course the Negroes (law-abiding) rights had to be defended & maybe not by the whites then the Federal Gov't had to enforce some many laws!

Whats happening to the younger Negroes thru more militant, extremist, left and right threatening thru anarchy, caos, tyranny & revolution with Marxist and treason, thru violence is trajic & will anniliate the decient Negro Civil Rights movement- - these must be retrained by the U.S.Gov't before its too late as they, some, indoctrinated the wrong way! A gigantic program but it must be done.

Russian Communists broadcasts on 31meg., band shortwave & 25M., band late at nite sometimes in Russian & also English - typical - "American imperialists especially the whites have held the Negroes as slaves & mistreated them - you U.S.Negroes should riot, revolt against the Police who are for the whites" - - Cuban broadcasts stressing for all U.S. teenagers & especially U.S.Negroes to strike out "against their parents & laws which weren't ment for them!?" Didn't quite get all Cuban broadcast as it wasn't too clear.

Also a Communist broadcast which I heard but couldn't identify as they gave no I.D. states "we can control all countries - riots & revolts @ all U.S. Embassys in the world thruout S.America, Japan - - " see what I mean - you realize a lot of these broadcasts are heard in many countries around the world & to be indoctrinated into this listening especially as a foreigner you'd eventually hate the U.S. if you listened to them too - no wonder there are riots in Japan, Dominican Republic, S.America, etc - these broadcasts have their effects - like the Nazis teaching of hate of Jews & it worked then as now with the Communists broadcasts against the U.S. Russian 31-Megacycle band - 9.5 - 9.7 - - 25 megacycle band 11.5 11.7 11.9 U.S. overseas radio seem weak ineffective too much music, sports, doesn't seem as effective as Communist broadcasts for revolt! Prapaganda!

Most of the 255,000 Cuban refugees who are newcomers to the U.S. seem to be law abiding, civilized as well as the almost 1,000,000 Puerto Ricans but have created quite a job situation back east as well as out here! A leading newscaster + a magazine affirmed that over 1/2 of the Cuban refugees were Communists sent by Castro & Kremlin to eventually overthrow the U.S.Gov't when the time is right & set! Armed Cubans will attack U.S.Base in Cuba back by Russia eventually! I cannot substantiaty anymore of this & have not any proof here of that!

Another vile, dangerous party here is the "Minutemen" organized in various parts of the Pacific Coast heavily armed! "Draft Card" burners a new highly organized group with an inkling thru revolution to defeat the U.S.Gov't thru this purpose sponsored by the VDC (Vietnam Day Com) who thru subversive front radicals & also revolutionists submit the U.S. pull out of Vietnam - what is not issued here by this dangerous organization against U.S. Policy & U.S.Gov't "is for the U.S.Gov't to surrender to the Communists in Vietnam!" China & Russia also agree! Also a questionable Communist inspired lawyer to defend them taking 5th Ammend & pleading also their rights, & innocence!

Just heard about it & the terrified whites who attended - a new Negro Organization besides the others mentioned in S.F. on Fillmore St- called the "Black Arts" Theater - sponsered by LeRoy Jones outfit - a typical play seen - "Negroes brought here as slaves continously beaten by whites (Negroes painted as white) - -"this is what they did to you - kill them" goes the dialogue - next, the white police enter - attack Negroes - "lets kill all white Policemen" & "get the whites" in "their neighborhoods nexttime!" "The whites are no good, we must get @ them and create a revolution in each Negro community in U.S!" "if we are successfull then this country will be ours & our Slave masters we'll burn @ burial" - These Negroes here are branching out to Hunters Point @ S.F. also Richmond, Calif- Marin City, Oakland & E. Palo Alto, Calif! Parts of play filthy, dirty! These Negro revolutionists main determination like the Muslims, Black Panthers LeRoy Jones outfits are determined to arouse, to create a situation @ Law & Order, Courts, U.S.Gov't @ white people - Communist inspired - with Communist motivation it fits well in with Marxist Revolution theory - they are prepared to fight thru violence - Watts

-testing ground to each & every city & have Communist Attorneys taking 5th Amendment for protection & a good organization of mobs made up thru their teachings most made up of prison parolees, prostitutes, narcotic addicts, drunks - many of them release for serving time for felonious crimes including murder, rape & assaults!

The Negro Civil Rights Movement was needed for the U.S. - The Negro, militant, extreme right & left, Marxist like Castro to murder, kill, maim, trigger a planned catastrophe race hate for U.S. - These are not the good, law abiding Negroes trying so hard behind the Civil Rights Movement which the U.S. Gov't sponsored - what is planned I'm afraid will hurt the Negro Civil Rights movement very badly & hamper it! These groups sponsor to obey laws they want & the ones they don't like - not to - to make LSD & dope legal & they have attorneys to defend their cause like the Communist Chinese & Russians!

Law & Order must be maintained - all law enforcement agencies + Mayors & Governors of each state must be dispatched information by FBI which is planned target eventually by these groups - they have had a difficult time simultaneously with timing - if they break the law they must pay for it like before the population explosion of Negroes started like the whites did before them - now the next race the Negroes in majority - if they commit a crime like a white man they must be apprehended by Democratic Law & Order - no exception must be made "either" if he is a Negro or Negro mobs - here again your not dealing with a sparse few law breakers of the 30's & 20's but "MOBS" - Law enforcement departments will have to be enlarged - I hope it doesn't happen down here in the San Francisco Peninsula as we have a "small, weak, Police Department" stressed to deal with a few troublesome law breakers who go out or a few wild teenagers but nothing like Watts, Harlem, Rochester, Bakersfield or what may happen if planned democratic processes & law & order get out of hand!

A Negro who was law abiding of the old told me a catastrophe is planned against besides all U.S. cities against the Federal Gov't in Washington, D.C. but the Black Muslims, Black Nationalists, Panthers, LeRoy Jones, Alinsky, William Taylor, L.S.Con., Paul Sweezy, Michael Harrison, Fred Jerome have had a difficult time in timing the situation planned - timing was off which is to suppose to overthrow the U.S. Gov't - They have only been successful in deterring with 1/5 of the Negroes to "hate whites" & to go against society!

A white Police motorcycle officer told me pitfully that on his tour of duty thru heavily Negro infested areas that he is viciously, verbally attacked & especially spit @ "1000's of times a day" & felt worried about his life & job & never saw a bunch of people, like savages, animals, acting with uncivilized violence, hate, - its unnatural he said - something coming! "I may quit the Police & retire to ranch like a friend did in 1964 in Lake County!"

The Communists should be registered like the Nazis & Japs of WW-II & not given free reign - the dangerous Negro organizations should be stopped & the Negroes many of them living in primitive African culture gotten away from these dangerous Negro organizations & a program adopted by Federal Gov't to save them & train, indoctrinate them to democratic training to save a planned violent bloodshed, against Police, Officials, Gov't, whites - whites scared now buy guns & shoot back then what - revolution? Civil War? Planned!

And Negroes living in sub-African culture thru segregation or lack should be given their chance not in only decent jobs by Gov't but decent housing & should have right to move into any neighborhood providing they are law abiding as any one else - whites panicky, scared - U.S. Gov't will have to stand behind housing law along with U.S. Supreme Court!

A young (24-25) kind, Negro in Oakland told me the other day a Soul Alinsky with his group came to Oakland & thru secret meetings with impoverished slum Negroes by the thousands told them - "you Negroes have a bad situation here - it is the

whites fault" - "they brought you here as slaves & abused you" - "it is the whites fault for your predicament" - the Negro told me the meetings by Mr. Alinsky gets the Negroes feelings against the whites bitter with resentment - he thinks Mr. Alinsky creates situations "talking this way" also riots like the others already mentioned - when asked by a bearded Negro if he, Mr. Alinsky believed in taking a life - he replied "no, unless that man were armed & out to get me, or hurt me - & this white power structure is armed against you Negroes, they have hurt you, the Police are all armed - lets get @ them, the source; the white power structure who have put you people into this predicament!" "This Poverty program is no good" - "Sargent Shriver is only for himself - he hides behind President - Johnson & they give you fools money to keep you animals quiet" - then the Negro told me Mr. Alinsky went on "you have Watts here - we work in slum areas - like Woodlawn - the Police & Sargent Shriver & even the President don't give a damn about you" - "they just give you fools money like @ Watts to keep the Animals quiet!" "Like the Boston tea party you've got - they did, they turned against the Red-Coats - you Negroes, you've got to turn against the power - white power structure in numbers, organize so you'll be heard, march & don't let them stop you - you've got nothing to loose - the Police have guns - buy guns - they'll kill you - you protect your rights - they the Police are for the white power structure & the Police & Johnson!" "GET WHITEY SCREAMED SOME OF THE YOUNG NEGROES AFTER THE MEETING!" We want "black" power! "We want "black" power!"

Mr. Alinsky has made friends of these people & thru hate against law & Order, the whites, & Gov't "white power structure" & thru caos, tyranny, anarchy, and Marxist beliefs & creating a situation of hate of these unfortunate people whom are running a majority of mobs making up of lawbreakers, drunks, murders, & other unfortunate wards of society has created a situation against the democratic processes of law & order & society of the U.S. & thru revolution & situations & protected by Communist inspired attorneys whom take the 5th Ammend like the other organizations are dangerous to the U.S.Gov't, other races & the decient Negro Civil Rights Movement - some of his & other organizations must be stopped & broke down & the young Negroes retrained by the U.S.Gov't before a planned uprising & revolution "Castro-styled" & Civil War & thru these processes & other organizations plan to overthro the U.S.Gov't, eventually!

Today a Nalphan plant @ Redwood City, Calif- which manufactures defense materials for our boys dying in Viet-Nam to fight against Communist aggression has sloppy bearded cutthroats all over the place - refusing to let in important truck convoys for our needed war effort against the Communists! Their tactics are questionable - WW-II would have not been won in 1945 if we had this - Roosevelt could have prevented WW-II had he stepped in China 1931-37, Germany 1937-38 - WW-III is now being prevented by our fine President Johnson by his necessary alternatives not against the Axis & Japanese empire like 1945 but the Communists!

Bakersfield, Calif- Negroes indoctrinated thru organizations to get at, & hate whites couldn't find any except 2 white law enforcement Officers whom they attacked with vengence & defiance - Negro kid tells me after some Black Nationalist meetings blacks look for whites to "get at" - "kill whitey" couldn't find any - panic attacked Mexicans, then 2 white law enforcement Officers whom backed down for fear not only of their lives but mobs!

March 1961 - a white man accidentally shot by Police taking his wife to hospital speeding - nothing happened; Watts, Calif- Negro LSD, drunk crazed, or lying - driving between 75 to 85 mph over 50 blocks shot by Law Enforcement Officer - created a riot & threatened violence - here again "to create a situation" & thru Black Nationalist & Muslim teachings hate against "whitey" "power structure" these groups dwell upon has now thru a situation planned by them & Negro Communists, unknown, unidentified, feeding upon these poor desperate Negroes have tried and almost succeeded in breaking down all "law enforcement" & thru hate, mobs, violence & defiance for authority have finally brought a law Officer before the

mob - & the jungle war succeeded in Brooklyn in 1964 (Officer attacked, then shot Negro boy in defense) - next time it'll be worse - there have been attempts @ local Officials, Mayors & Governors, Press even after Watts 1965 - there was such harrismment that the Mayor blammed the Police Chief & others criticized the Governor & a situation was created amongst higher Officials - the attempt failed this time but almost succeeded - innocent City Officials, Police, Mayor, Governor blammed, but real motivation & evil intentions hidden in this situation! Gov't almost down, hopelessly things were so severe!

The young Oakland Negro who wanted no part of the growing dangerous organizations preferred Martin Luther King - Mr. Farmer - & law abidding Father Divine's group in Philadelphia but showed growing concern how successful these organizations are menaceingly becoming & also revealed that "they would kill me if they knew I told a white man what I said!" Several decient, law abidding Negroes already murdered!

A Civilian Review Board places into the hands of these groups their evil desperate motives & eventually curbs Police Law enforcement too & even out of the juristic-tion of the Chief of Police who origionally qualified for his enforcement job - - if it does happen the result would be obvious! Communists, revolutionists hope for it as well as Russian Agents & Communists for a foothold here too!

SNCC - not as dangerous as the Muslims & LeRoy Jones teachings + Communist Negro leaders organizations & teachings thru the frustrated handicapped, unfortunate, uneducated, segregated Negro ghettos has still some bad & dangerous inkling in using these unfortunate Negro people whom a majority are still sincere in creating equality but will fall victims innocently in their neighborhoods & be used as victims for the evil intentions of these groups to reach their goals!

SNCC's new Stokeley Carmichael like the others claim themselves enemy of the U.S. Gov't - the whites - the Police, Mayors, Governors & contintually insult the President of the U.S. for their vile, vicious, wicked attempts & thru their un-fortunate, poor illiterate, doped, Negro victims, get voted, eventually expect to attain their goal with this exhortion! These groups are sworn to secrecy espe-cially against any of the "white power structure" & never to give any information - when you make a statement before the U.S. that it is Communist Inspired - a majority of people hardly understand & these groups "deny it to save themselves & evil motives before the public!" And thru even worse subversion & ranks of 5th Ammend., Attorneys have protected themselves before the public for sympathetic good favor & even the Police & FBI!

P.S. Also Adam Clayton Powell - Harlem Negro leader has been lately lashing out against U.S.Gov't, Police, Courts & especially "white-power-structure" indoctrinating Negroes wrong way! Bad for Negro leader to do this! The Burns report on University of California is accurate - what happened after(?) - the innocent ones denied it & then the Communists (hidden) JOINED IN & also "denied" it & revolted & shouted defiance which made report a dogma with this caos - again, I repeat the Burns Report @ U.C. is 100% accurate - U.C. contains - Communists, homosexuals, sexual deviates & Revolutionists with Marxist beliefs! June 1966 - Miss, since shooting of dedient, law-abidding Negro James Meredith by "white" man Negro Civil Rights movement NOW hampered from racial hate, violence, planned to use this "episode" the Muslims, Black Nationalists, SNCC, Black Panthers, "LeRoy Jones" Soul Alinsky, Negro Communists hoped for!

RACE RIOTS: ERUPTING NOW... AND THREATS OF MORE TO COME

LOS ANGELES—Rioting by white-hating Negroes seems to be off to an early start this year.

Warnings now are heard of a "dangerous summer" here and in other big cities with huge Negro "ghettos." Alarms already are being sounded by Negroes in New York and Washington.

Racial violence exploded on March 15 in Watts, the Negro district where thousands ran wild last August in a six-day rampage that cost 34 lives and 40 million dollars in damage.

This time, grim lessons learned last summer brought swift and forceful action by police deployed in large numbers. The outbreak on March 15 was confined to a small area. Some 600 rioters were involved, rather than thousands. But racial rage was evident.

Two were slain. One was a white truck driver beaten and shot to death in a mob attack. As he staggered from door to door, dying, Negroes spurned his

pleas for refuge. The other man killed was a Negro—not a participant in the riot—cut down by marauders' gunfire.

More than 25 people were stabbed, beaten, robbed. Youths hurling Molotov cocktails—bottles of gasoline ignited by flaming rags—set fire to a dozen buildings. About 20 stores were looted. Some 60 Negroes were arrested, including the alleged killers of the truck driver.

The four-hour burst of racial frenzy was triggered by arrest of a Negro for throwing a rock at a car driven by a white schoolteacher. Within minutes, gangs of Negroes were on the prowl. Many were armed. The ominous chant, "Get Whitey!" was a rallying cry.

Negroes blamed. Primary blame for the eruption was placed on the Negro community itself by John A. McCone, chairman of the commission that investigated last summer's riots. Said Mr. McCone, former Director of the U. S. Central Intelligence Agency: "... This is

one more evidence of an unwillingness by Negroes to accept responsibilities as law-abiding citizens."

Los Angeles County Supervisor Kenneth Hahn said the outbreak pointed to "far-ranging possibilities for a dangerous summer."

One victim of violence was a white ex-marine who was viciously beaten by a Negro gang. His comment: "Frankly I think I was safer in Vietnam."

Hatred of whites. Some Negroes said they were appalled by the latest outbreak. A Negro woman said the rioters should be "put in the Army and sent to Vietnam." But others had more sinister comments. One aging Negro said:

"These kids hate white people very strongly. This goes for the younger ones and the older ones—they hate white policemen, white delivery men, white teachers—you name it. You've got to do something with that hatred."

Continual agitation. Mr. McCone charged that Negro political, civil-rights and neighborhood leaders have "continued to agitate the Negro community." He added: "So long as this agitation is going on, there is a real danger of frustration, rage and incidents. Until this attitude is changed, no amount of money, no amount of effort, no amount of training, no amount of work will produce the results we all desire—the placing of the Negro in a position of real equality."

From other areas came warnings that, despite money poured into antipoverty programs, enmity toward whites is on the rise—and city after city soon may be rocked by "black terrorism."

was hit by a thrown bottle as Negroes yelled, "Get out of here, Whitey. You're not in white man's country."

Watts has not been regarded as safe for whites since last summer's riots. Incidents of cursing, rock throwing and assault have been common. A Negro real estate man said that "black nationalists and Communists" keep fanning hatred.

More violence ahead? In Washington, Negro rights leaders predicted that the bloodiest racial violence the U. S. has ever seen would rip the nation's capital unless "seething unrest" can be ap-

Two Young Men Who Hate Whitey

Fillmore's 'Warm-Up'

By George Gilbert

Larry Scott watched the officer behind the booking desk at City Prison yesterday and said nothing. He sat there and smoked a cigarette and stared.

After a little while, the officer looked up at Larry Scott who continued to stare, and finally shrugged and went back to the stack of papers he was shuffling.

Scott's eyes never left the officer. Then his mouth opened and he said:

"I don't believe in turning that other cheek jazz."

He gestured towards the officer. "He takes my teeth, I'll take his life . . ."

Arrests

Police arrested Scott, a friend, Leon Beck, and five other young men early Sunday for disorderly conduct. Police say they took part in a near riot in the Fillmore district.

"That was just a warm-up," Scott was saying. "Our brothers in Hunters Point, Daly City, the Bayview and the Fillmore know that was just a warm-up too. You know what happened in Watts and Chicago, man? Well that's gonna happen here too. We can get guns . . ."

Leon Beck stood up and put his foot on the wooden bench.

"What do you mean we can get guns?" he said. "We've got guns, baby."

LARRY SCOTT

LEON BECK

'You know what happened in Watts and Chicago . . .'

Scotty and Beck are only 20 years old and they are not too fond of whites.

"Not all whiteys are bad," Scott was saying. "Just most of them."

At first glance the near riot last weekend would seem to have been senseless. An off-duty Negro policeman shot an armed Negro youth who was committing robbery. Within minutes bands of young men roamed the Fillmore district shouting, "Kill whitey."

But Scott and Beck deny the situation was as the police have painted it. Beck, in fact, is a half-brother of the suspect who was shot, Frank Lee Jackson, 21, of 702

Broderick street.

"He wasn't pullin' no robbery, man," said Beck. "He was shot by this Uncle Tom cop for no reason, and you wonder why we got mad! This Uncle Tom cop didn't even show no identification. He just jumped out of the car with a gun out and starts shooting."

Jobless

Leon Beck hates whitey because he says he can't find a job. "I'm a high school graduate. I'm willing to work at anything but I can't find a job because there are no jobs for 'niggers.'"

Larry Scott hates whitey for many reasons. He is espe-

cially bitter about the war in Vietnam. "What's the sense in goin' over there and get shot at and maybe killed so that when you come back home and go into a restaurant in Mississippi you are told they don't serve niggers."

"This isn't Mississippi."

"They just do it differently here, man. They don't have dudes runnin' around in sheets and burnin' crosses on your lawn but they do it here just as good."

"You give a dude a star and a gun and you give him a license to kill. It don't matter if he's white or black. If he's black, he's an Uncle Tom and just as bad as whitey."

'Power'

"Do you have a police record?"

"No," said Scott. "I'm no angel. I just haven't been caught yet."

"What do you want?"

"Power," Scott said as he began to stare again at the officer behind the desk. "That's the only thing whitey understands. Power. And violence. Whitey will see that too. All over his streets."

Scott, who lives at 1516 McAllister street, and Beck, at 2230 Fell street, go to court on July 27.

"What do you think will happen in court?"

"The same thing that happens to all our brothers," said Beck. And then he cursed.

China Says U.S. System Will Collapse

Hong Kong

The Chinese Communist leadership is well on the way to convincing itself that the movement against American involvement in Vietnam presages not just a United States withdrawal, but the collapse of the American system.

The Communists' worldwide strategy rests on the conviction that Americans are oppressed and exploited by a small group of vicious monopolists.

The Chinese Communists confidently expect that "class struggle" in the U.S. will bring about not only a reversal of present American foreign policy, but also Communism in the U.S.

A recent editorial in the Peking Peoples Daily, official organ of the Central Committee of the Chinese Communist party, reaffirmed this basic belief and explained how the Communists expect to triumph in the "worldwide liberation struggle."

The Chinese declare that the present demonstrations against the war in Vietnam are "unprecedented in scale and duration in American history."

itself.

No democracy can long persevere when it overtly or covertly tolerates anarchistic conduct on the part of any segment of its own citizenry. It should not and cannot be tolerated, regardless of the group—white or black—and regardless of whether or not the cause involved is a righteous one or an unrighteous one.

EXTREMISTS

The report contends that 1965 "extremist" Negro leaders whose "angry exhortation encouraged civil disobedience not only contributed to the causes of the riot but also will hurt programs aimed at solving Negro problems.

Graham Assesses The Riots

Los Angeles

Evangelist Billy Graham made a helicopter tour of Los Angeles' riot-ravaged area yesterday and described the rioting as "a dress rehearsal for a revolution."

"If 30 or 40 cities in the United States became ensnared in this kind of havoc at the same time, it would take the country's armed might to quell it," he declared.

Graham said he believed the Los Angeles rioters "are being exploited by a small hard core of leftists." He said he was sure 97 per cent of the rioters were not Communists.

"But it cannot be overlooked that this kind of disturbance is being used by those whose ultimate end is to overthrow the American government," he said.

Associated Press

"You could have a really dangerous situation — at best, a high crime rate, that in the end would cost more than the Job Corps. Or we could build up to a situation of riots, even—at the pessimistic end—revolution. And certainly some very serious social ramifications.

Shelley Rips 'Rebels' in Poverty War

By Mel Wax

Mayor John F. Shelley charged yesterday that "so-called new leaders" of the city's Negro community are making "a naked demand for the power to control policy, program and financing of the neighborhood action programs."

Their move for a majority on the Economic Opportunity Council, he said, is "totally unacceptable, because it would destroy the only structure that, to date, has proved acceptable to the Federal Government and a majority of council members."

Bonus for GOP In L. A. Riots

By MARIANNE MEANS

Examiner White House Correspondent

WASHINGTON—From out of the ashes of the smoldering Negro ghetto of Los Angeles rises the specter of a national issue that may prove more effective for Republicans in 1966 and 1968 than any other except Vietnam.

The violence and destruction in the City of Angels dramatized afresh, in shocking fashion, the problem of mounting crime and lawlessness in this country.

It is not a question of racial tension, although there is an undercurrent of that. It is a question of a spreading disregard for law and order by the nation's poor, who see stealing, mugging and murder as an easier way to prosperity than competing in a society which seems to have no place for them.

N.Y. Conviction In Riot: Anarchy

New York

William Epton, vice chairman of the Marxist Progressive labor movement, was found guilty yesterday on three counts of conspiracy and criminal anarchy from actions in the 1964 Harlem riots.

Epton, 33, heard himself pronounced guilty in State Supreme Court of seeking the violent overthrow of the state government of New York.

Justice Arthur Markewich labeled Epton "a dangerous man," revoked his \$10,000 bail and remanded him to jail to await sentencing January 27.

Epton, the father of two, faces a maximum ten years imprisonment and \$6000 fine.

His conviction is the first criminal anarchy conviction in the state of New York since 1920 when Benjamin Gitlow, a founder of the Communist party in the United States, was sentenced to a term of five to ten years in prison.

Epton's arrest followed the bitter Harlem riots of 1964. He was seized on July 25, 1964 when he defied a police ban to organize a racial demonstration in the wake of the disorders.

The indictment accused Epton of exhorting Harlem Negroes in a street corner speech on July 15, three days before the riot:

"If we're going to be free, we will not be fully free until we smash this state completely and totally, destroy and set up a new state of our own choosing and our own liking.

And in the process of smashing this state, we're going to have to kill a lot of these cops, a lot of these judges."

Epton said his goal in the street corner speech was to rally Negroes against what he described as police brutality.

FALSE

The jury deliberated five hours. It found Epton guilty of advocating and conspiring to advocate criminal anarchy, and of conspiring to riot during the Harlem disorders.

Defense lawyer Sanford Katz urged Markewich not to send Epton to jail, especially during the holiday season. He has a wife and two children.

"The defendant is not a dangerous man," Katz maintained. "He was convicted of something he said or wrote, not of anything he did.

However, Markewich replied, "the jury's verdict found, in effect, that the defendant did not content himself with the mere advocacy of ideas. Therefore I am bound by the verdict of the jury."

CORE Blast At Rights Conference

Washington

The White House conference on Civil Rights, scheduled to open here today, was dealt a powerful blow yesterday when the national director of the Congress of Racial Equality charged that the conference has been "rigged" by the Johnson Administration.

Saul Alinsky, controversial self-professed radical, told an overflow crowd of Council of Civic Unity members to stop discussing rights and do something about the fight and "the enemy."

Samples of Alinsky's primer on social progress:

• "Forget about a Christian moral basis for the rights drive. If we could have got rights that way, we would have by now."

• "Discussions don't work. Organize and get power. Only through power can you get action. People never get anything but what they're strong enough to get."

• "Don't tell me that 'we have to work differently in this town.' That's a lot of jazz."

• "Form your own groups made up of the people directly affected (by segregation). Pay your own bills. Don't rely on that downtown crowd to do it for you. They won't."

(This last advice, an obvious slam at the make-up of the disputed Economic Opportunities Council, stirred an intent audience of about 1000 to a huge ovation.)

• "The difference between southern segregation and northern segregation is that down there they use broad axes. We use stilettos. But you die anyway."

Alinsky, 56, is the stormy founder-director of the Industrial Areas Foundation of Chicago, which has reportedly advised minorities in some 50 American communities on "power tactics" in integration struggles.

U.S. Funds for 'Hate Dramas'

New York

An anti-poverty program spokesman yesterday defended the use of federal funds for a Harlem arts school where Negro youths stage dramas of anti-white frustration and revenge.

"We'd rather see these kids fussing on the stage than on the streets," said James Kelleher, deputy director of publicity for the Office of Economic Opportunity in Washington.

Kelleher made the comment after disclosure here of the Black Arts Repertory Theater-School, founded last April and coached by the Negro playwright LeRoi Jones.

'PRIDE'

The aim is "to re-educate the nearly half a million Harlem Negroes to find a new pride in their color," Jones says. "I don't see anything wrong with hating white people."

"This was a part of the Project Uplift program that we funded through HARYOU-ACT (Harlem's multi-million dollar anti-poverty program) last summer . . ." Kelleher said. "The overall program was a good one and we have to figure that this (the theater-school) was a part of its success."

"HARYOU-ACT wanted Jones in the program. He is a legitimate playwright, whatever you may think about his views. We knew about it when we granted the money and we have no apologies."

vent hatred of "whites" and envision a day of Negro separation from the white world.

In Jones' off-Broadway play, "The Toilet," a short, scatological work, a group of young Negroes plot against a white homosexual who made overtures to a Negro. The scene is the boys' rest room of a high school and the white youth is dragged in and beaten.

ROCHESTER

A play he wrote for the school, "Jello," viciously travesties the old Jack Benny radio program. In it, Jones has Rochester, Benny's longtime Negro chauffeur, kill all the whites in the cast.

A police official says of the theater that "as a group we don't feel they represent a threat."

Alexander J. Allen, executive director of the greater New York Urban League, although seeing some danger of black chauvinism, says the

TENEMENT

The makeshift theater, in a three-story tenement, received \$40,000 during the eight weeks when 400 Negro youngsters attended classes in the arts, Negro cultural history, remedial reading, math and what Jones termed "hard-core nationalism," the playwright said.

He said additional funds come from the theater's productions and from benefactors he refuses to name.

Other sources indicate the federal share may have been much larger. HARYOU-ACT officials profess not to know since the agency's books are now undergoing investigative audit.

REJECTED

George Nicolau, northeastern deputy director of the federal Office of Economic Opportunity, said the theater is not now supported by anti-poverty funds. "When HARYOU-ACT presented a formal contract to us for additional fundings (of the theater) we turned it down," he asserted.

Some two dozen writers, sculptors and painters teach at the school and 12-15 actors form the core of the repertory company.

Their productions mirror the black supremacy, violence and anti-white fury characteristic of Jones' work—which includes three off-Broadway plays, poetry, a book on jazz, and a recently published novel.

NOTE THE FORCE

"The force we want is of 20 million spoons (Negroes) storming America with furious cries and unstoppable weapons," he once wrote. "We want actual explosions and actual brutality."

Atlanta

The Student Non-Violent Coordinating Committee yesterday bitterly rejected an invitation to a White House conference on civil rights and enunciated a strong policy of black nationalism.

In a prepared statement, it called the conference, scheduled for June 1-2, "absolutely unnecessary."

"Our organization is opposed to the war in Vietnam," SNCC declared, "and we cannot in good conscience meet with the chief policymaker of the Vietnam war to discuss human rights in this country when he flagrantly violates the human

rights of colored people in Vietnam."

Stokely Carmichael, new SNCC chairman, said about 35 members of the militant student organization had been invited to the conference. He emphasized that in rejecting the invitations SNCC is following an aggressive new all-Negro course outside the white power structures of government—from the White House down to courthouses and city halls.

"Integration is irrelevant," Carmichael declared. "Political and economic power is what the black people have to have."

Carmichael, who recently succeeded John Lewis as SNCC chairman, said other major civil rights organizations are "not happy" with the student group's new policies.

"But we'll go our way and they can go theirs," he said. "The Negro should not be expected to be the moral force of this country."

SNCC called on "all black Americans to begin building independent political, economic, and cultural institutions that they will control and use as instruments of social change in this country."

Carmichael said SNCC will continue to organize all-Negro political parties under a Black Panther emblem, similar to the parties now operating in Lowndes county and several other Black Belt counties in Alabama.

Marin City Brawl-- Deputy Hurt

A Main county deputy sheriff received a wrenched leg Sunday night in a brawl between officers and three youths in racially tense Marin City.

Deputy Sheriff Bill Wallace was released after first aid treatment.

Charged with felonious assault of an officer were William L. Bland, 20, of 99 Cole drive, and Willie Grayson, 20, of 89 Cole drive.

Both remained in custody in lieu of posting \$550 bond.

The incident occurred around 10:30 p.m., according to Deputies Gary Bertolotti and Carl Wiest.

They said they were talking with a Marin City woman in front of 409 Drake avenue when a 19-year-old boy, approached and began swearing at them, they said.

When they attempted to jail him for obscenity, Bland and Grayson tried to rescue him, the officers said.

Wallace responded to a radio call for help and was injured in the fight.

The 19-year-old disappeared during the melee.

State Attorney General Thomas C. Lynch said last night that he will not permit law enforcement officers to become pawns in struggles instigated by civil rights leaders, other demonstrators or right-wing organizations.

As attorney general, Lynch declared, his primary obligation "is to enforce the laws—all laws, not just those I happen to agree with—and I mean just that."

He said it was "not the job of the police force to put down demonstrations but to enforce the law."

Attacking those who attempt "to make minorities and police antagonists," Lynch warned Negroes that they must not "vent their spleen on the blue uniforms of the police, and even of firemen."

He paid high tribute to the police and other law enforcement officers, lashing out at those who attempt "for political purposes to drive wedges between minority groups and policemen.

The attorney general criticized the John Birch Society for holding that "the local police should be the instrument by which public demonstrations should be suppressed, whether those demonstrations arise from industrial disputes, from civil rights or from peace marches."

When black Panther candidates run in November's general election in Alabama, he said, SNCC will have on duty poll watchers recruited from Watts in Los Angeles, south-side Chicago and Negro ghettos of the north.

GHETTOS

"We regard the ghettos as colonies and we're going to colonize them so we can control them," Carmichael said. "The only difference between

The Dorado Menace

The recent Dorado decision by the California Supreme Court stripped from police some of their most important and time-honored weapons in defense of society against criminality.

We publish below an extract from an opinion by Justice Walter J. Fourt of Ventura, exposing fallacies of the Dorado rule:

"It may be distasteful to have police at all or to have them investigating and questioning—on the other hand it is more distasteful to be unable to walk on an ordinary street in a city without fear of violence being committed to your person or property.

"If people committed no crime, there would be little need for policemen. But be that as it may, the judicial attitude of this state (as expressed in the Dorado rule) seems entirely unrealistic as to conditions as they exist insofar as the police are concerned."

The Dorado decision ties one hand behind the back of the policeman who is trying to protect your life. The Dorado decision benefits the gangman and thug. The legislature should take steps to change the laws so that the people are assured of reasonable protection.

murders freed Death Row Reversals by High Court

The State Supreme Court issued a sweeping series of decisions yesterday affecting five prisoners on San Quentin's Death Row.

In identical 4-3 votes, the Court ordered new trials for two condemned men — Richard Price, 21, of Sacramento, and Robert A. Anderson, 36, of San Jose — on grounds that they had not been advised of their constitutional rights to remain silent and have counsel during police questioning.

A Scolding For Courts And Judges

A University of California professor of law and criminology scolded the State's courts and judges yesterday for their "weird and wonderful solicitude for criminals" and suggested instead that they "work toward a goal of creating a safe community in which to live."

The outspoken critic was Professor Rex A. Collings Jr., who told the Commonwealth Club luncheon meeting at the Sheraton-Palace Hotel that "the rights of criminals keep on increasing."

"The rest of us are speedily losing ours," he added.

He charged that crime in California is increasing at three times the rate of the population and said that "catching criminals is not a game to be played by arbitrary rules especially developed by judges with no down-to-earth contact with the problems involved."

"We are losing the crime war," he said, "and any attempt to apply Marquis of Queensbury rules to crime is utter naivety."

"Twenty-five years ago I—or a girl for that matter—could with complete security walk around Lake Merritt or through the Berkeley campus late at night. Today only a fool would attempt this. Is there a member of the Su-

preme Court of the United States or of California who dares to try any of these things today?"

Collings, formerly a trial attorney in the criminal division of the Attorney General's Office in Washington, was particularly critical of the State Supreme Court's Dorado decision under which condemned killers have won new trials because of errors in apprehension and prosecution.

"A peace officer," he said, "is required to play by the rules of the game. The trouble is that too often the courts change the rules after the game is over."

By KEITH WALKER

Four candidates for County Supervisor agreed yesterday that Saul Alinsky, Chicago anarchist and organizer, would not be an asset to East Palo Alto.

They said East Palo Alto and San Mateo County already have adequate local leadership to handle problems here.

However, only one candidate—incumbent Adolph C. (Bud) Harrison—said he would support an all-out stand by the Board of Super-

visors against Alinsky's appearance in the County.

Robert St. Clair was completely opposed to such a stand and two other candidates expressed intermediate opinions.

The observations were made in reply to a questionnaire sent to the four candidates by the Bayshore Businessmen's Betterment Association, an East Palo Alto merchants' group.

The questionnaire also requested the candidates' opinions on incorporation of East

Palo Alto and the War on Poverty.

Harrison said most people are aware that appearances of Alinsky "are not conducive to peace and harmony in the community."

"His appearances in areas where problems of breakdown in communication already exist tend to contribute to further breakdown and in most cases, outright lawlessness," declared Harrison, a Burlingame resident and high school teacher.

Primitive Africa Still Around

Leopoldville, The Congo
Reminders that primitive behavior and cruelty still lurk around the edges of civilized Africa appear regularly in African newspapers.

There were the Norwegian peace corpsmen temporarily forced to leave the Toro kingdom in Uganda under threats they would be eaten.

Also in Uganda, a white tourist complained of being held up for all his travelers checks for "poll tax" by a mob of menacing bush Africans who stepped on his feet while taking his money.

The Congo government recently apologized for the beating police gave two young Canadian travelers arrested when they crossed from Congo Republic (a hostile neighbor) without visas.

In Zambia, four Lake Dow tribesmen were sentenced to death after a court found them guilty of the medicine murder of a 6-year-old "slave" child. The four had hoped by doing this to bring rain.

The child's father, Xumakuwe Xoahi, sold his son for five cows, and received part of the divided boy as anti-famine "medicine."

Another report from Fisenge Township in Zambia's western province said residents complained witches and wizards were killing and stealing there. They asked permission to hire a "witch-finder." The government refused, despite their offer to let a government official watch the witch-finder's work.

Rights Commission

The Hunters Pt Crime Problem

A Negro told the San Francisco Human Rights Commission last night that something must be done about crime in Hunters Point.

"We are faced with problems of terrorism and burglary here. Some families who have been living here for 20 or 30 years are going to move out because of this," said D. B. Erlerson of 975 Le Conte avenue.

"They have daughters who are being insulted and assaulted," Erlerson told the commission, holding one of a series of neighborhood meetings to get information on how racial tensions can be resolved.

Three Cars Stoned In Watts Incidents

Los Angeles

Reports of sporadic rock-throwing in the Negro district in South Los Angeles reached police last night. Officers said three cars were damaged in separate incidents, only one of which involved a crowd. Police said two motorists, both white, received

minor injuries when crashed through the windows of their vehicles.

Earlier in the evening a crowd of about 100 juveniles sat a police car in Watts, but quickly dispersed when the officers got out their car.

Oakland Police Nettled

An agency of the Oakland Police Department yesterday called local demands for a civilian police review board an "affront to the city government," and said they "indicate a deep suspicion of our entire system of government."

The comments came in a letter to Oakland's Mayor and City Council from Police Sergeant Sam Mullins, president of the Oakland Police Department Welfare Association.

Mullins asked the City Council to reaffirm its position against a review board demanded by many of Oakland Negroes and Mexican-Americans.

Police witnesses testified that Deadwyler drove up to 90 M.P.H. along the 35 M.P.H. street, ignored traffic signals, swerved on both sides of the street and narrowly missed police cars.

An autopsy surgeon said Deadwyler had 35 per cent alcohol in his blood—twice

the amount generally considered as making a person too drunk to drive.

The case has created a tense atmosphere in Negro neighborhoods in south Los Angeles. A rally called by a newly organized "Committee To End Legalized Murder By Cops" on May 16 was fol-

Teen-Age Rumble

Bystanders 'Save' 3 Berkeley Police

Berkeley police yesterday praised a group of adults who came to the aid of three patrolmen being attacked by a mob of teen-agers late Monday night.

The officers were knocked to the ground and kicked by a crowd of about 50 young toughs who had been engaged in a rumble.

The three suffered minor injuries but did not require hospitalization.

"It could have been a lot worse," said Patrolman Martin Pursley, "if a group of adults had not assisted us in holding off the youths until additional officers arrived."

Pursley was dispatched to the intersection of Sacramento street and Ashby avenue

at 10:30 p.m. because of a report a fight was in progress and a teen-ager had been hurt.

He found a 19-year-old Oakland youth, Emmett Rhodes, bleeding from a beating he had suffered.

Pursley was attempting to question persons in a large crowd of teen-agers when he and two other officers who had responded, Gerry Templeman and H. A. Brizee, were suddenly jumped.

Several adults came to the aid of the officers and kept the incident from becoming more serious.

Another 12 patrolmen were sent to the scene and arrested five youths on charges of disturbing the peace, assaulting a police officer, and resisting arrest.

Burglary Ring

'No Evidence' Frees Suspects

Three of six men arrested by Burlingame police Monday in connection with a suspected state-wide clothing store burglarly ring were released for "lack of evidence" Wednesday.

Wilbur Flournoy, 21, and brothers Luther and Stanley Price, 20 and 23, both of Long Beach, were freed on the legal technicality that police had no search warrant when the trio was nabbed in a San Francisco motel and officers found thousands of dollars worth of stolen clothing.

Their arrests by Burlingame and San Francisco police were triggered when three other men were apprehended in Burlingame in an abortive burglary attempt at the Robert Gates Clothing store.

The three still being held in Burlingame jail are Webbus Harvey, 22, Charles E Standmore, 21, and James Flournoy, 24. Following their

attempted getaway, a phone call to the San Francisco motel by one of the burglary suspects led Burlingame Sgt. Nordstrom to the second trio, he said.

Articles found in the motel room were traced to burglaries from Corte Madera, Richmond, San Carlos and San Jose.

Nordstrom said yesterday Los Angeles authorities are investigating the burglary ring which they claim involves more than \$350,000 worth of clothing stolen throughout the state.

Editor—I think the time has come when we start dealing with crime problems and criminals in a realistic manner. The social workers and politicians have failed miserably. Why not let the law enforcement officers handle the problem in any way that they find necessary.

Those pampered and spoiled people do not seem to understand responsibility and human behavior. Today it is happening in Los Angeles, Long Beach and Chicago. Tomorrow it may well be in our own back yard.

We shouldn't be expected to tolerate this barbarous savagery, or be placated by excuses from high places.

Cops Attacked At N.Y. Rally

New York

Police were showered with debris hurled from rooftops yesterday when they moved in to halt a boisterous street rally sponsored by the pro-Communist Progressive Labor movement on Manhattan's Upper West Side. At least three detectives were

injured.

About 30 policemen and detectives were rushed to the scene when members of the labor group and representatives of an unidentified Cuban faction exchanged abusive remarks that threatened to ignite a riot.

Theater to Defy Cops' Ban

The controversial Negro theatrical group Black Arts slash West announced yesterday that it will attempt to perform an anti-white play at Oakland's Civic Little Theater tomorrow despite a police

ban on the grounds that it is "obscene." Ed Bullins, a playwright and author who heads the group, called a press conference at the group's new headquarters at 1256 Fillmore

street to say members would resist of police tried to arrest them.

"We will use a comparable amount of force that the police use," said Bullins.

Asked whether he expects violence, Bullins said, "The cops just shot a black man in Southern California — what do you think?"

Marvin Jackmon, the author, said the play was originally entitled "Flowers for the Trashman," but is now called "Flowers for the Whiteman."

In the 25-minute play, a white man, "who symbolizes all white men, is killed by a black man, representing the

entire black race," he said.

A leaflet distributed by Black Arts slash West lists Jackmon's name as "Marvin X plus 3," and he was asked if he is a Black Muslim.

"All black men are members of the Black Muslims," he said.

Oakland Police Captain Ted Brown said the play is "filthy" and police had banned its performance last month at the Laney campus of Oakland City College.

Jackmon said his one-act play had been performed a dozen or so times in San Francisco.

Deputy Is Assaulted In Marin

Two teen-agers were booked yesterday for assault after a 20-minute scuffle with a Marin county deputy sheriff who stopped to question them about faulty headlights on their car in Marin City.

The officer, 24-year-old Richard Keaton, said he was knocked to the ground and kicked in the face after he stopped Phillip Craig Scott, 19, of 50 Cole drive, and Daniel James Hayden, 18, of 77 Buckelew street, both of Marin City.

The two were jailed and held on charges of felonious assault on a peace officer, disturbing the peace and resisting arrest. Hayden was also cited for having faulty headlights lacking a driver's license and failure to sign a citation.

There were some 20 onlookers who kept shouting "police brutality," according to the deputy sheriff, who was treated later at Marin General Hospital for multiple bruises, neck sprain and a bloody nose.

THE ONLY American born black leader to visit Mao Tse-tun, leader of China's 700 million people, is Robert F. Williams and his wife, shown during their interview with Mao

in Peking. Despite negative speculation in Western press as to the well-being of Mao, the Chinese leader recently appeared at a reception for the head of a European state.

Disavowals of violence have been made repeatedly by many top American officials. President Johnson and Vice President Humphrey, for example, have denounced rioting and rioters on a number of occasions, and so have many civil-rights figures. However, police officials, local political leaders and some members of Congress cite statements such as those above as part of the climate that has fostered violence. In addition are the pamphlets and other publications flowing into Negro areas and openly inciting slum dwellers to guerrilla war. One pamphlet from Revolutionary Action Movement (RAM) says: "Weapons of defense employed by Afro-American freedom fighters must consist of a poor man's arsenal. Gasoline fire bombs (Molotov cocktails), lye or acid bombs (made by injecting lye or acid in the metal end of light bulbs) can be used extensively. . . . Extensive sabotage is possible."

DIAGNOSIS OF A RIOT

CLEVELAND—A grand jury's report makes this diagnosis of the racial violence that rampaged through Cleveland this summer, killing four and causing millions of dollars in property damage:

Trained professionals. "This jury finds that the outbreak of lawlessness and disorder was both organized, precipitated and exploited by a relatively small group of trained and disciplined professionals at this business.

"They were aided and abetted, wittingly or otherwise, by misguided people of all ages and colors, many of whom are

Some of the same people were observed in both places on several nights of the disorders."

Assigned roles? "It is no casual happenstance or coincidence that those throwing fire bombs or bricks or bottles, or pillaging or generally engaged in disorder and lawlessness were, in the main, young people obviously assigned, trained and disciplined in the roles they were to play in the pattern of these dual outbreaks separated by less than one month. Nor, by the same token, is it happenstance or even just singular coincidence:

"1. That the over-all pattern for fire bombing and destruction to both the Superior and Hough areas was so highly selective;

"2. That the targets were plainly agreed upon;

"3. That certain places were identified to be hit and that certain other places were similarly spared."

The leaders. The grand-jury report identifies "the JFK House"—meaning the Jomo Freedom Kenyatta House in Cleveland—as a sort of general headquarters for the rioters. It names the JFK House leaders as Lewis G. Robinson and his wife, Beth; Harlell Jones, Albert D. Ware-Bey; Philip Morris.

From the report:

"Lewis Robinson has been affiliated with the Freedom Fighters of Ohio, the Medgar Evers Rifle Club which he helped to found, the JFK House of which he is the ultimate head, the Deacons for Defense and the Revolutionary Action Movement. All of these . . . are black nationalist clubs. . . .

"Harlell Jones is affiliated with the JFK House, the Medgar Evers Rifle Club, the Revolutionary Action Movement. He is vice president of Deacons for Defense. . . .

"Along with Lewis G. Robinson, Harlell Jones caused 2,000 pieces of literature to be printed and circulated citing alleged instances of 'police brutality' and on the eve of the Hough riots circulated the greatest number of these to youths. . . .

"Police agencies presented evidence that Ware-Bey, Robinson and Jones all purchased quantities of rifles and all belonged to the rifle clubs here and in other cities. . . . Speeches were made at JFK House advocating the need for rifle clubs and . . . instructions were given in the use of Molotov cocktails and how

and when to throw them to obtain maximum effect. Further, irrefutable evidence was shown to the effect that Robinson pledged reciprocal support to and with the Communist Party of Ohio. . . . It was established before the jury that the leaders of the W.E.B. DuBois Club and the Communist Youth Party, with interchangeable officers and virtually identical concepts, arrived in Cleveland only a few days before the Hough-area disorders."

Outside influence. The report says these men moved into Cleveland from Chicago, New York and Brooklyn and established themselves near "the central point of origin of the Hough-area troubles. . . . They made swift contact with the JFK House leadership and with . . . the leaders of the Communist Party throughout the Ohio Valley. . . .

"Finally, evidence was presented that UJAMA [meaning "African socialism" in the Yoruba language] is an organization dedicated to black power and has begun its effort to establish itself in the Cleveland area. Their philosophy is that black people should be governed by themselves in every respect and that anything pertaining to the rights of Negroes must be cleared through the central organization of UJAMA, which has flourished in New York and has spread into other places and is embraced locally by Lewis Robinson and his lieutenants."

Dear Mr. Allen;

It did my heart good to hear you tell that negro he wasn't ruling Atlanta, yet, that you were. (I heard you on T.V.)

It is a well known fact that they are led by communists, who have been operating there since the close of the depression. It is too bad you could not have held that negro and made him tell who his leader was. Then perhaps, you could have gotten some where -

Mr. Allen, I know a great deal of what has been kept out of the papers that has been going on there for at least five years. You see I have relatives on the police force and the detective department.

The same things are going on here, only they are preying on the elderly and young girls. Two of my boss's friends past eighty were badly beaten up by one of them and the one 93 died from the kicks she received about the head and face and in her ribs.

I was passing a high school here and a girl (not over 14 years old) came out. Two negro boys about 21 years old grabbed her and were

were about to rape her on the street when I went to her rescue and scared them off. I told them I would break their necks with Karate if they did not let her go.

There were 4 white men looking on and not one attempted to help that girl. What is wrong with the white man of today? He doesn't seem to have the chattering of an earth worm!!! The negro knows it and is taking advantage of it. Believe me, I am proud of you!

One reason I came west was that I found it too dangerous to try to go to work early in the morning because I was accosted at Alabama and Whitehall streets on three separate occasions by negro men. I am a well respected Atlanta girl. I was brought up on Cascade Ave., in West End, in Atlanta.

I feel like that if the states opposing "black power" would join hands in their opposition and demand that a new supreme court justice be named; a man from one of those states, be run for president against Mr. Johnson and Mr. Humphrey we could get some where.

The police here won't do anything when a crime is committed by the negro because, they say, "the Supreme Court has tied our hands. We can't make an arrest unless we catch them red handed!" a "Southern" man should hold that job!

Now, I want to say most of the people I know are tired of men who fight Communism in foreign countries and foster it in America! We are tired of politicians working both ends against the middle! The farmers resent being told how much of what, he can plant and raise. The white man is tired of having the negro rammed down their throats!

The negro aims for white wives! They hate their color, not the white man. They have all the important jobs in Los Angeles and are still dissatisfied. They bank on propinquity to bring about the complete integration of the races. (It is happening so fast here, that parents are losing their minds over their nice, beautiful white daughters marrying negro men. (Men can't blame anyone but themselves, they started it by laying up with negro women, or we'd not have so many mulatto negroes!))

If our white men had one particle of pride, he'd leave negro women alone. That accounts for a very great many blind and deformed white children being born, for it is a well known fact that negroes are great spreaders of venereal diseases.

The white man needs re-education from the old ignorant thought that his father would be ashamed of him if he did not have a bad girl, regardless of race or creed, to play around with. If he is old enough to play around, he is old enough to marry a decent, clean, white girl!

Until that time, he should be employed and forced to save for the time when he shall found a home. This would do away with a lot of sexual deviates, too!

I do not feel that negro people nor poor white people should have to live in rat and vermin infested areas.

If they would buy rat traps and poisons and insecticides there would be no need for them to live in such areas. If they'd use a little elbow grease the places would not be ghettos. People make their own ghettos.

I suggest giving them a good look every morning, so they will have a little energy.

The General Hospital here (synonymous with Grady Hospital there)

has very few white doctors or nurses. A woman who is pregnant and has no money is forced to be handled by these black apes, and no white woman with an ounce of pride, can bear the idea of her body being exposed to those 'black apes!' A

It makes my blood boil!!!

Doctors could help this situation if they would! They could give those women (negro) a shot that would permanently sterilize her, the men also. They would never be any wiser! (The negro.

Putting negroes to work in our factories is sabotaging our country. If they handle our food, there are some who cannot resist the temptation to slip slow poisons in the foods. Since most of them are avowed Communists, it gives them the opportunity of sabotaging us in the various ways. If they handle our planes, our ships, work in Governmental jobs, or at our bomb and plane factories or even our auto industries, look out!!! Russia will have us over a barrel!!!

The negro does not want to 'pay taxes'; he does not feel America is worth fighting for. He calls the white men perverts; He demands and gets the white man's jobs, which

he is unable to do after he gets them.

Now I ask you, who is to blame?

The government forces the school teacher to give them high marks in school whether they deserve them or not!

The white child has to be a genius to get even a passing mark!

Are we going to let those people have power of any kind in our country? Are we going to continue to bear with those who are behind them in our governmental offices? Personally, if I could have my say, I'd say no!!!

Where is our white man's pride?

It seems to be in the dust!!!!

Very truly yours,
Mrs. F. Lora K. Shaw

Please forward this letter to the people in every state where there is "black opposition from the whites. Join hands, white people and fight before

it is too late!!!

Sept. 7, 1966

Dear Sir:

I am sure you are as sick and disgusted, as many of we Americans are, over the violence in your fine city this week. It is shameful and frightening to realize what the leaders of the civil rights movement are doing to our beautiful country, all under the guise of civil rights, which has ultimately, proven nothing more than civil disobedience. It is time for the decent and law abiding citizens of this country, to have some guts, and let it be known and understood, that we are no longer going to tolerate any more of this nonsense; which tends to stir emotions to the boiling point. I am appalled at the treatment towards you; the Mayor; just a few, short years ago, this would have constituted a major offense, and action would have been taken, accordingly. I truly fear for the safety of our citizens, for this thing is far from over, and if the Raby's, King's and Carmicheals have their way, they won't be satisfied until they have destroyed our country.

It is time for the pseudo-intellectuals and the do-gooders, to wake up to the fact, that they are part of activities, that are not aimed at honorable goals. It is very important to remember, that this land has more successful negros than anywhere else on this earth.

I keep hearing voices chanting; "equality". What does this mean? I was always of the belief that God gives us our lives, and what we do with it, is for us to decide. How does one judge equality, when each of us is an individual, with individual likes and dislikes, with individual abilities, and thank the Good Lord He made life in this manner. How boring and unchallenging if sameness were a way of life. A man has to stand on his merits, and this God bless land, he is allowed to go to any height, but it does take sheer determination and goals. Man, no matter the color of the skin, does not survive by having things handed to him; much to the contrary; those who do the most and get the most out of life; are those who work the hardest. Government cannot "force" individuals to live together, this has to evolve; if it is meant to be; out of the intent of those involved. We are all aware of the fact, that many negros have shown themselves responsible and respectable, but it is the others, that are causing many questions to be asked. These, are the ones, who to my way of thinking, are playing a very dangerous "game", a game that may well prove disastrous to both races, if allowed to continue. The news-media(all forms) have an obligation to print the truth about how many communists are definitely behind the civil rights movement. It has been proven again and again, and I fear, too many people, still are not well informed of this fact. If our nation is not restored to law and order, I, for one, shudder to think of what the immediate future has in store for us. God blessed this nation beyond any other nation in recorded history, and it appears, we have turned our backs on all we had going for us. If this be true, and we continue to follow the present course, He may well turn His wrath upon this nation...then it will be too late to turn back and rectify our mistakes. Everything our forefathers did was in a Godly manner, and nearly everything we do, is directly in opposition, so is it any wonder we are finding more problems than we are equipped to handle!

Surely, I am in no position to suggest how you should run your city, but I can only hope and pray that you and all the leaders of Atlanta, will be tough, and not succumb to the coercion and harassment that is all too familiar with the so-called leaders of civil rights. They are diseased in their thinking, and they come into the communities alien to them, and are content to leave only when, they have the seeds of discontent, well planted. I had hoped by now, that the President would have seen fit; for the good of the country; to call a halt to the marches, riots, sit-ins and all organized attempts to disrupt the natural events, in communities throughout the U.S.A. It is more and more evident to those of us watching closely, what a man will allow, for the sake of vote-getting. Our Pres. could stop what is now becoming a way of life, for the trouble makers, but such is not the case, so it seems to me, and to many, many others, that local officials must take the initiative to protect all the innocent citizens of their towns and cities. We cannot and must not allow any more of civil disobedience, as something the decent and law-abiding people must live in fear about. Please, please do not let the nuts put you into a position of they dictating to you and the other city officials: what has taken place in Chicago, regarding the final outcome from City Hall, has made so many of us sick at heart. I am married to a Realtor, so I feel it is unnecessary to say how I feel about the loss of a very, precious freedom; that of Property Rights. God bless Ev Dirksen, they never tire of trying to make a fool out of his convictions, but I cannot think of another politician, who can come up to his waist!

God is testing this nation in so many ways, that it takes someone much shrewder than I, to keep up with it. The Forces of Evil attack only when they see weakening cracks that they are able to split wide open. I hope and pray, that this Nation of Sheep, will wake up, before it is too late. Good luck and God bless you; I sincerely hope you have seen the last of chaos and confusion.

Sincerely,

Anne Mac Donald

Stokely's ability to attract the television and radio audience.

Mr. Allen, it seems to me that you ought to be thankful that you just recently ran into a Stokely Carmichael. You accuse him of inciting a riot--a charge that Southern officials level only at civil rights devotees--when nothing but luck held down the tempers of the minority citizens while Atlanta was permitting the existence of inflammatory activity by such as the cross-burning rabble rousers who have used your town without any comment from you.

Mr. Allen, the Student Non-Violent Coordinating Committee should not be made to pay the political campaign financial demands placed on you and your friends.

Mr. Allen, do not rush to assume the self-delegated responsibility of trying to rid this free country of Mr. Carmichael; you will be just a puppet who will get no national praise, except it be that which comes from your family.

Brother Allen, the way you imprisoned Stokely and his aides is no more just than the way some unwise former rulers imprisoned the likes of Paul and Silas. The Apostle Paul "incited a riot," and Jesus Christ really stirred up the people. But Jesus came not to destroy the law, but to fulfil it. So did Stokely Carmichael. Mr. Allen, the only reason you threw Stokely in jail is that he is your first encounter with a black man who is not afraid of you. Mr. Carmichael will not bow down to you, and that is the shock of your lifetime. Because of it, you give him the Daniel treatment.

You know as well as I do that Carmichael did not cause your riot. Stokely called your number, and you tried to save face. You are not "too full of the milk of human 'kindness' to catch the nearest way."

Mr. Allen, what makes you think you can make the nation believe that a jury in Atlanta will be honest with a man like Stokely?

Who is Ivan Allen?

Mr. Mayor, every college town has some facade of prosperity. Yours is manifold, college-wise. But you forget the poor man. Even the few civil rights leaders with whom you smile are well-to-do. But what about the poor--the only people police rush to shoot? You overlook them and expect a few wealthy Negro professors and lawyers and preachers and doctors to spread your "fame" throughout the land.

But Mr. Allen, Stokely Carmichael is an educated philosopher. His intellect is keener than mine and yours put together. (All the more reason you should hate him, perhaps?) He can perceive the limitations of your liberal attitude. We saw Los Angeles exposed. Will Atlanta follow similarly?

Stokely Carmichael could become the best friend you ever had, but the move seems to be up to you. Do you have guts enough to go before your jury and halt the persecution of those innocent people? Stokely Carmichael needs no lawyer. He needs only one defense witness--Ivan Allen. You were weak enough to stab him, so are you strong enough to bandage the wound and thereby put your name on the list of saints alongside that of my good former Governor Leroy Collins? (Both you and the Governor would still have to take care not to get yourselves toppled from "my mention." "My mention" is the cause for which all the civil rights leaders have striven so hard.) If you cannot do this, Brother Allen, the door to notoriety which recently admitted certain other "officials" we both know is still open.

When you go to bed at night and can't fall asleep (I know you can't.), try thinking of that black man you threw in jail without reason. Counting sheep and taking sleeping pills will not erase injustice.

Stokely Carmichael hits home runs. Isn't Ivan Allen striking out?

Yours in peace,

Tillman Mack Peck

Mayor Ivan Allen:

I wholeheartedly protest the injustice and illegal arrest of Stokely Carmichael of Student Non-Violent Coordinating Committee.

You, along with the newspapers have joined in another trick to try to fool the general black public, but this trick not any other will stop the black people's revolution.

If police brutality, slums, poverty condition's, and the general exploitation of the Negroes there in Atlanta, the citizens protest of police arrests which is termed a riot would never have occurred, but this protest and further protests will continue on a mass scale because of the inhuman treatment of the black people all over America.

Whether it is Carmichael or whoever it may be that speaks out the truth in behalf of the black people, it is what every black person feels within his heart. A feeling that will continue until every black person is free of all injustices that he is being subjected to under white power, and Carmichaels arrest is just another one of these injustices, the denial of free speech.

Mayor Allen, the fight will continue, the feelings will continue, the protests will continue and who knows all the rest that will continue until the day comes when all black people are able to be free of the conditions that are forced upon us by the white power structure.

However, may it be emphasized here that you have added a fuel to the spark and stronger bounded the black people's effort's in their revolution.

Dear Mr. Mayor -

I read of the riots in Atlanta - and what it
does to the great state of Georgia.

The people of this Nation are going to keep the
United States -

It isn't going to die by war or any other way -
then renamed America - as an example to other
nations; of one that overcame death.

It is impossible to divide the States by running a
line through the United States.

If they - our enemies, do that; Oh Missouri -
then the State still has only one Supreme Court,
one Senate, one House.

A great genius gave us the idea of States. It is
going to stay. States, United States of North America
to the end. The "Lords" who would destroy the
States - are premature with "Civil" America.

The above is "Platonism". It is not Platonism.

Dear Mayor Allen:

Enclosed is a copy of the Cuyahoga County Grand Jury Report concerning the recent riots in Cleveland, Ohio. You will note on page 3 that the Cleveland riots were "aided and abetted by -- members of, or officers in, the Communist Party."

May I offer my sincere and deepest sympathy for the terrible state of anarchy that has recently been perpetrated by what appears to be "outsiders" on the great City of Atlanta? You are to be congratulated for your wonderful leadership and resolute courage in the face of tremendous personal as well as political risks. Seldom have the American people seen such bravery as you personally demonstrated the past week-end.

Attached are two letters to Ex-Congressman Frank W. Boykin and to Congressman Joe R. Pool, Chairman of the House Un-American Activities Committee, concerning one Stokeley Carmichael. You will note that I am calling on Congressman Pool to investigate ways and means to bring Carmichael and his gang out in the open. Since you now have him in jail in Atlanta, perhaps this is an opportunity for a joint effort by the House Un-American Activities Committee and your efforts in Atlanta to either put this man in jail for a long term or, better yet, deport him immediately. I am sure you can count on warm support from Congressman Pool, but you will probably have strong opposition from Attorney General Katzenbach since he has publicly denounced the Grand Jury Report from Cleveland both on television and in the international press.

In the interest of law over anarchy, I remain

Sincerely yours,

My dear Mr. Boykin:

I deeply appreciate your action in mailing the Grand Jury Reports from Cleveland to our friends in an effort to make this terrible guerrilla warfare known to everyone. If we as a nation, fail to identify Communist influence behind the scenes, then these riots can never be suppressed.

If enough important people fully grasp the complete dangers of this problem, they will assist Congressman Poole and the rest of the House and Senate to bring pressure on the President to rid himself of the rotten eggs in his cabinet.

It is my opinion that Attorney General Katzenbach will go down in history as the worst ever to serve our country. Something must be done about his refusal to recognize and do something about Communism and its followers, who openly state their intent to destroy our nation. For example, if you or I stood on a street corner anywhere in the U. S. and called on anyone to refuse to serve in the country's military services, we would be clapped in jail overnight, and we would deserve such treatment. On the other hand, we see the Justice Department openly supporting and protecting leaders such as Stokeley Carmichael, leader of the Student's Nonviolent Coordinating Committee, who recently appeared on national TV (NBC) and enjoined all negroes to refuse to serve in the military. The question is: Whose side is Katzenbach on?

This man Carmichael should be deported. He is a native of Trinidad and recently admitted to NBC Moderator, Mr. Lawrence Spivak on "Meet The Press" that there is some question of whether he is even a citizen of the United States. Regardless of his citizenship status, anyone who preaches against negroes, or any other race, honoring their obligatory military service, is obviously preaching treason against our country. We deported the gangster Lucky Luciano for crimes that were far below the level of treason.

Please do everything possible to obtain copies of Bobby Kennedy's speeches when he ran for the Senate, New York and defeated Senator Keating. Perhaps a better description would be when he "purchased" Senator Keating's job. These speeches will be of inestimable value to Governor Wallace when he begins preparation for the 1968 presidential race.

Please call all your friends and try to influence as many as possible to attend the Governor's speech in Prichard Monday, September 5, 1966.

With warmest personal regards, I remain

Your devoted friend,

Dear Congressman Pool:

Enclosed is a copy of a great speech by Mr. J. Edgar Hoover, Director, Federal Bureau of Investigation, made to the Masons October 19, 1965. Your attention is invited to page 8 wherein Mr. Hoover states, "Standing in the forefront of the communist campaign to confuse the minds, distort the thinking and win the support of our young people is the DuBois Clubs of America - an illegitimate spawn conceived by the Communist Party and nurtured by a trusted band of youthful adherents to the cause of world Marxism." Mr. Hoover further states that the civil rights organizations that cross this land are being permeated by communists. I, for one, believe that Mr. Hoover is 100% correct and that all too often our Attorney General Nicholas Katzenbach is 100% wrong, when it comes to the hard problem of identifying known communists.

Also enclosed is a news article by former Governor, Ross Barnett of Mississippi, who states that the nation is now suffering from "planned, organized, red infiltrated violence, under the guise of civil disobedience." You will note he further identifies Stokeley Carmichael, head of the Student Nonviolent Coordinating Committee, as one of the principal troublemakers.

A short time ago, Stokeley Carmichael appeared on Meet the Press, a program which was televised nationwide. He repeatedly and vociferously stated that he now calls on all negroes to refuse to serve in the military in defense of this country. Specifically, he rejected the idea of any negroes serving in Viet-Nam and left no doubt that he is in truth preaching treason from day to day.

According to the news accounts I have read, Stokeley Carmichael is not a bona fide citizen of the United States. He admits publicly that he has never voted in an election and for one so interested in the conduct of our nation's affairs, this must be proof that he isn't a citizen. I understand

he was born on the Island of Trinidad and was "educated" at Howard University, Washington D. C.

You will recall that our country deported a gangster known as Lucky Luciano for crimes that are considerably below the level of treason. My simple question is" Can you shed true light on the character and purpose of one Stokeley Carmichael? Next, he should either live by the laws of this country or he should be deported. Perhaps your great committee can help in ridding the U. S. A. of these insidious enemies that our Justice Department seemingly ignores as civil strife continues to increase.

In the interest of law over anarchy, I remain

Sincerely yours,

SPECIAL GRAND JURY REPORT RELATING TO HOUGH RIOTS

Your Honor, Judge Thomas J. Parrino, Presiding Judge,
Criminal Branch, Common Pleas Court of Cuyahoga County:

As a preface to the attached report of the County Grand Jury convened by you in special session for dealing with the recent Hough Area riots, this Jury would like to make some general observation to you.

These are reinforced by approximately six months of reviewing the status of law and order among the people of this County.

We assume that the people of Cuyahoga County are in the main typical of people of the whole nation during this latter half of the turbulent twentieth century.

It is our firm belief that what America needs more urgently than anything else is a renewal of good citizenship by all of us.

Of equal concern by this Jury are the steady erosion of ideals and principles of God and Country and their persistent replacement by the deification of material idols and material 'principals.' We profoundly believe that a rigid adherence by everyone to the established law and order of this country should instantly replace the guerilla warfare practiced in the streets and neighborhoods.

Whatever we in this country set out to achieve should be accomplished within the framework of the laws fashioned for the benefit and protection of every citizen and not by any means we think can be employed or the time we fix for ourselves.

We believe there should be a restoration of the qualities of good faith, of honesty, and a willingness to hear out the other person or the other side without resort to violence and disorder, whether, around a bargaining table with capital and labor, or grievances among people of different background or ethnic origin.

We believe in an elevation of moral and ethical standards and conduct, including those in high places in government and in business and in the professions - - a general going over of our entire pattern of national life and values.

What this country and this community need, in the opinion of this Jury of laymen , themselves citizens and parents and in business and professions, is not so much a blood bath but a good cleansing spiritual bath.

I.

This Jury was called into special session and directed by Presiding Judge Thomas J. Parrino of Common Pleas Criminal Court to inquire specifically into what now has become known as the "Hough Area situation."

Judge Parrino directive was in two parts:

ONE - To establish the immediate cause of the fire bombing shooting, pillaging, general lawlessness and disorder.

The Judge requested that this Jury learn whether the outbreak of disorder in this two mile square area, housing 60,000 negro people, was organized, and, if so, by whom.

TWO - To establish as nearly as possible the basic circumstance under which 60,000 human beings were living in this relatively restricted area and for whom the life, limb and property of all were placed in jeopardy by the disorders.

The Jury has made this appraisal within the time limits and facilities available and herein reports its general findings.

NUMBER ONE

This Jury finds that the outbreak of lawlessness and disorder was both organized, precipitated, and exploited by a relatively small group of trained and disciplined professionals at this business.

They were aided and abetted, wittingly or otherwise, by misguided people of all ages and colors, many of whom are avowed believers in violence and extremism, and some of whom also are either members of or officers in the Communist party.

The majority of people in the Hough Area had no part in either the lawlessness or disorders.

They have been hindered rather than helped by this major tragedy.

This Jury considers it regrettable and unfortunate for the community's sake that the legal statutes of Ohio and Cuyahoga County are either so outmoded or inadequate in their scope that these "responsible irresponsibles" cannot at this time be reached by specific indictments for their infamous activities.

By persistent additional investigative effort they may be reached later on in this fashion.

(This Jury later in this report urges new and more adequate laws in this respect.)

It is likewise observed by this Jury that it did not have the necessary special investigative resources which could be and should be focused exclusively in tracking down the required immediate and far reaching evidence for conclusive legal action against specific individuals.

However, in making this observation, the Jury wishes especially and particularly to commend those established arms of law enforcement which have worked so resourcefully, effectively and energetically in this aggravated situation.

By this the Jury means, to be precise and specific, the Cleveland Police Department in all of its branches, from the Chief to the newest Rookie, and to Ohio National Guard when invoked by the Governor in this serious community emergency.

The Jury nevertheless must emphasize that with the limitations imposed by the necessity of at all times guarding the community, the established arms of law enforcement are not equipped either with the resources or the investigative facilities to make such a total all out and extended inquiry under this situation as is obviously called for.

This Jury, in consideration of the basic and wide public interest, and exercising the latitude granted it under the laws which empower the creation of such a body as ours, nonetheless

makes reference to individuals and organizations that in varying degrees were contributors to the Hough Area lawlessness and disorder.

It further notes the presence of many of these same individuals and organizations in another instance of lawlessness and disorder, that on Superior Avenue, which bore many of the striking similarities to the Hough Area disorders.

It notes the further significant fact that the Superior Avenue episode preceded the Hough Avenue disorders by less than a month.

Some of the same people were observed in both places on several nights of the disorders.

This Jury further believes, that, even though what already happened is both regrettable and tragic in every conceivable human aspect, there is a grave potentiality for repetition of these disorders, or others like them, occurring elsewhere in this community.

Different techniques might be employed; but the results would be equally disastrous or even more so.

Therefore, this Jury believes its judgment should be made an important part of the formal record of what has happened and of whatever may happen in the rather unpredictable future towards which we all, as citizens of this community, are mutually moving wherever we may live or whatever may be our place in life.

Finally, before making specific reference to adult leaders in this crises areas, and the events leading up to them, the Jury respectfully calls attention to the effective uses made of impressionable emotionally immature and susceptible young minds by those who for one reason or another have set out to accomplish their designs and objectives in Europe, Asia, South America and elsewhere.

It is no casual happenstance or coincidence that those throwing fire bombs, or bricks, or bottles or pillaging or generally engaged in disorder and lawlessness were in the main young people-obviously assigned, trained and disciplined in the roles they were to play in the pattern of these dual outbreaks separated by less than one month.

Nor, by the same token, is it happenstance, or even just singular coincidence:

1. - That the overall pattern for firebombing and destruction to both the Superior and Hough Areas was so highly selective;
2. - That the targets were plainly agreed upon;
3. - That certain places were identified to be hit, and that certain other places were similarly spared.

On both of these occasions, the Superior and Hough disorders, the presence of teenagers previously referred to was observed by the police, by plainclothes officers and undercover agents who had been assigned for long periods to observe these youths,

With this background firmly established by the Jury's inquiry, and with the notable help of County Prosecutor John T. Corrigan and his staff, particularly Asst. County Prosecutor John T. Patton, this Jury herewith makes reference to some of the principal and recurring personalities in the chain of events which preceded both the Superior and Hough situations:

THE JFK HOUSE

The JFK House, meaning Jamo Freedom Kenyata House, is located at 8801 Superior Avenue, The leaders are:

Lewis G. Robinson, and Beth Robinson, his wife, living at 1242 E. 89th Street; Harlell Jones, 9716 Hough Avenue; Albert D. Ware-Bey, 11611 Castlewood

Avenue, and Philip Morris, 7806 Radell Avenue.

Lewis Robinson has been affiliated with the Freedom Fighters of Ohio, the Medgar Evers Rifle Club (which he helped to found), The JFK House, of which he is the ultimate head, The Deacons for Defense, and the Revolutionary Action Movement.

All of these Clubs, to which Lewis Robinson belongs are black nationalist clubs.

Testimony before this Jury discredited Lewis Robinson as a leader concerned with generally altruistic interests in youth but rather points to him as inciting these youths to focus their hatreds and as indoctrinating them with his own vigorous philosophy of violence.

He exerted a profound influence over the JFK youth and he still does.

Harlell Jones is affiliated with JFK House, the Medgar Evers Rifle Club, the Revolutionary Action Movement; he is vice-president of the Deacons for Defense in spite of his public disavowals, and had frequently either presided over or sponsored meetings for black nationalists, and espouses the ultimate revolutionary purpose for adjusting differences or obtaining desired ends.

Along with Lewis G. Robinson, Harlell Jones caused 2,000 pieces of literature to be printed and circulated, citing alleged instances of "police brutality", and on the eve of the Hough riots, circulated the greatest number of these to youths of non-voting age under the plausible guide of urging the defeat of a levy at the polls.

Special movies of an undisclosed and voluntary interview shown to the Jury presented Harlell Jones as an outright exponent of violence, a black power apostle with a bitter hatred for all whites, a co-founder of the Rifle Club, and in command of at least one Rifle Club.

Albert D. Ware-Bey, belonged to the same Clubs as Harlell Jones. He declined to testify before the Jury. Police agencies presented evidence that Ware, Robinson and Jones all purchased quantities of rifles, and all belonged to the Rifle Clubs here and in other cities.

Ware-Bey expressed no allegiance to this country, professed himself not to be bound by its laws, and in the opinion of the Jury, by both testimony and his own conduct, was not one who could have other than destructive influence upon youths either at the JFK House or elsewhere.

There was evidence placed before the Jury that Rifle Clubs were formed, that ammunition was purchased, and that a range was established and used, that speeches were made at JFK House advocating the need for Rifle Clubs, and that instructions were given in the use of Molotov cocktails, and how and when to throw them to obtain maximum effect.

Further, irrefutable evidence was shown to the effect that Robinson pledged reciprocal support to and with the Communist Party of Ohio.

In addition, Robinson attended many meetings at which imported Communist speakers talked and was arrested at one of these.

It was established before the Jury that the leaders of the WEB DuBois Club and the Communist Youth Party, with interchangeable officers and virtually identical concepts, arrived in Cleveland only a few days before the Hough Area disorders.

They took up residence at 1844 East 81st Street, only a short distance from the Central point of origin of the Hough Area troubles.

These men, who came from Chicago, New York and Brooklyn, were Mike Bayer, otherwise known as Mike Davidow, Daniel Mack, Ronald Lucas, and Steve Shreefter.

They were seen constantly together. They made swift contact with the JFK House leadership, and with Phil Bart, of Middlehurst Road, Cleveland Heights, Ohio, and his wife, Connie, who, the evidence showed, are the leaders of the Communist party throughout the Ohio Valley District including Cleveland.

With specific regard to the WEB DuBois Club, the evidence further showed that Mike Bayer, Daniel Mack, Ron Lucas and Steve Shreefter previously living and residing a large part of their time outside of Cleveland, are currently making plans to move their efforts from the Hough Area over to the West Side: That they are not employed, are now so far as the Jury knows without any visible means of support but nevertheless are able to carry on their advocacy and to maintain themselves with clothing, food and shelter from some undetermined source. Finally, evidence was presented that UJAMA is an organization dedicated to black power and has begun its effort to establish itself in the Cleveland area. Their philosophy is that black people should be governed by themselves in every respect and that anything pertaining to the rights of negroes must be cleared through the central organization of UJAMA which has flourished in New York, and has spread into other places, and is embraced locally by Lewis Robinson and his Lieutenants at JFK House. In attendance at one specific meeting at which plans for UJAMA in Cleveland were discussed were Robinson, Jones and Ware-Bey. Also in attendance at this meeting was Cornelius Freeman from Cleveland and Oserjiman Adefumi, and also known as Serge King, and Gizengaga Latunji, representing New York UJAMA.

It is this Jury's opinion that the investigative authorities have progressed sufficiently to justify the expectation they will ultimately, if either urged or permitted to follow beyond what they have thus far gathered be able to put together all of the pieces to this pattern of lawlessness and disorder.

Because of this Jury's strong judgment in this regard it earnestly urges its successors to pursue the Superior and Hough disorders with the utmost vigor and determination.

Nothing less than this should be permitted in the public interest.

In this section of its report to Judge Thomas J. Parrino the Jury wishes to reiterate the fact that the overall majority of the people living in the Hough area, distressed, frustrated, beset with problems unimaginable to those who do not endure them, had nothing whatever to do with these disorders and destructions, and the Jury, on the contrary, expresses its wholesome admiration for their good citizenship and restraint in these tense and emotional times.

In the course of its investigation, the Grand Jury has learned that police and firemen were targets for snipers and individuals throwing rocks and bricks.

Further, fire equipment was damaged, particularly hoses, which were cut or attempted to be cut so as to render them useless in the protection of persons and property.

These acts were a direct affront to lawful authority and of necessity would lead to justifiable armed self-protection, unfortunately resulting in occasional injury and death to the innocent.

These senseless acts cannot be tolerated and the perpetrators should be subjected to severe penalties.

The police and firemen on the other hand should be commended for their efforts to maintain law and order in the face of great personal danger.

The general conduct of our police and fire departments, we feel, command and receive the highest respect of our law abiding citizens from all groups.

It is the recommendation of this Grand Jury that all decent law-abiding citizens proclaim their support of law and order and their support of policemen and firemen in carrying out their duties toward that end.

This, in turn, will of necessity command a course of conduct on the part of police and firemen and particularly of the police, who have more intimate contact with the public, which will be of the highest caliber of efficiency and decency and patience and will thus contribute to a greater restoration of our American ideal of equal treatment.

As earlier in this section of the Jury's report it was indicated, the Jury now requests that the Cuyahoga County delegation to the next session of the Ohio Assembly give serious consideration to the following suggestions for new and more inclusive legislation covering such situations as the Superior and Hough Area disorders represent.

The Jury suggestions therefore are --

(1) Inciting to riot.

No person with the intent to cause a riot shall do any act or engage in any conduct which urges a riot, or urges others to commit acts of force or violence, or the burning or destroying of property, and at a time and place and under circumstances which produce a clear

and present and immediate danger of acts of force or violence or the burning or destroying of property.

Whoever violates this section shall be imprisoned not less than one nor more than twenty years.

(2) Definition of Riot.

Any use of force or violence, disturbing the peace, or any threat to use such force or violence, if accompanied by immediate power of execution involving two or more persons carrying on such conduct and without authority of law, is a riot.

(3) Enhanced Penalty for Arson or Attempted Arson during a Riot.

An amendment to Revised Code section 2907.06 (this section concerns itself with the attempt to burn or set on fire or to do any act preliminary thereto or the burning of buildings):

"Upon the proclamation of the Governor proclaiming a state of disaster or extreme emergency because of a riot, whoever violates this section during such period covered by said proclamation shall be fined not less than \$5,000.00 and imprisoned not less than five nor more than twenty years or both."

(4) Assault against a fireman or policeman acting in the course of his duty.

No person shall assault a fireman or policeman while such fireman or policeman is acting in the course of his duties. Whoever violates this section shall be fined not more than \$5,000.00 or imprisoned not less than one nor more than twenty years or both.

In addressing itself to the second of Judge Parrino's directives, namely, the conditions of life prevailing in the Hough Area, this Jury finds:

Poverty and frustration, crowded by organized agitators, served as the uneasy backdrop for the Cleveland riots.

Unfortunately, it is the overwhelming mass of innocent and law-abiding citizens who pay the greatest penalty in any cross-fire of violence.

The following inequities and practices contributed as a feeding ground for disorder:

- a. The density of population in the Hough Area.
- b. Inadequate and sub-standard housing.
- c. Charging of exorbitant rents by absentee landlords.
- d. Non-enforcement of the housing code.
- e. Woefully inadequate recreational facilities for children whose uncertain homelife calls for this kind of wholesome community outlet, and for the constructive guidance and counsel to offset their regrettable environment.
- f. Sub-standard educational facilities as a consequence of long neglect, which, in substantial fairness, have been greatly improved in recent years but which still call for further effort on the part of officials and community leaders.
- g. Excessive food prices in most instances accompanied all too frequently with foodstuffs found to be inferior in freshness or quality.
- h. The denial of equal economic opportunities.
- i. Diminished incentives by repressed and neglected people.

- j. The present system of paying women for having children, frequently out of wedlock, or under a relationship loosely described as "common-law" - which enables the father to walk out of his "marital arrangement" to escape his proper responsibilities.

(The current welfare system should be challenged in this respect for its effect upon the very people who are supposed to benefit. Children brought into the world under such callous and financially expedient circumstances are rarely seen by their father. This system the Jury believes is anything but helpful either to the mothers, or the fathers, or the children, or the community. Surely, this Jury believes, those charged with social and moral responsibility in this community are capable of devising a much more equitable and effective formula than the prevailing one.)

- k. Regardless of how the very large addition of negroes formerly widely dispersed throughout the deep and mid-South have migrated to the large northern cities, like Cleveland, the fact is that these men, women and children are here.

(In many instances the mode of life they find in such large cities as Cleveland differs substantially from that which prevailed in the places whence they came. Frequently they find themselves bewildered and unable quickly to adjust themselves to the demands of their new surroundings and thus find themselves frequently at cross purposes with the authorities and the older residents of the areas in which they find themselves currently.)

Impatience among the negro people for the improvement of their citizenship is understandable but the opinion has been expressed they may be attempting to exact too much too fast for the community to bear within an arbitrarily fixed time limit.

The fact, nevertheless, is that too many human beings, however they arrive in our midst, or whence they came, or why, are living under such completely intolerable conditions in the Hough Area at the present time, that inevitably the consequences must be futility, frustration, bitterness, and exposure to the abrasive forces advocating violence.

These factors make them prone to the almost immutable by-products of such prevailing conditions; crime, delinquency, looseliving, tragic deterioration of moral behavior, and the brittle, bitter, hyper-sensitivity which emerges therefrom; and in the aggregate these effects represent potential danger not only to themselves but to the community as a whole.

There are no longer moats complacently situated in which any citizen can live under modern conditions safely removed from the turmoil and anxiety and bitterness of others, irrespective of skin color, or religious identification or political inclinations or economic and social environment.

Whatever happens in the large cities of America, as in the community of Greater Cleveland, eventually affects all citizens in one way or another.

Now, all these complex social evils are used as subtle and inflammatory provocations by resident and non-resident organizers who exploit riots such as both the Superior and Hough Area riots in Cleveland.

Where possible, as earlier indicated, this Jury has diligently sought to pinpoint the causes of these riots.

At this time the return of any additional indictments based upon community vengeance and not upon evidence sufficient to convict in a court of law would not do credit to our democratic society.

Realistic and productive goals must now be set by this community, and that near term emphasis be directed toward:

1. - Improvement in Housing Code Enforcement.
2. - Improvement in Police Action and Court Findings against prostitutes, cheat spots, gambling, and the profusion of the numbers of liquor license outlets.
3. - Continuing drive for improved garbage and rubbish collection; stronger measures against landlords and tenants to make this task easier for the City.
4. - Put the Urban Renewal Program back on the track with the full cooperation of the Federal Government as quickly as possible.

Our total resources must be marshalled to prevent a recurrence of this enormous tragedy -- a potentiality which this Jury strongly counsels is still present.

Where prejudice and injustice are cast aside, the wilful and malicious agitator finds little support for his provocative and destructive acts.

This Jury does not attempt in this report, while sorely tempted to do so, to fix responsibility upon either individual or individuals, or on pressure groups or organizations for the community's failure to more adequately to meet its responsibilities.

It does, however, wish to make unmistakably clear that it does not believe this community has adequately measured up to its responsibilities.

By the same token it does not believe that the influential leaders in either the Hough Area or in other areas of this community have measured up to their responsibilities.

This Jury does at this time urge upon the Mayor, upon the City Council, upon the business, financial and industrial leaders, upon the educators and the civic organizations to act now either individually or in concert to put Cleveland in the forefront in meeting the sociological and moral challenges of our times, as in the past this community has so conspicuously risen to meet the challenges of the past.

This Jury cannot conclude its report without paying wholehearted tribute to those wise and long-range leaders of this community who in their great wisdom saw and recognized a situation which now rests uneasily on the conscience of the entire country, and it applauds them for their selfless work, their patience, their substance, their cooperative efforts, and the many tangible results of their good and wise leadership.

They have set for the rest of us a plateau of good citizenship for which we should all strive.

The time for total community action is now.

Dear Sir -

Well, well! Atlanta's integrationist Mayor got bounced right off a police car didn't he?

I heard you on television and that Hominy grits accent was really laughable.

I suspect that many thousands of local citizens as well as many millions who heard you, figure that you got exactly what was coming to you

You can try to blame it on SNCC if you want to but I'd say the primary blame is at your own door, for being so soft on negroes and striving to be the darling of the NAACP. Southern "moderates" are stupid.

The Honorable Ivan Allen, Jr.
Mayor of Atlanta
Atlanta, Ga.

Sir: This is to congratulate you most heartily for taking a firm stand against the infamous West Indian, Stokely Carmichael. The freedom that such as ^{they}are being allowed to wreck our nation is beyond comprehension.

However, I am shocked that you favor "even a stronger open housing bill" than it is in its present form. This is unquestionably a measure that will eliminate freedom of choice for all, even you. This also, will NOT stop riots such as have just had. Neither integration, open housing, nor any of the things this movement ostensibly pursues is the real goal behind it all.

You must know that they are asking for the IMPOSSIBLE, and they are all intelligent enough to know this. The real goal is REVOLUTION. This should be clear for all who have eyes to see and ears to hear.

Hundreds of thousands of people, white people, live in the same squalor that thousands of Negroes live in. But it has never entered their minds that riots and destruction of property was the way to obtain better living conditions! After all, PEOPLE MAKE THEIR OWN ENVIRONMENT. These living conditions did NOT come already equipped with filth, vermin and squalor. PEOPLE MAKE SLUMS.

You have made a courageous stand for which people across the nation will admire and applaud you. Please do not now fall into the "liberal" cliches, that after, they really DID have an excuse for their anarchy! There is NO excuse for this conduct.

I know you are a busy man, but I beg of you to take time to read the enclosed. It will be of help to you.

Most sincerely

THE NORTHERN REBELS

A few years ago, when certain politicians discovered they could attract Northern votes by promising to end segregation in the South, most people thought that civil rights problems were confined to Dixie. Northern Liberals took up the banner of "equality for all" in the South.

It was argued that State laws requiring segregation in certain areas of life were unconstitutional laws. Much was said about the thesis that laws which are "immoral" need not—and should not—be obeyed. (In the flurry righteously to disobey immoral laws, whole mobs of people sat down and blocked rush-hour intersections. Did they decide that traffic laws were immoral?)

The Northerners pontificated about the evils of the Southern "system." Demonstrations in Southern cities were televised to Northern audiences, who shook their heads and wondered how the people of Dixie could be so terrible.

And then it boomeranged. Today it is the North—where "segregation" is not legally imposed; where the "immoral" laws do not exist—it is the North where trouble is taking place. The action center is now in cities like Cleveland and Chicago and Los Angeles, and smaller cities as well. There are "demonstrations"—a gentle word for what has happened in some places—everywhere.

The leaders of these incidents would like the public to believe that the outbursts are merely the spontaneous reaction of downtrodden people. Yet, reports seep through the propaganda—reports of outside agitators who never set eyes on the local "downtrodden" people before. During the Hough uprising in Cleveland, there was evidence that many of the rioters came from out of town, and that they came specifically to create a disturbance.

The House Judiciary Committee is scheduled to launch a probe into the question of whether a pro-Castro organization had anything to do with the Cleveland incidents. The House Committee on Un-American Activities may hold hearings to discover the details of the "Revolutionary Armed Movement" (RAM) which is said to hold "Black Power" workshops in various cities. By merest coincidence, these workshops precede riots by a week or so. There is suspicion in some quarters that the RAM may be very much connected with Robert Williams, who broadcasts out of Havana in programs designed to agitate American Negroes into an uprising.

A side effect of the civil rights demonstrations in Chicago has been an alarming increase in crime. The police superintendent says this is due to the fact that the police force is obliged to protect the civil rights marchers during their continuous marches—and the rest of the city is left with insufficient police protection. The facts support the superintendent's contention: During the recent period of daily marches, serious crime increased in the city by thirty per cent. In other words, the time has come when a vocal minority can not only cause civil strife by invading private neighborhoods, but can deprive all citizens of police protection against assault, rape, robbery, and murder.

Perhaps it is time for the majority of citizens to demonstrate for their rights.

Quotes in the News

"...through some 15 Federal agencies administering some 70 programs, (the Federal Government) has invested 96 billion dollars over the past decade in city and State aid... We have all these programs and yet we keep slipping further and further behind... We are reaping a whirlwind of violence."

—Senator Abraham Ribicoff (D-Conn.)

"The riot-scarred ghetto of Watts will once again erupt in flames if the militant—and predominantly white—leaders of the Progressive Labor Party have their way.

"The PLP was founded several years ago by Milt Rosen and Mort Scheer, self-proclaimed revolutionaries who left the Communist Party, U.S.A., because they were convinced it was lacking in ideological zeal. Scheer, the newer group's vice president, is currently directing West Coast operations. PLP leaders are working closely with black nationalists to keep the Watts cauldron boiling. When a white policeman shot and killed a Negro motorist earlier this year, PLP agents turned out thousands of 'Wanted for Murder' posters that bore his picture.

"The handbills were distributed throughout Watts by white-hating Negro militants. These same black nationalists are now circulating a PLP petition entitled 'The Revolt in Watts and the Coming Battle.'

"This particular tome drives home the point that Los Angeles is 'the hub of a mammoth industrial complex... The greatest fear of the imperialist enemy is that the black people in the south Los Angeles ghetto will shut down the factories... The black people of south Los Angeles possess a weapon more powerful than 22,000 guns! And black people can choose their own time and places of battle.'"

—Bill Schulz, King Features Syndicate,
as quoted in Human Events

"The United States office of education has just reported to Congress its two-year study on equality of educational opportunities in the nation, and it's about as unsurprising as possible.

"The study concluded, primarily, that predominantly Negro schools aren't as good as predominantly white schools. Although the report itself contained no recommendations, the public statements of Harold Howe II, the commissioner of education, indicate what he wants to do. He wants to rearrange children so that as many schools as feasible will have some sort of 'racial balance.'

"That will not be easy for Mr. Howe. The fact is, a lot of Americans want their children to go to school in their own neighborhood—and for reasons that have nothing to do with prejudice...

"But Mr. Howe has a major weapon—spell it Money. The Federal Government is more and more a direct financial supporter of education; it is legally committed to encourage desegregation, and its leaders seem firmly convinced that they have the right and duty to use financial leverage toward that end...

"There may be something to lose in breaking up one of the keystones of American education. Such a course could help fracture the society."

—The National Observer

"Politics is a curious trade in which at all times it is the constant aim of its practitioners to have their cake and eat it too. This is the reason why President Johnson has thrust himself into the contradictory position of encouraging and discouraging civil strife at one and the same time. During his years in the House and Senate, Johnson voted against every single civil rights message that came before Congress... When Johnson succeeded to the Presidency upon Kennedy's sad and untimely death, he became the strongest supporter of civil rights in the White House... The official encouragement cannot be blamed for inciting all the civil strife that has followed, but it did not deter demonstrations."

—Walter Trohan, in the Chicago Tribune

All honest reports picture Watts as far from a Ghetto but containing street after street of neat, well kept houses

Later I will introduce legislation which would increase the unit-cost limitations for family housing in amounts which it is felt would provide proper and adequate facilities.

Mr. Speaker, the men who wear the uniform of America's armed services are expected to assume whatever risk may be required of them. They can never enjoy a normal, happy homelife, such as that which is available to most of us. The career man simply cannot put down roots in the community of his choice. At the very least, we should attempt to help him to feel that he does have a home which is pleasant and attractive and comfortable. At too many military bases this is far from true. A good many servicemen live in World War II barracks which were inadequate even when they were built more than 20 years ago.

Let us correct this situation. It will have a profound effect upon morale and, I believe, a significant effect upon retention of desirable personnel in the armed services.

DEATH OF GEN. A. G. L. McNAUGHTON

(Mr. RONCALIO asked and was given permission to address the House for 1 minute and to include a newspaper article.)

Mr. RONCALIO. Mr. Speaker, this week death came to one of the outstanding men on this continent and in our age. He was Gen. A. G. L. McNaughton, a retired general who had commanded Canadian Armies in both World War I and II.

General McNaughton was a remarkable human being who achieved reknown as an engineer, a statesman, an inventor, and general. He was a man with whom I was honored to serve as my counterpart on the International Joint Commission, United States and Canada, for 2 years, 1961 and 1962, until his retirement.

An obituary published in the Washington Post on July 12 follows:

GENERAL McNAUGHTON DEAD; SHAPED CANADIAN ARMY

MONTEBELLO, QUEBEC, July 11.—Gen. A. G. L. McNaughton, architect of the modern Canadian army who fought in two World Wars, died today at his summer home here. He was 79.

The man who commanded the 1st Canadian Army before the invasion of France had been in apparent good health recently. The cause of death was not made public.

A brigadier at 31 in World War I he was credited with inventing the box barrage—an artillery firing system boxing in the enemy. He was wounded in the battles of Ypres and Soissons. A month before the end of the war he was placed in command of all Canadian heavy artillery.

After the armistice, he returned to Canada and began forming the nucleus of the Canadian army he was to command for a time in World War II. The military forces were reorganized during his tenure as chief of staff.

McGILL GRADUATE

An engineering graduate of McGill University, Gen. McNaughton became chairman of the National Research Council in 1935. He came with some credentials as a research physicist. He invented the cathode-ray compass, an aid to airplane pilots. The gen-

eral was still with the Research Council when World War II broke out. He immediately was called back to the command of Canadian forces.

By now a major general, he took the 1st Canadian Division to England, by 1940 he was promoted to lieutenant general and placed in command of the 7th Corps of Canadian and English units. He devised a flexible defense system of tank traps, road barriers and entrenchments against a possible German invasion after the fall of France.

When the 1st Canadian Army was created, Gen. McNaughton was placed in command and in constant maneuvers over the countryside, whipped it into a finely drawn fighting force. He called his army "a dagger aimed at Berlin." But he was not destined to lead it into battle.

In December, 1943, he became ill and the year 1944 found him back in Canada relieved of duty. The relinquishment in command was believed due in part to disagreement with the National Defense Ministry, which detached a corps from his army and sent it off to the war in Sicily and Italy over his protest. The ministry said the men were eager and impatient for battle.

TERRIBLE MISTAKE

"I still think I was right," he said later. "It was a terrible mistake to break up the army."

The army was reunited in time for the Normandy invasion in June, 1944, but the command had passed to Gen. H.D.G. Crerar, who led it through the battles of France, Belgium, the Netherlands and Germany.

Back in Canada, Gen. McNaughton was named Minister of National Defense and later became chairman of the Canadian-American Joint Defense Board. After the war he served as Canadian representative to the United Nations Atomic Energy Commission, president of the Atomic Energy Control Board of Canada and Canadian chairman of the international joint commission that handles U.S. and Canadian affairs.

The general, whose full name was Andrew George Latta McNaughton, was born at Mossomin, Sask., Feb. 25, 1887. He married in 1914 to Mable Weir. They had three sons and two daughters. One son, squadron leader Ian McNaughton of the Royal Canadian Air Force, was killed in action in June, 1942. The widow and the other children survive.

REVOLUTION

(Mr. WAGGONNER asked and was given permission to address the House for 1 minute and to revise and extend his remarks and to include an editorial.)

Mr. WAGGONNER. Mr. Speaker, we may well have passed the point of no return in the revolutionary violence in this Nation which masks itself under the name "civil rights." We may be beyond the hour of midnight; it may already be zero-zero-zero-one. If that is true, and I pray that it is not, every American will feel the hot breath of revolution on the nape of his neck, whether he be conservative, liberal, or radical, or any shade of philosophy in between.

There are few who have even a passing understanding of the accelerating demands of rights leaders who can deny that the Negro today is the deuteragonist of the Socialist and the Communist. This is not to say, of course, that all Negroes are Socialists or Communists, for they definitely are not. This is to say that in too many cases they are the

pawns of the left; the radical group which will discard them as useless when their purpose has been served.

The Shreveport Times published on June 28 a masterful editorial on this situation under the title "Revolution?" If there were a way I could require every American to read it, I would. I must, at least, make the effort to give it the nationwide attention it deserves by including it here in the RECORD. I urge every Member to study it line by line.

REVOLUTION?

The civil rights movement in this country has taken a distinctly revolutionary turn. Doubtters can look at the most recent demands of rights leaders: \$50 billion for Negro welfare over the next 10 years; all local police power in federal hands; federal trials for civil rights cases; forced integration to compel "racial balance." The list is longer than we have space.

Much of the evidence of a new revolutionary outlook in the rights drive is visual—all too visual. At a critical juncture in its effort to maintain racial accord, Mississippi finds itself stormed by marchers shouting "black power" and flaunting slogans that could incite blacks or whites—or both—to bloodshed. What we have, in essence, is a remarkably cynical bid on the part of rights leaders for martyrs—martyrs that will transfuse their cause with somebody's real blood.

But the revolutionary bell tolls not only in Dixie. Far to the west of Mississippi, California has seen the flames, real flames, of open rebellion in Watts. Across the continent, New York City sits on a summer powderkeg of mob violence and so-called racial "moderates" like Martin Luther King are lighting the fuse with barely-concealed threats of "disorder" unless demands are met.

In between, revolutionary sparks have fallen on midland cities like Chicago and Cleveland where Negroes and other racial minorities have taken their troubles into the street, firing cars, smashing glass, and shooting at police. Other places are braced for trouble that Negro leaders and advocates have predicted—as a result of this or that "grievance."

Federal officials, now concerned over the violent character of the revolution, haven't helped to curb violence with their vague implications that the only way for "oppressed" people to get "something" is for them to go out into the streets on a hot night and heave a brickbat through somebody's store window.

Revolutionary attitudes, of course, have spread beyond the area of civil rights and into the minds and morals of some elements of our most important commodity—youth. There is a spirit of anarchy abroad, of "anything goes," that masks itself in democratic slogans but seems to glory in dope and dirty words. Defiance of law, of all authority, is the hallmark of revolution and we can see it not only in youthful campus rebels but in the rising tide of crime in this nation.

This has been a country of law and order—the founding fathers thought nothing more important—but the Supreme Court of this era has put itself in the vanguard of revolution and its rulings most often only mirror the demands of the militants. The Warren Court seems to be—at times—a revolutionary tribunal rather than a constitutional arbiter.

All federal office-holders take an oath to uphold the Constitution, but the "liberal" fashion of permissiveness and the raw, exposed power of minority voting blocs have packed more power than Bible-sworn prom-

ises. Congress has often yielded to the revolutionary tides in these circumstances.

But there are other reasons why radicalism has replaced common sense and realism in dealing with our problems, the most important of which is the fact that this racial revolution is given—as much as possible—camouflage trappings of legitimacy; of democracy; of doing what is right; of going with the flow of history. This illusion has been made almost perfect by three decades of liberal indoctrination.

It is not unusual for revolutionary ideas to sweep up so-called "liberals" or progressives. Short-cuts to some vague all-equal socialist paradise appeal to many people who honestly do not believe in authoritarian government. The shortest short-cut to this "paradise" is a social revolution in this country. So Martin Luther King says "we can't wait." Freedom now! As he professes "Non-violence," he shouts that "we will make the white power structure say 'yes' when it wants to say no."

Why wait, indeed. The Russian revolutionaries said freedom was their goal, too. And maybe it was. The oppressed worker was the Russian Revolutionary cause just as the Negro is advanced as today's vehicle of total change. But Russia no longer is revolutionary; radically reactionary is the phrase for the Kremlin. What happened to those dreams of freedom? What happened to the worker?

The trouble is that revolutionists are all too human. Once in power they want to stay in power. The way to stay in power is to establish a dictatorship. Nothing is there to stop them because the wave of revolution has destroyed the checks and balances, the institutions and traditions that could have barred the way to totalitarianism. The Russian worker was just a pawn of power.

This nation has avoided such social revolutions and as a result freedom has endured on these shores. Some inequities prevail, but the best system of justice yet devised—together with freedoms no other nation enjoys—provide eventual outlets for most of our troubles. The American way of dealing with problems as they arise has been one of calm, lawful evolution—not the revolution we now are seeing.

What good will it do the Negro if, in compelling a revolutionary equality for him, the wider freedoms of all Americans—black or white—are lost? The Russian worker had a revolution made in his name, too, but in the end only a deeper slavery was his reward. It can happen here. It is happening here.

LEGISLATIVE SOLUTION TO THE "UNCONSCIONABLE" AIRLINE STRIKE

(Mr. DEVINE asked and was given permission to address the House for 1 minute, to revise and extend his remarks, and to include several editorials.)

Mr. DEVINE. Mr. Speaker, the words "unconscionable strike" are headlined in the editorials of the New York Times, the Washington Daily News, and Senator WAYNE MORSE, of Oregon, Chairman of the Presidential Emergency Board, express public concern in the pending controversy between the International Association of Machinists and United, Trans World, National, Eastern, and Northwest Airlines. Similar editorials have also appeared in other newspapers across the Nation including the Washington Evening Star, Washington Post, and the Wall Street Journal.

This crippling and unnecessary strike has again emphasized the sterility of the provisions of the Railway Labor Act as

well as the efforts of emergency boards appointed under this act to resolve labor disputes in the transportation field.

To repeat what I said on July 11, the reports of the emergency boards have never in my recollection been totally accepted by the parties to the dispute; indeed these reports, as in the present airline-IAM dispute, have served only as a new basis to try to get substantially more concessions from management.

The President of the United States should promptly exercise his great powers in an effort to persuade the IAM to settle this strike within the reasonable perimeter of the Emergency Board report which L.B.J. described as "the framework for a just and prompt settlement." The President should also ask Congress for immediate legislation designed to forbid any future strike in the transportation industry under similar circumstances as exist in the present controversy which cause such a great inconvenience to the public, including Vietnam veterans trying to get a few frantic minutes' leave at home.

I am today introducing a bill, H.R. 16189, identical to S. 3587, introduced by Senator FRANK LAUSCHE, of Ohio, providing that whenever a labor dispute has occurred in the vital transportation industry and after the Conciliation Service and Mediation Board have exercised unsuccessfully its power to bring about a settlement, the President shall create a Presidential Board that has the power to make final decisions.

For the information of my colleagues I am attaching copies of the editorials from the New York Times, Washington Post, Washington Evening Star, Washington Daily News, and the Wall Street Journal to be included as a part of my remarks:

[From the Washington Daily News, July 9, 1966]

AIRLINE STRIKE

By any standard, the strike of the International Association of Machinists against five major airlines is unfortunate. As usual, it is the public that suffers most. On that ground alone the strike ought to be ended—and speedily.

The union wants a bigger share of the industry's recent substantial prosperity. It blames "short-sighted" management for the strike and declares its dissatisfied members "have a right to strike."

The employers, bargaining together for the first time, point out that they accepted—while the union rejected—as the basis for settlement the recent recommendations of a Presidential Emergency Board. President Johnson called the recommendations "the framework for a just and proper settlement, which is in the national interest." The companies say they have sweetened the pot "by an additional substantial offer above the Board's proposals" that would exceed the estimated \$76 million cost of the recommendations.

These are the facts. What complicates this—and very nearly every labor-management relationship—are the intangible, the human, the political considerations. One of these is the union's announced determination to smash the Administration's 3.2 per cent wage guidelines even tho the Presidential Board's recommendations were in excess of that figure. They want to claim credit for it themselves rather than having the board do it for them.

Another factor is the union's internal po-

litical problem. The highly skilled mechanics, in a strong bargaining position because they are in short supply, object to being grouped in the same unit with porters, kitchen workers, ramp and store personnel. They say the unskilled depress their wage and working standards.

As a result, IAM leaders, faced with a revolt by militant mechanics and fearful of losing them, apparently feel the necessity for being more militant still.

But surely these political and intangible considerations are not sufficient reason for shutting down 60 per cent of the domestic trunk line industry, for depriving 150,000 daily passengers of air service at the start of the vacation season and for disregarding public opinion and the public interest.

Under Presidential prompting both sides have agreed to resume negotiations. They could do no less. We urge them to settle their differences realistically and speedily.

[From the Washington Evening Star, July 11, 1966]

A STRIKE AGAINST THE PUBLIC

The International Association of Machinists seems determined to press its strike against five of the nation's major airlines to the point where restrictive labor legislation will become a matter of urgent national policy.

The latest manifestation of the union's "Public-be-damned" attitude was the announcement last night that IAM personnel would be forbidden to service any aircraft leased by the struck airlines to those still operating. The leasing plan could, under no stretch of the imagination, be considered a strike-breaking move. The legitimate economic pressure on the struck lines would have remained in full effect. The only result would have been to alleviate, in some small degree, the crisis in the nation's transportation system, war effort and economic life. Now, even that slender reed has been snatched away.

Even before this latest ill-considered action, the union put itself on shaky ground by spurning every attempt by disinterested parties to head off the strike. Every statutory means of avoiding the crisis was passed up. In addition, the union brushed aside the offer of the National Mediation Board for binding arbitration. A presidentially appointed emergency board headed by Senator WAYNE MORSE, probed the issues in dispute and came up with a recommendation for wage increases averaging 3.3 per cent. The carriers accepted the package; the union rejected it. Despite the fact that the proposal exceeded the administration's economic guideposts, President Johnson hailed it as the basis for "a just and prompt settlement." The airlines' final offer was even more liberal than the proposals of the emergency board. But the union walked out.

The union's main contention is that the airlines are prosperous and that the workers should share in that prosperity. It is true that the airlines are prosperous. It is also true that the union membership already shares in that prosperity in the form of high wages and an ever-increasing number of jobs available. But the suggestion that wage dispute settlements should be based directly on profits could be taken seriously only if accompanied by a proposal for a lower wage package for the less prosperous of the carriers and a decreased scale in the event profits should slack off. The union has made no such suggestion.

The threat of a strike and the strike itself are legitimate weapons in collective bargaining. But the thoughtless, capricious use of that weapon to create havoc in the nation's economy can only increase the demand for congressional action to curb abuses of union power.

Mayor Allen
City Hall
Atlanta, Georgia

Dear Mayor Allen:

As responsible citizens we felt it necessary to write you on behalf of Stokely Carmichael and Willie Ware - the two young men, activists, recently arrested. We are concerned because we are tired of our government or any government continuously attacking the effect rather than the cause of these racial disorders. We are tired and concerned too because the power structure continuously supports these causes that makes militants like Carmichael and Ware.

These young men, right or wrong, have been handed a legacy by the irresponsible Negro leadership we know exists in Atlanta - your teachers, lawyers, doctors - that exists in every Negro ghetto from one end of this nation to the other.

What makes us qualified to make such strong allegations? For one thing, we wrote Dr. Clements, president of the largest Negro institution, about a problem that should concern all American people - futile. And we are in the courts when these problems belong. And this leadership you are working thru, e. g. Atlanta Summit Leadership Conference, is responsible for seeing that such young men go the democratic way and offer their full support.

And this leadership that you work through has neither the competency nor the taste for such an endeavor. We make these statements, too, because of our actual knowledge of every other major Negro ghetto in the nation and by the mere fact that these men found people who were ready to follow.

This Negro leadership is not only making Carmichaels and Stares but they're making the ghettos, they're destroying families, they're killing future leaders, all because of selfishness, irresponsibility, self-efficacy, you name it. We know because we are fighting this same irresponsibility here in Los Angeles to conserve our family, to rebuild the ghetto, and to save such future leadership. The case numbers are CRA 6266 Appellate Department of Superior Court, L.A.

And these here, as they, are not even concerned about the children, future Negro Americans, and these matters will support this:

We dare to write such a letter to you because we admired the courage you exhibited during the height of the riot in your city. Now we want to find out if you have the courage to strike at the roots of your riots, your Carmichaels, your Stares.

And to proceed any other way except at the roots only produces more riots, more Carmichaels and Stares. And you then become accessory to this destruction.

Knowledge is necessary to assist in any situation for without such you, too, have done absolutely nothing.

And if you don't have such knowledge, which we seriously doubt, here it is for the taking.

We hope that you will accept this gift as intended and proceed appropriately. You do have effete and irresponsible Negro leadership.

Georgia.

Dear Sir:

This is not any condolence -- you got what you had coming to you as mayor of the city that was "too busy to hate", implying thereby that every city that opposed the rioting burr-tops and their counterparts among the whites - the beatniks and filthy trash really lower than the niggers they hobnob with, - were spewing hate on the uncivilized black and white trash.

You took a different stand when the niggers knocked you to your knees. you learned at first hand just how brutal and uncivilized the burr-tops are. Too bad Ralph McGill, that un-American lout, was not on top of the car with you - he should have been because that is where he belongs, with you - that he too could have been knocked to his knees by niggers that he seems to love so much - so much that it seems he would welcome the complete mongrelization of this nation. Quite an American - he is! Quite an American you seemed to be until the niggers let you know what they are really like, and gave you a taste of what they have been doing in other parts of the country.

The nigger - no matter how educated he claims to be - if he belongs to Martin Luther King's gang, or any of the other communist-inspired gangs - would revert to savagery of the worst kind, and carnabilmism were he not held in tow by decent Americans; and be assured the bleeding hearts for the burr-tops and those who have claimed their city is "too busy to hate" do not belong in the category of decent Americans. Those who encourage rioting and all of the filthy immoral conduct of the nigger - raping, killing, looting, burning, etc. etc. - by playing up to the nigger are not good Americans - they are condoning and in fact encouraging the destruction of this country by the white and black trash that should be in the front lines in Vietnam, and soon in Thailand, where our decent young men are being killed, maimed and taken prisoner, while the trash is being protected by the bleeding hearts and hypocrites until they probably have some sense and patriotism knocked into their heads by being knocked to their knees as you were.

The MauMaus in Africa are no more savage and uncivilized than the rampaging niggers and white trash in this country.

Yours truly,

Mrs. John W. Red

The Honorable Mayor Allen Jr.
Mayor of the City of
Atlanta
Atlanta, Georgia

My dear Mayor Allen:

After reading my newspaper the other night, about the trouble there in Atlanta with the niggers, I want to tell you what I think about these demonstrations in cities all over the U.S.A. They should not receive a permit to march in any city. If I were a Mayor of any city, I would never give them a permit to march or have any demonstrations of any kind. The time to stop it is at the beginning. Don't allow any marches at all. Also, I would like to suggest that anyone caught being in, or having any part in a demonstration of this kind, if such person is found to be on the welfare roll, and receiving a welfare check, have the department to cut all relief to this person forever afterwards. Why? Because it's just not right for a person to pay taxes to support any person that demonstrates against anyone, or the State Government; and that is actually what they are doing.

In these marches, there is one man that could stop all marches and demonstrations in the future; if he would! That man is the President of the United States. If he would go on television one hour and state that they have to be stopped, and now, or he will order troops to stop it. He could also give all states the power to put a stop to it at any price. But, he will not do that because he is now so obligated to them and their Civil Rights Bill.

The main thing we need in 1968 is a complete change of government heads in Washington. But, can we white people stand all these troubles until then? At least it's now time for the white race to fight back in every way possible.

Just to let you know who I am, I am white, a former resident of Fitzgerald, Georgia, and was born at Birmingham,

Alabama. I have written to Governor George Wallace of Alabama, and received very nice answers to every letter I wrote him. I am now retired, age 67, and I do visit my old home state of Georgia every year. My wife is also from Georgia. I hope to go down there in October or November. Perhaps I can stay on the main highways and avoid having bricks and bottles thrown through my car windows. I hope it never happens, because I judge a brick to be a deadly weapon; therefore, I'd have to protect my wife and self against these tactics. I know the police and all other officers are going to have to learn how, and have the right to shoot, if attacked when making an arrest. No person should have the right to interfere with an officer when making an arrest. Any person, or group of people doing so should be given punishment to the fullest extent of the law. We white people know we are superior to the Negro race and lets keep it that way.

Thanks for taking time to read my letter.

Yours truly,

Dear Art,

It is suggested that you

Compile bills showing cost of protecting
the Negro marches by police, Fire Dept etc
and forward these bills to the investigators like
Williams & King. This will take a lot of wind
out of their sails.

There is nothing in the bill of rights
which bars the collection of expenses thus
incurred -

Whenever a march or other means
is used for the purpose of Black-mail or
intimidation, warrants should be secured for
those responsible.

When the organizers tell you that
they will march until you submit to any
part of the Civil Rights Law, This constitutes Black-Mail
or intimidation.

When these outfits find that it cost money
to march you see a different attitude among them.

Government is to rule by right of authority, but in all cases that authority, must spring from the people. For people as a whole cannot rule themselves as a body. But from such a body springs the ^(elected) selected, who will be vested, with power such as may be agreed upon Constitutionally. In ancient times powerful citizens seized this power, through which they set-up Kingdoms. The world has been retarded in civilization, impoverished, and laid waste by wars of the personal ambitions of its kings. Through the powers of the kings privy council, with its control over its legislature. People, of today's world, are being pushed around by its substitute (Democracy) a form of "Congressional-Government", that rules people instead of serving them. Today, as each Kingdoms are overthrown no new ones are instituted, hence our modern and most important governments remains: pure Republics. A true Republic is one that evolves from agreement or compact, put in writing and ratified. (Constitution). The United States of America, was the most unique, and solely, only one, so situated with its present Fifty-States; now so badly misguided through strange: maneuvering. Once a Constitutional-Republic has been established, it so becomes susceptible to jealousy, that in due time develops a resentful...and most envious desire, among other Nation^S too seek destruction of, its uniqueness and prosperousness: as a Republic. Such as our, beautiful United States once was...but now it has been given back to England and her system of parliamentary government. This now has been so accomplished; leaving our people to suffer as the lunatics we have been, still are, for being seduced, by foreign emissaries, to throw away our heritage. Into outstretched hands of foreign and domestic bankers. For what? security for all Republics, will only be found in the INDIVIDUAL COMMON MAN, destroy individuality of character; destruction of such REPUBLICS: follows. Rules and maxims, that cement to make good governments...must follow in paths of its written compact; deviation destroys all. Proverbially down-drain, surely we all will converge. As a price we pay for our stupidity, security, can only be retained, through our individual-love; of country. Plus tranquility of Independence, and serendipity of three separate branches of government, to live under Congressional-Government, is to be RULED, not governed. What an individual can lawfully do, so only

No nation functioning under a constitutional government, can remain certain that such a government, will not be slipped off, through collectives that gain political powers in numbers, to put into office, as heads of government who are subversively inclined. It happened here in our country, in 1912 - running into 1913-1921, and again in Germany in 1932, when the way was opened to establish HITLER in 1934. These points are history, and is available for research. The election in saigon, gives no assurances that buddhist activists, will not take steps at the slightest provocation, to totter that settlement, and change it into something more acceptable to asiatics... who has a better right.

Very sincerely

Dear Mayor Allen;

Congratulations on you handling of that C.R. the other night. Think of the disturbance all this has caused and the loss to the business people, the very back bone of our nation. While our police cuffed about, not allowed to protect themselves. A, probably designated group linger back loot and and destroy the lifetime savings of the substantial citizens of our country. Martin Luthre manages to get the riots started then steps in as a non violent, gets it stopped, gets big donations and about the time things cool down gets it started in sime other peaceful city. All this is a state anarchy and should be stopped, before this develops into a war that that might cause the communist to come in on the front while we have the C.R's ~~are~~ at our backs. This is just my opinion that might nt be worth much, but, I think, the situation is dangerous.

I am just a well wisher and an admirer of your courage. Very Respt.

To whom it may concern:

Dear Sir:

This is an expression of my feeling of the trouble you are having throughout the nation, in which you are placing the blame on some leader of some group, making yourselves innocent of this great transgression. But, the way I see it, you that are sitting on the judgement seats and running the states are to blame for these race riots and political disturbances.

When I look back on the dark pages of history, and see how that men of your race have entered jails, taking out negroes, beating them, hanging them, dragging them through the streets behind automobiles, and shooting them down like dogs, and burying them deep in the marsh, under dams, while you that are supposed to administer the law sit idly by and doing nothing about it, then, it is you who are to blame, and not Mr. Carmichael. But, to cover up for yourselves and the dirt that you people have swept under the rug for years, you'll always get some outstanding negro, who will stand up for his rights and try to liberate his people; you will take this man and try to impose punishment upon him. But, let me warn you, you will not get away with this. You may be able to take a man, put him in prison, and keep him locked up for years, but you cannot stop the storms of God. They will come and destroy you by the thousands and you will not be able to do anything about it. Bear in mind, it is written: "As a man sowth, so shall he also reap." So, you have sown conruption and you are going to reap the same. There is no "maybe so" about it, no getting around it. You're going to reap what you sow.

I am a minister of Christ, not of men; therefore, I speak freely the things that are right and are true. I don't believe in violence, neither do I intend to get involved with the political affairs of this life, but, know ye this thing, that you have imposed slavery, hardships, suffering, and much afflictions upon the so-called negro man for approximately two hundred years. When you broke jail and took him out, and hung him, without giving him a trial, you were taking away his constitutional rights; these great crimes have gone unpunished for approximately two hundred years, and you blame Mr. Carmichael for

Page 2
September 9, 1966

rioting, for a riot in Georgia. Let me say unto you law-makers, enforcers of the law, and judges that are sitting on the judgment seats, you have better examine yourselves and see now, aren't you the blame.

My people have served your children, have nursed them, and cared for them, and I'm sure some black hand has cared for you. They have even cooked your food and washed your clothing, and you have even raped my women and caused them to bear children for you. When the child is born, he comes here innocent, but, because he is born in the dark race, even though a white man's his father, he has to suffer the same way.

Wake up and stop being a fool. It is God that made Man, and not Man, himself. We are made after the likeness of God, therefore, regardless to the complexion or the color of the skin, a man is still a man and that's all he is.

"And Adam called his wife's name Eve because she was the mother of all living." Genesis 3:20

When you read this letter, I hope you will understand my knowledge in the mystery of Christ which in other ages was not made known to the sons of men as it is now revealed to His holy prophets and apostles by the Spirit.

Looking to hear from you soon.
