MEMORANDUM

TO : Ivan Allen, Jr.

FROM : Ann Moses *Ann*

I talked to Gilbert Boggs at the Atlanta Housing Authority and he offered the following information: Mr. and Mrs. Don Blacks moved in Techwood Homes in September 1968. He was listed as a produce salesman and his rent was \$45.00 per month. He moved on March 26 of this year, and left owing \$19.90. The records show that the apartment was raided in February of 1969, and two men and two women were arrested.

He said that there is no record of Miss Grist, or a Grist family living there. She must have been living with someone else. He said they would like for the Police Department to find out who she was living with in order that that family may be removed and/or prosecuted.
