Dear Mayor Allen:

Being a member of the National Steering Committee of Model Cities Directors, I often receive advance copies of New Policy Statements about to be issued from Washington.

Attached is a copy of several memorandums expected to be issued soon, which includes major new policy statements for the Model Cities Program.

After you have had an opportunity to read this material, I would be happy to discuss with you at your convenience any concerns you may have.

Sincerely,

Johnny C. Johnson
Executive Director
