The Quality Of Leadership In Atlanta

REJECTING the easy and superficial course of outraged denunciation, Mayor Ivan Allen, Jr., of Atlanta is reacting sensibly and constructively to the recent racial disorders in his city.

While condemning Stokely Carmichael and his cohorts for their role in the rioting, the Mayor conceded that the substandard living conditions in the Negro area where the outbreak occurred would be a fertile field for agitation by anyone.

The city, he said, "must assume the responsibility of housing, education, and employment opportunities for many of these disadvantaged people, and in Atlanta we have accepted this as our responsibility." The Mayor also made it clear that he favors passage of the civil-rights bill now before Congress with an even stronger open-housing provision than it contains in its present form.

With this kind of leadership, Atlanta should continue to show the way to racial accommodation in the Deep South.

The rioting in Atlanta came after a policeman shot a Negro sought in a car-theft case. The policeman's judgment, in this instance, is open to question, but the use that Carmichael and his lieutenants made of the incident brings Carmichael's judgment into even more serious question. The evidence is strong that he provoked the violence, and to what purpose?

Mr. Carmichael, it is becoming increasingly clear, is a liability to the civil-rights movement. His purposes are undefined and his aggressions unfocused. His tiresome chant of "black power" is dangerously provocative and he has yet to define what it means in the context of his operations.

Dr. Martin Luther King, on the other hand, continues to speak in accents of reason. Commenting on the Atlanta outbreak, Dr. King said: "It is still my firm conviction that a riot is socially destructive and self-defeating . . . (but) . . . while condemning riots, it is just as important to condemn the conditions which bring riots into being."

This is virtually the same position that Mayor Allen takes, yet Mr. Carmichael implies that Mayor Allen is a racist. If he is, then so is Dr. King, and Stokely Carmichael is going to have a hard time selling that idea.

YOUR COON CODDLING IS BACKFIRING ** GOODY GOODY

Hello Big Daddy:

Remember how you folks in Georgia, and in Atlanta especially, screamed at we Mississippians because we wanted to keep decency between the whites and the negro? Remember how you people called us every name under the sun.... REMEMBER, OLE TIMER?

Well, now, how is it with you? After all your lapping and suckling the coon, after selling your birthright of decency to wet nurse the nigger, you are beginning to reap your reward.

As a white (?) man, as a Southerner, don't you know the more you give a coon the more he wants? He doesn't appreciate anything -- he is like a rattler just waiting for a chance to strike!

After all your coddling and giving in, what has it amounted to? YOU SEE NOW HOW LOVELY THE COON THINKS YOU ARE.

THE ONLY THING WRONG IS THAT THOSE NIGGERS DIDN'T TEAR YOU DOWN FROM THE TOP OF THAT CAR AND STOMP YOUR GUTS OUT. THEN YOU COULD SIT BACK AND FEEL PROUD AND CURSE FOLKS OF OTHER STATES.

THE COONS SAID IN SATURDAY EVENING POST LAST YEAR (HUNT UP A COPY AND SEE FOR YOURSELF) THAT, TO QUOTE THEM, "WE ARE GOING TO KILL EVERY GODDAMNED WHITE CAPITALIST STARTING WITH MISTER LYNDON JOHNSON."

ALL YOU SUCKLERS OF COONS ARE GOING TO GET YOUR JUST REWARD AND FROM YOUR DARLING BLACK LAMBS THEEMSLVES!

GO ATLANTA COON ** GO GO ** GIVE BIG DADDY HELL! GO COON GO COON GO COON GO COON....

CUSS MISSISSIPPI NOW, NIGGER LAPPER.

Mayor of Atlanta

Charlotte, N. C.
Sept. 12, 1966.

Your Honor Mayor Allen!
Dear Sir:

I never write fan letters,
but I must write this one. I
thank God, we still have men
like you, the negro has hid be-
hind (peaceful marches) long
enough, I be ^{leave} you to be fair to
all, but some of our leaders are
afraid to speak out for the white
man, afraid they may lose the
negro vote.

God Bless & Keep You.

This nation will not, however, permit the destroyers of society—the Carmichaels and his ranting radicals to tear down what we have built, to burn and destroy, to defy law and order with rocks and Molotov cocktails or to hurl anarchistic slogans and imprecations at our public officials.

The Ribicoffs and the Kennedys who continue to deplore "our tragic conditions" from comfortable seats in the U. S. Senate should visit riot areas and seek to quiet the mob, as did Mayor Allen.

If nothing else, the experience might leave them better informed and not quite so sure that all social ills can be cured by dispensing a few hundred more millions from Washington.

Riots Expose Stokely Carmichael

And His Organization Of Anarchists

The Charlotte Observer

By John S. Knight

9-11-66

The recent riots in Atlanta offer convincing evidence that most, if not all, of the racial violence in our large cities has been organized and led by a small minority bent upon the destruction of our society.

JOHN S. KNIGHT

My authority for this statement is Ralph McGill, publisher of the Atlanta Constitution, and long a moving and militant force for equal treatment of the Negro citizen as provided by law and the Constitution of the United States.

McGill places responsibility for the Atlanta disturbance squarely upon the Student Non-Violent Coordinating Committee. (SNICK) and its leader Stokely Carmichael. SNICK, according to McGill has no more than 300 members. These have been the agents of anarchy in Watts, New York, Chicago, Cleveland and other major cities.

SNICK'S beginnings were more auspicious. Its early student leaders were motivated by high dedication to the civil rights cause. Now the John Lewises and other responsables are out. Control of SNICK is held by the extreme radicals, of which Carmichael is the dominant figure.

As McGill says, SNICK is no longer a civil rights organization but an anarchistic group which is openly and officially committed to the destruction of existing institutions.

Though small in membership, SNICK appeals to all haters of the white man. Its slogans of defiance intrigue the very young as was shown in Atlanta where the mob was largely composed of youngsters in the 12 to 18 age range.

There appears to be no question but that SNICK's funds are supplied from abroad. One of its lawyers is a registered Castro agent. Its agitators shout Havana slogans to the effect that we must live through violence. "Black Power" is but the rallying cry.

Mayor Of Courage

Fortunately for Atlanta, it has a mayor who confronted the mob with rare courage. Though physically manhandled and taunted with shouts of "white devil," Mayor Ivan Allen, Jr., remained upon the scene until the crowd had been dispersed.

Mayor Allen gave short shrift to charges of police brutality. "I saw plenty of brutality," he said, "but it was all directed against police officers." At his press conference, Mayor Allen stated that "If Stokely Carmichael is looking for a battleground, he has created one, and he will be met in whatever situation he chooses."

Atlanta's Negro community leaders were quick to decry the rioting and violence. The Atlanta Summit Leadership Conference, a Negro organization, denounced both SNICK and Carmichael, while calling for constructive measures designed to alleviate problems which directly concern the Negro.

Dr. Martin Luther King, executive director Roy Wilkins of the NAACP and Whitney Young who heads the Urban League have all repudiated Stokely Carmichael and his tactics.

A Useful Service

The city of Atlanta has long enjoyed an enviable reputation for racial amity. Ironically, it was Atlanta's splendid image that the destroyers sought to tarnish.

And yet, unwittingly, Stokely Carmichael and his followers performed a useful service not only for Atlanta but for the entire nation.

For here was stripped away the myth that Negroes are always incited to riot over poor living conditions, lack of employment and denial of civil rights.

Mr. Carmichael has now revealed himself for what he is — a scheming fomenter of disorder, a mad dog who attacks all whites indiscriminately, a revolutionist who seeks to burn and destroy, a terrorist who defies law and spits upon our flag.

Mayor Ivan Allen Jr.

Dear Mr. Mayor: I congratulate you on the stand you are taking to prevent the unAmerican activities, by negro, to get out of hand in your city. It is a national disgrace to the white people that our government, in Wash. D.C., dont take a firm stand against the negro rabble-rousers. King and the other negro leaders, I believe, are doing nothing for

the negro people that would advance their station in life, but are only widening the breach between the whites and blacks. People I know who used to be sympathetic toward the negro people have certainly changed their minds now, due to all these negro riots and crimes.

Respectfully yours,

It's quite obvious that Negroes have no appreciation for all you've done for them.

It's equally obvious that there will never be an end to their blackmailing demands.

Perhaps your law-enforcement men should lower their weapons so that sights are on the horizontal before they pull the trigger.

Young Atlanta Negroes Storm Streets Again

ATLANTA (UPD) — Militant young Negroes, worked up in a near-hysterical "black power" rally, stormed into the streets of a riot-torn section of Atlanta last night and began hurling firebombs and rocks.

It was the third consecutive night of racial violence in the 10-block area near Georgia Baptist Hospital, triggered Saturday night when a white man killed a Negro youth.

At least five firebombs burst in the streets. One rolled under a car, but went out quickly and did little damage.

Rocks and bottles hurtled out of the darkness at police cars.

The meeting was called to set up a moderate group called the "Boulevard Northeast Youth Council," to try to bring peace back to the area. But it was soon taken over by more militant elements led by Willie Ricks of the Student Nonviolent Coordinating Committee.

Ricks leaped to the platform, grabbed the microphone and screamed that "we're going to put every cracker in Atlanta on his knees!"

"Black power!" roared the crowd.

"Mayor (Ivan) Allen is the killer," screamed Ricks. "He's the top gun."

"Mayor Allen is the enemy," he shouted.

Moderate leaders regained control of the meeting before it ended, but when the 300 Negroes, most of them youths, at the meeting left, violence burst out in the streets.

About 50 of the Negroes had left the meeting earlier, threw a few fireworks into the street, and then went back inside when police moved in.

"Our chief concern is clemency for those arrested, those who live in the areas of the disturbances," said the Rev. Samuel Williams, head of the Atlanta chapter of the National Association for the Advancement of Colored People.

"Some innocent people were caught up and jailed," Williams told a news conference after the meeting with the mayor.

Asked if Stokely Carmichael, national chairman of the student nonviolent coordinating committee, was included in the plea, Williams replied:

"We're interested in those residents of Summerhill and Mechanicsville," predominantly Negro areas in which recent outbreaks have occurred.

Carmichael has been in jail on \$10,000 bond four days on charges of inciting a riot and creating a disturbance. Many of the chants during last night's outbreak were, "get Stokely out."

Jesse Hill, a well-known Atlanta Negro businessman, said many long standing grievances in the areas of the outbreak have not been met.

Hit-and-run violence laced with gunshots, fire bombs and flying bottles flared Saturday and Sunday nights after an unknown assailant shot and killed a Negro teen-ager and wounded another.

Witnesses told police the assailant was a white man who sped off in his car after the shootings.

Dear Mayor Allen:

Many of us are shocked by the political arrests of Stokely Carmichael and other civil rights staff membership and leaders. Reliable reports show that it was the actions of the police that incited the violence and created an atmosphere of tension. Your arrest of civil rights activists and attack on the Student Nonviolent Coordinating Committee is provocative and demonstrates ~~an~~ an unwillingness to acknowledge root causes (poverty, racism, police brutality), which seems surprising when coming from moderate Atlanta.

I urge you to free the political prisoners and deal with the real problems.

Sincerely,
Paul LeBlanc

Mayor Allen:

Just what are you trying to prove by dashing into the forefront of each riot in Atlanta?

Are you reaching for personal publicity or are you trying to create an impression of being a "Fearless Fosdick?". A one man riot stopper?

Whatever you have in mind is doing terrific damage to the white people of our country and most especially to the Southern whites! With your theatrical clowning and silly attempts at heroism you are subjecting white people to every type of ridicule imaginable!

You should do one of two things: Stick your head into the sand like an ostrich or continue your love play with your beloved niggers!

White people know you for what you are! No use of you trying to change your spots. Even the niggers recognize you for what you are.

Disgustedly,

Dear Mr. Allen:-

You are critical of the negro people for the disturbance they sometimes create.

Why are you not seeing to it that they are treated with justice? Why do you never object when a white man kills an innocent negro and he is never punished by your courts? Why do you allow them treated as inferiors because their skins are darker? When you people of my race (I am a white woman) when you stop mistreating negro people it will.

MISSISSIPPI NOTEBOOK

By TOM ETHRIDGE

Behind The Headlines, Off The Cuff

LOVE'S LABOR LOST? — A "liberal" Atlanta editor reportedly was guest speaker, on the subject of Race Relations, at the recent Biloxi convention of the Mississippi Association of Chamber of Commerce Executives.

Presumably, these state executives wanted some practical ideas on how to maintain cordial race relations.

We don't know what the Atlanta editor said at Biloxi but we did read that front - page story Wednesday from the Associated Press in Atlanta under the big headline:

TEAR GAS SUBDUES ATLANTA RACE RIOT

First paragraph of this AP report said "Tear gas scattered an angry crowd of about 500 Negroes". Looks like our State Chamber bigshots went to a goat's house looking for wool" when they invited an Atlanta journalist to give them some hot tips in re friendly race relations.

SAD BUT TRUE, no one person or group — not even Atlanta's all-wise Mastermind of Journalism — has a guaranteed formula for racial harmony in today's troubled world.

It is obvious that Atlanta has major problems in this phase, but that hasn't kept the Northern-owned Atlanta press from pointing the finger of scorn and ridicule at Mississippi.

Perhaps it's coincidence but since the Atlanta editor was invited to Mississippi as a guest problem-solver, his Atlanta paper has front-paged a series of special articles putting Mississippi in a very unfavorable light. . .

WE ARE DEPICTED as backward, bigoted, cruel, oppressive, un-Christian. . . you name it and we've been called it by the Northern-owned Atlanta newspaper.

A recent page-one Atlanta feature has even accused Mississippi of deliberately starving our unfortunate and underprivileged needy — despite official government figures showing that about one in every five Mississippians has been getting free government groceries through the welfare program.

This "starvation" charge, like others aired in Atlanta papers lately, has been made on the basis of unsupported testimony by paid workers for The Revolution. Feature stuff praising our state's NAACP talent has been printed over there in Georgia's capital city. . .

ASIDE FROM the "race riot" there this week, Atlanta has been experiencing other severe tensions and is becoming a Crime Center of Dixie. Murder, rape, robbery and assault are increasingly common.

Often called "The New York of the South," Atlanta is getting to be about as unsafe as Gotham, largely because of an overdose of "rights," without proper restraint, enjoyed by LBJ's Chosen People.

There are many sharp thorns among the roses of progress, but the seamy side of Atlanta's growth has never been publicized. Before undertaking to condemn Mississippi for lacking "racial peace," our Georgia contemporaries need to improve their own local situations, it would appear.

THE ATLANTA PRESS, a mouthpiece for the Great Society and Omnipotent Federalism, has been especially severe in criticizing Mississippi's conservative newspapers which faithfully publicize and support Chamber programs.

Home folks may wonder why State Chamber Executives have gone far afield to honor an editor and newspaper so markedly hostile to Mississippi's established order.

Mayor Ivan Allen,
Atlanta Ga.

Dear Sir:

This letter is not
intended to criticize you
for my wife and I are
formally natives of
Delelind, Laurens Co. Ga
altho we along with
hundreds of other white
U.S. Citizens think
that you made some
very bad mistakes
during the Allen Nigger
uprising in Atlanta
and it is a known
fact that you and a

few more Atlanta officials
 practically gave your
 City to the Negroes and
 according to the news
 reports your intentions
 were to keep down
 racial riots and to
 pacify the Negroes and
 to obtain Negro votes
 which you did, but
 now you are having the
 second riot which was
 intended and has been
 being built up for quite
 a while.

Now we both know
 that there is no such

of a thing as a peaceful
 Negro demonstration set
 up by the N.A.A.C.P., CORE,
 S.N.C.C. or any other headed
 by Martin Luther King or
 Stokely Carmichael, they
 are all well plotted and
 planned in advance to
 create racial strife and
 riots and I am certainly
 glad that you have
 woke up to the facts

Also, there is no such
 thing as the black
 and white race war -
 all mixing regardless
 of what the Kennedy

and Johnson Cleve says,
 And as far as the way
 the majority of the
 Negroes live, that is
 just the way they want
 it, and will not have
 any better even if it
 is given them as a
 precious gift which
 the world God is trying
 to do.

Now the only solution
 that I see to prevent
 a racial war in the
 U.S. is for all officials,
 U.S. State and local
 is to stop rush Negro

agitation as King, Car-
 michael and all of the
 so called Peaceful Civil
 rights Demonstrations
 for the average white
 Citizen is not going
 to sit around and let
 a gang of the black
 hearted take over
 the streets and cities
 and cause more tur-
 bulent times like the
 reconstruction days of
 the South (1865 to 1873)
 especially where Gen.
 Grant turned the
 Negro loose in the

Souls to Commit Murder,
Rape & Arson and all
other known Crimes against
the white Southern Peo-
ple.

Now don't think that
I hate the negro for I
do not, he has to live
too, but I do not believe
in Intergations or
socially mixing of the
black & white race

and as you may guess
I am 67 years old
also the Son of a Civil
War Veteran C. S. A. my
Father fought with

a Co Regiment and
was also in Chatta-
nooga Tenn. on Look-Out

SIRS:

Please put me on record

as supporting your action of your City, against Carmichael.

This giving these dissidents and communists, troops and permits, to march and harass as was done in Cicero is taboo.

They have the equal rights to not have squalor, to build communities of their own and buy lands therefor and obtain loans, and to study books and to earn, and evidently they are smart enough to try to circumvent the laws and to get Governors and Cities to oblige them but, when given an inch take a mile, so it isx times that somewhere there are not

~~politicians so eager to get their votes as to betray our Society...~~

CONGRATULATIONS ON HAVING PRINCIPLES AND

Dear Mayor Allen,

When the Negroes started trying to get them into schools with white students I was in favor of this because I believed that the Negroes were deprived of getting an Education the same as whites.

I watched in a TV news picture over CBS on Sept. 7th which showed you you trying to stop a demonstration and I believe you were speaking from on top a car and you were roared

so much that you had to
jump.

Personally I feel that
Suther King is starting
these marches for his own
personal gain and I
believe that the poor Ne-
groes who contribute to
him financially will
make him a Millionaire
if he is not now.

In the demonstration I
referred to above the Police
shot in the air and then
used tear bonds to stop
the demonstration.

I honestly believe that
these parades that
Suther King organ-

izes do ³ more to hurt the
negroes than it does to
help them.

As I mentioned above
I was in sympathy with
the negroes to get Equality
but these marches they
have in my opinion does
not help what they are
fighting for. Most of
their marches end in
violence and looting
such as the march in
Watts where the negroes
looted stores and set
fires which ran into
millions of dollars.

Personally I hate

4.

violence and I hate to see people killed but I think the way to stop the Negroes is to have the Police shoot into the marchers. I know some will be killed but once this is done the Negroes will stop these silly marches which is not helping their cause.

I was in sympathy once but now I am opposed to their marches and Luther King who is bleeding the Negroes for his own financial benefits

SNCC's Revolutionary Purposes

With growing frequency the mis-named Student Non-Violent Coordinating Committee has been appearing at the center of racial disturbances in the cities of the nation. This week it was in Atlanta where SNCC members apparently set out purposefully to provoke disorders by spreading false tales of "police brutality."

Just what SNCC is up to has been answered in the statements of its leaders, most notably chairman Stokely Carmichael. SNCC is seeking nothing less than a revolutionary confrontation, what it calls a "liberation" movement, that will pit blacks against whites.

SNCC wants to divide the country irrevocably along racial lines. Its first need is to discredit the moderate Negro leadership and the concept of non-violence. It has already rejected what is really the only viable route to racial progress, cooperation among whites and Negroes. It moves to exploit, with violence if necessary, the grievances which responsible persons of both races have long been working to eliminate.

"Black power," the SNCC battle cry, has become a label of convenience readily applied to any exploitable situation. In the mouths of SNCC's leaders it means what they want it to mean, from "bringing this country to its knees," as Carmichael said

last month, to total racial separation.

Regrettably, there seems to be a growing number of whites ready to accept SNCC's hate-inspired extremism as representative of ALL Negroes, to cite demonstrated excesses as convenient proof that the races cannot get along, that steps to improve Negro life are futile.

The irony of this is that the philosophical basis of SNCC's dogma rests precisely on the same argument. The bigotry, the exploitation, the outrages demonstrated over the years by some whites are, in SNCC's view, representative of the attitudes of ALL whites. SNCC, too, says the races can never get along.

In one sense SNCC's radical outlook is perhaps understandable, as the logical product of frustrations and discontent. But this doesn't make it any more acceptable.

SNCC, like the white extremists who both bolster SNCC's existence and draw strength from it, is doing not only the Negro cause but the national cause a monstrous disservice. The sowing of hatred, the fostering of divisions, are intolerable whatever their source.

We are one nation. All who work against unity and understanding—white or black—deserve the condemnation of those aware of our moral heritage.

Dear Mayor! - I saw the Huntley - Brinkley TV news program tonight and I must give you much credit for trying to do a big job among the black population down there.

I myself once was on their side as far as more civil rights were concerned, but after viewing how they operate lately in our cities and their sheer disregard for law, I am no longer convinced they need more freedom. Their actions dictate they should still be in Africa.

Again I congratulate you and your police force for doing a good job. I feel sorry for some of the police who were hurt. I now feel that enforcing the law to the fullest is the only way to handle them.

Sincerely yours,
Joseph P. Mihalik

Everyone hopes that you will not only try the Treasonable Red Riots inciter Stokely Carmichael for Arson and Treason but that you asses fines against his organization, for that is one thing that the Communist Whites who are backing these riots cannot stand.

While it is hard on the White All American citizens of Atlanta for a time, it is the thing that has to be done by someone and the sooner it comes to a head and we start using gunfire to start arson and pillage, the sooner the country return again to be America.

Just remember to where there a few back Communists trying to pull down our Government, there are millions of whites who feel afraid to speak out as long we have the Welfare State Administration in Washington.

We hope that you have the backbone needed to carry on.

GOOD LUCK

HOPE KC can equal you.

Draw Allen Jr:

Dear Mr. Allen:

I had to close my office in Chicago after 38 years, due to the rapid influx of negroes. These negroes came up to Chicago to get some easy money in the post war period. They were in the main a pack of barbarians due to their background. Chicago has spent hundreds of millions on these people to the extent that a single family residence is now valued so high that the owners are suffering. The more they get, the more they demand. If they move into a nice property they ruin it in less than a year because they never owned anything of value where they came from and appreciate nothing.

Now we are confronted with these street riots. King should be put in jail as you have now done with Carmichael. We are not going to settle any problems of social significance by destruction of property and molotov

Jews were and are discriminated against socially all over America. I was turned away at the desk of the Graymore Hotel in Atlantic City years ago. Many corporations practice Anti-Semitism right now. That does not warrant going into the streets and screaming and murdering. I know that in 1915 none of the modern apartment buildings in Chicago wanted Jewish tenants. So the Jews bought land and built. Not only apartments but hospitals and every other type of thing for social uplift.

What have the negro groups done? Where is their leadership? What do they build?

The law must be strictly enforced. Chicago has been too slow to see this.

These savages must be made to understand that the jails will be filled. Otherwise our society is doomed —

Don't falter now. Yours, Ernest Malter.

Atlanta Mayor Faults SNCC for Rioting

ATLANTA, Ga. (AP) — Mayor Ivan Allen jr. charged Wednesday that Student Nonviolent Co-ordinating Committee members were directly responsible for Tuesday night's rioting that shattered Atlanta's image of racial harmony.

Allen told a news conference that the disorders "were the result of a deliberate attempt by certain members of SNCC to create an incident of this kind."

The silver-haired mayor,

who climbed on top of a car and tried to calm the jeering, angry Negroes during the disorder, said:

"If Stokely Carmichael (national chairman of SNCC) is looking for a battleground, he created one last night, and he'll be met in whatever situation he cares to create."

Carmichael, along with other SNCC members, was in the area before the rioting began, but he was not seen there later.

Officers said SNCC representatives urged the

crowd to demonstrate and denounced police officers as they chanted "black power."

Seventy-two persons were arrested and 15 injured during the outbreak — the worst the city has experienced in modern times — which broke out after a white policeman shot a Negro wanted on a car theft charge.

Police arrested 10 persons at the riot scene Wednesday after a crowd gathered and began passing leaflets and shouting

"black power." Officers ordered the crowd to disperse and those who refused were taken away in paddy wagons. Order was quickly restored.

"The spark of violence ignited by a few reckless and irresponsible individuals touched off an explosion of civil disorder that shattered Atlanta's long and outstanding record of racial amity," the mayor said.

"From what I heard with my own ears and saw with

my own eyes in the middle of this melee, I feel certain that hundreds of normally good citizens were inflamed out of their normal good senses. They were victimized by those who sought to incite violence."

Referring to recent charges by SNCC members of police brutality, Allen said, hitting a clinched fist on the table for emphasis:

"No one need make charges to me about police brutality during this disorder. I saw plenty of brutality,

but it was all directed against the police officers."

In a separate news conference Wednesday, Police Chief Herbert Jenkins said SNCC officials include "irresponsible and hoodlum leaders" and that its rank and file consists "mostly of criminals, hoodlums and outlaws of all types."

Jenkins said the Student Nonviolent Coordinating Committee "is now the nonstudent violent committee. And we must and will deal with it accordingly."

Negro Leaders Join Criticism Of Carmichael

Ministers Make House-to-House Calls for Peace

ATLANTA, Ga. (AP) — Negro ministers and civil rights leaders began a door-to-door appeal Wednesday night for calmness to Negroes in the area of Tuesday night's rioting which shattered Atlanta's image of racial harmony.

"We are asking all residents not to allow others to use them as pawns," said Rev. Samuel Williams, president of the Atlanta chapter of the National Association for the Advancement of Colored People.

"Atlanta is not by far a perfect city but it is too great to be destroyed by simple-minded bigotry," he said, in a summation statement of a two-hour meeting of civil rights leaders.

Area Tense

Several ministers then left to go directly to visit homes in the six-block area near the new sports stadium in an effort to ease the tense situation.

Earlier in the meeting, several Negro leaders charged Stokely Carmichael, national chairman of the student nonviolent coordinating committee, with responsibility for the rioting.

"The first thing we've got to do is stop the insurrection," said Rev. William Borders, a grey-haired, long-time civil rights leader. "One man is giving us hell. We've got to stop him before he stops us."

Carmichael Replies

"Our main concern here is Stokely Carmichael, whether or not we have a riot is up to him," said Rev. Otis Smith, who suggested the group contact the SNCC leader.

"Stokely Carmichael is an albatross around our necks and a parasite to the community, but he is meeting some of the needs of our people," said Dr. O. W. Davis, a physician.

Carmichael told a Negro radio station (WAOK) Wednesday night:

"It is clear to me that SNCC did not and could not start a rebellion. This one was started by an act, a white policeman shooting

New Mayor Allen -

September 2nd.

We saw you in the midst of your trial by fire in your city a few nights ago on Walter Cronkite's National television news - and we felt we'd like you to know most of us Northerners are 100% behind you.

The misguided youngsters of our cities who rush down to march and to "help" get us together from thoughtful citizens - but oh how noisy those few are!

I wonder why it will take a Congressional investigation to find out why negro ~~employment~~ ^{negro} ~~negro~~ ^{negro} going down? We were all in favor of most of their aims a year ago - but now - frankly - I and my family would be frightened to hire a negro.

You are one of the few courageous men -
God bless you! Yours respectfully -

Isn't this a terrible thing, an American admirer,

Dear sir

I noticed in the paper that Stokely Carmichael was stirring up trouble in Atlanta.

A few days ago he, with others were on a television program. A reporter asked Carmichael if he had ever voted - He said, "No". He then asked him if he was a citizen of the U.S. - He drooped his head and said that was questionable. If he is not a citizen maybe he can be sent out of the country. Who finances him?

This country need to look into these questionable people.

Says He Will Stay in Jail

Carmichael 'Political Prisoner'

ATLANTA (UPI) — Associates of jailed "black power" advocate Stokely Carmichael said Friday he would remain behind bars as a "political prisoner" while they go into federal court with efforts to stop arrests of racial demonstrators.

"Mr. Carmichael is a political prisoner captured by Atlanta police and chooses to stay in jail," James Forman,

acting chairman of the Student Nonviolent Coordinating Committee (SNCC) told a news conference.

Earlier in the day Carmichael was bound over to a grand jury under \$10,000 bond on charges of inciting the riot that broke out in the Summerhill Negro district of Atlanta Tuesday. During the outburst about 1,000 Negroes pelted police with rocks and bottles and toppled Mayor Ivan Allen

from a car when he tried to reason with them.

Carmichael was arrested about midnight Thursday at the SNCC headquarters.

Takes Command

Forman, who came here from Philadelphia to take command in Carmichael's absence, and other SNCC leaders issued a barrage of bitter statements against Atlanta Mayor Ivan Allen, the police department and the U.S. war effort in Viet Nam.

Forman said Atlanta can count on intensified demonstrations in the near future but gave no details.

Reporters covering the news conference were ushered into a large upstairs room of the SNCC headquarters and staff members, some wearing "black power" lapel buttons, took down names of those present. No one was allowed to leave the room alone.

It was explained by Forman that "we are afraid somebody will dynamite us."

At the conclusion of the news conference, a SNCC staff member went downstairs and unlocked a heavy door wired with an alarm system to permit reporters to leave.

Denounced by many of his

own people, Carmichael returned to the riot-scarred district Thursday and went from door-to-door telling residents he was not responsible for the riot.

But his troubles continued to mount during the day. First, he was denounced on the floor of Congress as an "anarchist," then his onetime associate Julian Bond, the Negro representative-elect to the Georgia House refused to seat, announced he was pulling out of SNCC, and finally he was taken into custody.

Viet Police Halt March On Embassy

SAIGON (UPI) — Vietnamese police Friday broke up an attempted march by Buddhist Monks on the U.S. Embassy to protest against the American-backed general elections Sunday. Hundreds of other monks and nuns staged hunger strikes.

The monks were members of the unified Buddhist church which has called on all followers to boycott the elections for a constitutional assembly to pave the way for a return of civilian government.

Police intercepted and arrested about a dozen monks, carrying anti-American and anti-government banners, about one-quarter of a mile from the embassy in downtown Saigon. Other police and American M.P.s threw a tight cordon about the embassy which was ringed with rolls of barbed wire.

The government police hustled the monks into their jeeps and seized such posters as one reading: "The U.S. and South Vietnamese governments are responsible for the death of Tri Quang."

this entire colored movement is

Men like you don't even begin

Dear Sir,

I once lived in

lived in the south - The
fact that I lost ancestors
in the civil war makes me
feel free to express myself

I'm thinking only of the
image of Atlanta you aren't
putting the blame where it
belongs. Nothing is said about
the vicious policeman shooting
a desperate and frightened negro

knew who he was - The police
have always been cruel to the colored

Sir:

May I commend you for the action taken against Stobely Carmichael, a "paper citizen"? On the TV a few weeks ago he said he was a "paper citizen" — naturalized. At that time he made many statements that I felt were intended to incite Negroes to riot.

I have talked with several Negroes here, and they do not approve of Carmichael or SNCC.

That you have taken a firm stand is gratifying. I wish Carmichael would go back to Haiti.

Sincerely,

Carmichael Called Atlanta Riot Inciter; SNCC Leader to Face Grand Jury

IS STAGED IN ALL CITIES BY THIS LEFTIE

ATLANTA — (AP) — Stokely Carmichael, national chairman of the student Non-violent Coordinating Committee, waived a preliminary hearing Friday on charges that he incited Tuesday's rioting in Atlanta. He was bound over to the Fulton County Grand Jury.

Carmichael, 25-year-old black power advocate, was arrested on a state charge of inciting a riot and a city charge of creating a disturbance.

His attorney, Howard Moore Jr., gained a delay of a scheduled hearing earlier

Friday in Recorder's Court and later waived a hearing to let the case go to the Grand Jury.

Municipal Judge T. C. Little ordered the SNCC official held under \$10,000 bond. This was a reduction of \$1,000 from the bail at time of arrest.

Detective Supt. Clinton Chafin said Carmichael was arrested at SNCC headquarters and offered no resistance.

Carmichael's arrest came after Mayor Ivan Allen Jr.

ordered city officials to initiate immediate action against any and all persons responsible for the riot. Two SNCC members had been arrested earlier.

The mayor made the statement after Police Chief Herbert Jenkins and City Attorney Henry Bowden met with Fulton County Solicitor General (Prosecutor) Lewis Slaton to determine the course to be followed in prosecuting persons involved in the rioting.

"They (Bowden and Jenkins) are directed to use ev-

ery facility and legal authority of the city of Atlanta and the state of Georgia necessary to apprehend, arrest and prosecute to the fullest extent of the law any person involved in the unlawful creation of this incident," said Allen.

"Let there be no misunderstanding of our intentions in the apprehension of these lawbreakers," he said.

The riot began some time after a policeman shot and wounded a Negro man he was attempting to arrest on an auto theft charge.

DAN SMOOT

Vol. 12, No. 24 (Broadcast 564) June 13, 1966 Dallas, Texas

THE BONDAGE OF THE FREE

Massive and prolonged propaganda has given American whites a guilt complex about Negroes. White taxi drivers in Boston and Detroit may — and many frequently do — reveal intense feelings about the growing danger of Negro lawlessness, about the great burden of welfare for Negroes, about Negro invasions of white privacy and Negro violations of white property rights; but they sprinkle their comments with such defensive apologies as, “Don’t misunderstand me: I believe in civil rights for Negroes,” and “ I don’t have any prejudice against Negroes.”

Most whites who know, or instinctively feel, that the civil rights movement is a threat to our civilization have been shamed into silence.

The Bondage Of The Free explains this strange, dangerous situation; gives a history of the civil rights movement; tells who originated the movement and why; predicts bloody consequences for the nation if something is not done; tells what can be done. *The Bondage Of The Free*, a 381-page book by Kent H. Steffgen, will be off the press late this month. It should be read and widely distributed as soon as it is available.

Convinced of the importance of the book, I urge you to order it from *The Dan Smoot Report* now, so that it can be delivered to you the moment it is ready. Prices, in paperback: 1 copy \$1.00; 5 for \$3.75; 10 for \$7.00; 25 for \$16.75; 50 for \$32.50; 100 for \$60.00. Please send payment with orders.

From The Book

The following excerpts and paraphrases give a sampling of the style and content of The Bondage Of The Free.

The success of semantics shows that Americans have not yet learned to wage a political offense against a collectivist scheme which holds the onus of color over their heads as a psycho-social guilt factor. Trying to avoid the accusation of “racial prejudice,” white Americans are abandoning an entire social system and way of life — the consummation of centuries. “Conscience,” which would normally function as a natural barrier against evil, is used as the catalyst

for a gigantic political swindle, and has, thus, become a national burden instead of a national asset.

"Rights," as offered to the Negro ostensibly to liberate him from the horrors of American life, have no roots in American political tradition. In the system created by our Founding Fathers, *social equality* — historically a political tool of demagogues — was to give way to *personal equality*, subject only to the desire of individuals to achieve it. The Constitution was the greatest "civil rights" document ever framed. The civil rights movement — supplanting the Constitution — marks not the beginning but the end of genuine Negro advancement.

Laws which brazenly commit Negroes and whites to conflict; intrusions into the private life and political rights of Americans everywhere; the desires of the majority subjected to the arbitrary will of an entrenched minority — all of this has been done under the disarming phrase "rights for the Negro." And there is much more to come.

In June, 1965 — after the monstrous 1964 Civil Rights Act and the 1965 Voting Rights Act had become laws — President Johnson spoke to the Negro student body at Howard University, urging Negroes not to be satisfied with all that had been done. The President implied that "rights for the Negro" may eventually include: a law forbidding whites to move out of an integrated neighborhood; a law forbidding whites to exclude Negroes from private clubs, schools, fraternities; laws prohibiting the use of 'inflammatory' language against Negroes; federal troop escorts for Negroes into local governments throughout the South.

When a United States President can stand before the American people and demand the amalgamation of the Negroes into the white social order, he is committing the nation to civil war. The more the whites reject invasions of their liberty and property, the more violent become the Negroes. No simpler formula exists to produce premeditated chaos. And the deeper the

struggle sinks into a personal schism between the races, the more violent become the possible dimensions of that war.

To Democrat and Republican politicians who fan the fires of race hatred, supporting civil rights for Negroes is merely a means of acquiring and holding political power — a cynical bid for the Negro vote which, cast almost solidly as a bloc in the big cities, is a potent political factor.

The politicians do not want civil war, but that is what they are promoting. The civil rights movement was conceived by communists for the purpose of creating racial violence that would turn into a civil war — civil war on a racial basis. In such a war, should they succeed in fomenting it, communists hope to undermine the government and social structure of America so that they can seize power.

Hiding behind the Negro, communists and their fellow travelers will hijack Americans of all their political and social rights and immunities as free individuals and leave them standing there with a guilt complex — stripped of their constitutional safeguards — confused as to what else can be done to compensate for the plight of the Negro.

By coincidence, humanitarians and communists stand side by side pleading the Negro cause. They have different motives, but operate on the same assumption, namely, that the Negro desires to live by white standards.

Facts belie the assumption.

Integration cannot help the Negro. His problems are not caused by segregation. The worst of them result from: (a) the Negro's own nature and ethnocentric codes; (b) welfare money he has learned to depend on from birth to death; (c) ambitious middle-class Negroes — and a lot of whites — who exploit him and discourage him from pursuing a more productive life; (d) communist agitators; (e) misguided humanitarians

who patronize him and heap pity on him for the wrong reasons.

Negroes will not get what they have been taught to expect from civil rights legislation — namely, heaven. Sooner or later, Negroes will realize that they are not in utopia merely because they can eat in white restaurants and live in white neighborhoods. Negroes are not suffering from suppression. They are drowning in agitation.

Based on what are felt to be unalterable cultural differences between African and Caucasian, segregation in the South was embraced as in the best interest of both races.

The South segregated its schools not only for social reasons but also because of difference in educability — a difference which has been well illustrated throughout the North since 1954. Whites and Negroes in integrated schools regularly end in separate classrooms, not because of color but because of individual achievement. Inability to compete in the primary grades produces feelings of humiliation and inferiority, which become causes of delinquency and anti-social behavior among Negro minors. For this and other reasons, the South abandoned integrated schooling 80 years ago, thus sparing the Negroes the injustice, and society its effects, by allowing them to identify more closely with their own scholastic element — other Negroes.

Southern life permits the Negro to achieve his own level within the context of Negro culture. In the North, whites attempt to fit the Negro into a white environment, thus creating conflict.

When Negroes cross the Mason-Dixon line, most of them go directly on welfare. Through welfare, the state outside the South takes the paternal place of the southern white. The Negro can now vote for a living, and rest easy as a consumer rather than a producer. He can go fishing, buy a bottle of wine, or lounge with his friends until doomsday. Life in the slums offers low rent and the morale-building company of other slum dwellers. It pays for his children, his children's children, and his illegitimate children. Welfare to

the slum dwelling Negro is like sex insurance. The more children he can produce, the more government money finds its way into the colored district as an inducement to procreate.

Skilled propagandists persuade the Negro to despise his identity and view himself with shame, to dislike his own appearance, and to blame the white community for all his troubles. With schools and job training within walking distance, he is told he must invade the white social order to acquire the status and high living standard which is rightfully his. Externally-induced chagrin mixed with hatred and jealousy — all artificially contrived — have started the Negro on the road to becoming a revolutionary in the communist cause.

We have already had ominous harbingers of things to come.

The 1965 Negro insurrection in Watts was the work of only 2 percent of the total Negro population. Compared with the possibilities of a 40 percent or 90 percent Negro participation, the Watts affair was a mere curtain-raiser, nothing but a minor foray.

Minor though it was (in comparison with what it could have been), the Watts insurrection did show that all major American communities are vulnerable.

With months of preparation behind them, a handful of trained agitators manufactured enough flash and brazenness to convince thousands of Negroes that their best chances for kicks, thrills, and spoils lie in joining up with the revolution, rather than wasting away in the dull workaday world of effort and convention. Why settle for the monotony of Caucasian custom when swinging times are to be had through armed rebellion? And even for that, the whites will continue to pay the bill.

That the potential for more violence hovers constantly over U. S. cities, few will deny. But observers seem agreed that the introvert tendencies the Negroes think they see in the white popu-

lation should not be seized on by them as a premature basis for optimism. In spite of all the evidences, the most unpredictable factor in the entire rights struggle is not Negro unrest, but the possibility of a sudden and unexpected change in white attitude toward retaliation.

Today, it is a very uncertain force that keeps the white community passive. Should a sudden impulse sweep through the population to jar loose the drug-like grip of affluence and self-indulgence, white wrath could well surpass anything the nation has yet seen. This potential social hurricane — which might at any moment start howling through the streets of American cities, producing wholesale massacre of Negroes by enraged and senseless mobs of whites — shifts uneasily beneath the surface as the civil rights movement builds to a climax.

The white backlash against scandalous and lawless favoritism and agitation of Negroes already exists. We see this in the universally known fact that whites, throughout the nation, are willing to give up their homes, businesses, jobs — to avoid integration. We have seen little indication of the white backlash in elections, because politicians, like the population in general, have been so brainwashed that they are ashamed to oppose the civil rights movement. About the only politicians who dare discuss the movement are the liberals who support it. Conservatives generally try to avoid the issue, or take meaningless stands.

If we had sound conservatives running for high office, campaigning openly on an anti-civil rights platform, the white backlash could express itself

politically. Whites, by *political* action, could restore the crumbling foundations of their society, reestablish the Constitution as the law of the land, force repeal of unconstitutional civil rights laws that are transforming our nation into a socialist dictatorship. If whites are not given opportunity to protect their persons, properties, rights, and liberties by political action, they will inevitably resort to violence.

Many conservatives despair of ever winning a significant number of elective offices from liberal Democrats and liberal Republicans who have bought their jobs by promising everyone something for nothing. It may be true that a majority of American voters can never be persuaded to vote against the socialist welfare state; but a majority of whites — even those who generally vote for liberals — would vote for intelligent conservatives taking sensible, unequivocal stands against the civil rights movement.

The civil rights movement — designed to destroy our Republic, and thundering toward that goal with tornadic speed — could become the political issue with enough vitality and national appeal to save our Republic.

WR 66-14

COMMUNIST PLANS FOR GUERRILLA WARFARE IN THE U.S.

At this moment, while Communist forces throughout the world are engaged in attempts to overthrow a number of governments, here, in the United States, the Progressive Labor Party (PLP) and the Revolutionary Action Movement (RAM) are actively involved in the first-step operations of guerrilla warfare. Both of these groups are storing arms, training people in sabotage and terrorism and actively preparing a group of people to institute armed insurrection.

Progressive Labor, acting in its capacity as the American arm of the Chinese Communist International, has prepared a number of its members for any eventuality. During the summer of 1964 the PLP initiated a plan dividing various "trusted" members into secret groups of four and then preparing them to go "underground" if a police crackdown became imminent. The PLP members were not simply to change their names and alter their physical appearance but also were to use the weapons provided to aid and promote a guerrilla operation in those cities where Progressive Labor had any strength, such as in New York and San Francisco.

The PLP's Role in the 1964 Harlem Riots

When Harlem erupted that same summer the Progressive Labor leader there, Bill Epton, used his previous training to instigate further rioting. He actually trained people in the techniques of preparing and using Molotov cocktails. Epton is presently out on bond, pending the appeal of the one-year prison sentence he received as a result of his role in the riots.

Once the Harlem riots reached their peak the PL leadership considered spreading the chaos to other parts of the city. The editor of Challenge, the PL weekly newspaper, signed an editorial published during the riots which stated: "The vision of half-a-million - or a million - angry black men and women, supported by allies in the Puerto Rican and other working class communities, standing up to their oppressors,

Editor's Note: Guest Editor, Phillip Abbott Luce, one-time leader of the "New Left" was associated with the Progressive Labor Movement from April, 1963 until January, 1965. He and his wife, a former copy editor for PLP newspapers, broke with the organization because of its terror tactics and advocacy of violence. He has since cooperated with government agencies and has just completed a book for the David McKay Company entitled The New Left.

is haunting the ruling class. People have already begun to speak of 'guerrilla warfare' and 'revolutionaries.'"

The only reason that PL did not try to spread the riots to New York's Lower East Side was later explained to us at a secret meeting of the PL National Committee. Alice Jerome, the head of PL's club on the Lower East Side explained: "We felt that we could not carry an action through with any kind of success or value, other than a blood bath. . . If the opportunity comes again - the big question is how to consolidate whatever gains are made."

Guerrilla Training "Underground"

By December, 1964 the PL leadership had embarked on yet another "underground" program which was to include a trip abroad during which the members would receive further training in guerrilla techniques. Today this program is operative; a number of PL people have already dropped from sight. Jake Rosen, a former member of the Communist Party, USA, a traveler to China (1958), and the man responsible for bringing a number of guns to New York from the South, is in charge of this "underground" project. (Rosen casually left a wife behind when he went into hiding nearly a year ago.)

PL's latest contact with the world guerrilla movements came when it sent Rick Rhoades, in violation of passport regulations, to the Tri-Continental Conference in Havana in January (see WR 66-2). Rhoades, who previously had been sent to City College in New York by PL to head up the May Second Movement there, shared the spotlight with Robert Williams as the only "invited observers" from the United States. Upon his return to New York Rhoades reported on his various meetings with guerrilla leaders at two closed meetings of Progressive Labor. Rhoades also admitted to having had conferences with the Viet Cong about plans to try to increase agitation in this country against the war in Vietnam and also made contacts with the Chinese about the possibility of a trip to that country by a group of young Americans. Such a trip would violate current State Department travel regulations.

R. A. M.

The other organization in the United States that is preparing to launch a guerrilla warfare operation is the Revolutionary Action Movement (see WR 65-21). Founded in Philadelphia in the winter of 1963, RAM is headed by Max Stanford and Robert Franklin Williams. RAM is active in the large city ghettos and has a hard-core membership of about 250 people. RAM closely follows Williams who is listed as its "Chairman-in-Exile" and as the "Premier of the African-American-Government-in-Exile." Williams acknowledged his role while speaking in Hanoi in November, 1964: "As a representative of the Revolutionary Action Movement, I am here to give support to the Vietnamese people in their struggle against U. S. imperialist aggression."

Nearly a year ago a group of RAM followers attempted to destroy a number of national shrines and had planned a bombing raid on the nation's capital before they were rounded up by the New York police. The three Americans involved in this bizarre plot were all members of the Black Liberation Front which was formed in Cuba during

the summer of 1964. This Black Liberation Front was merely a "front" operation for RAM. Even the extreme left-wing has now admitted this fact. Robert Taber, one of the founders of the Fair Play for Cuba Committee and still an apologist for Fidel Castro, documents this relationship in his book on guerrilla warfare, The War of the Flea.

Max Stanford has made it perfectly clear that RAM favors any means to wrest control of the government from "white" people. Writing in the Detroit, Michigan monthly, Correspondence, he relates that RAM was formed by "Afro-Americans who favored Robert F. Williams and the concept of organized violence." He stated that the philosophy of RAM was "revolutionary nationalism and just plain blackism."

One Detroit group which amalgamated with RAM is UHURU which means "freedom" in Swahili. The program of UHURU was described by one of its leaders, who also traveled to Cuba in 1964, as "Mau Mau Maoist. We are strong supporters of the Chinese. If you're in doubt of any position we have, look it up in Peking Review."

RAM and the Red Chinese

Although the RAMers advocate strong support for the Chinese revolutionary philosophy they cannot be considered a part of the official Chinese Communist International. While Progressive Labor has a number of direct contacts (including financial ones) with the Chinese Communist government, the Revolutionary Action Movement is not considered by the Chinese as their American agent. RAM utilizes a philosophy that is a strange mixture of black nationalism, white hatred, misread Marxism and kamikaze radicalism. They idolize the Chinese because of the rhetoric they use and because the Chinese are a part of the "colored" world.

Terror in the Cities

RAM has been explicit in its outline of how it will take power in this country. Advocating a guerrilla war different in nature from that described in the writings of Mao and the Chinese, RAM envisions using the urban areas as the base of operations. The revolutionaries in RAM believe that the black ghetto areas of our major cities hold the key to a successful guerrilla war. They specifically propose that black people be organized into small guerrilla units which will use the night to spread terror through a city. According to the plans of RAM, terror will be the major weapon--terror which will, in turn, lead to a demoralization of the will of the government. Bombs will be placed in New York's Grand Central Station or other public places; key personalities will be assassinated; snipers will indiscriminately murder innocent citizens; theatres will be fired.

Max Stanford puts it this way in a recent issue of "Black America," RAM's official publication: "When war breaks out in the country, if the action is directed toward taking over institutions of power and 'complete annihilation of the racist capitalist oligarchy' then the black revolution will be successful. . . The revolution will 'strike by night and spare none.' Mass riots will occur in the day with the Afro-Americans blocking traffic, burning buildings, etc. Thousands of Afro-Americans

will be in the street fighting: for they will know that this is it."

RAM's Guerrilla War: A Racial Civil War

This type of guerrilla warfare might be destructive in terms of men and money but it could not possibly succeed. One of the major ingredients of such guerrilla action is to confuse and isolate your opponent(in this case, the government) by keeping it from "knowing" the enemy. RAM, however, is proposing a racial civil war that would be a battle of black versus white. Under these conditions they would hope that the "enemy" would be mis-identified and that some whites would react violently against the innocent Negro majority, thereby intensifying the struggle. Immediate terror tactics might be effectively utilized by the black revolutionaries but in the long run they would be involved in a kamikaze action.

Fortunately, it should be stressed that RAM has not made any significant inroads into the Negro community but rather, has been disavowed by most Negro leaders.

While neither RAM nor the PLP is in any position to topple the American government in the near future, the very fact that they are preparing for some type of insurrectional action places them well outside the pale of democratic politics. And while our security agencies can control both groups, it is important to note that the Communist "plan" of guerrilla wars includes the United States itself.

MEMPHIS

Two inspectors dispatched by Marin Sheriff Louis Moutanos arrived in Memphis last Sunday and have since been questioning the youth on the base.

Meanwhile, Moutanos and Undersheriff Sidney Stinson conferred with District Attorney Bruce Bales for three hours yesterday afternoon on new "evidence" about the crime.

The sheriff said a decision in the case will be made after State criminal laboratory experts finish inspecting the car used by the murderer to leave the scene.

Sidbeck's 9-year-old sister, Elsie Kay, was a house guest of the Zimmermans the night the murderer entered the secluded ranch house and bludgeoned the sleeping couple to death in bed.

Margaret Sanger, who risked jail and scorn to promote the birth control movement throughout the world, died yesterday of hardening of the arteries. She was 83.

Death came to the mother of planned parenthood at the Valley House Convalescent Center. A family spokesman said she had been ill for the past five years.

Twice married and a mother of three herself, Mrs. Sanger traveled the globe campaigning for birth control. She made nine trips to Japan, three to India and many to England.

"To take a subject like contraception and make it understood; to separate it from an abortion and have the masses of people agree to it is quite an accomplishment," Mrs. Sanger said in a 1963 interview.

Negro Mob Knocks Mayor Off Cartop

Atlanta

Rioting Negroes fought police with bricks and bottles yesterday and toppled the city's mayor from a car top onto the street when he attempted to calm them.

Police brought the violence under control by tossing tear gas canisters and repeatedly firing pistols and riot guns above the heads of the rioters.

A sniper opened fire from a building in the riot-torn district shortly after dark, but police rushed in before anyone was hit. Seven suspects were taken into custody.

Twelve persons, including four policemen, were injured.

Arrests mounted to 53 in the area.

A policeman was cut on the face and had a possible jaw fracture, and a police detective and at least seven others persons were treated for tear gas effects.

DAMAGE

Windows were smashed in two patrol cars parked on a street. Negroes bombarded a white motorist's car with rocks. Another police car was turned on its side, with all its windows shattered.

U.S. Action Against Big Drug Firm

Washington

The Government has started criminal proceedings against the Upjohn Co., a giant pharmaceutical manufacturer, which are based in part on a failure to publish a warning to physicians concerning the safety of a prescription drug if used by pregnant women.

The drug — Upjohn's biggest seller—is Orinase, an oral antidiabetes agent.

Marketed in 1957, it is said by the company to have been used by more than 750,000 patients. It has been reported that in tests on animals, massive doses of the drug can kill or deform the fetus.

The charges involve the entry about Orinase that Upjohn supplied for publication in the 1965 edition of Physician's Desk Reference, the single most important source of prescription information for more than 200,000 physicians.

Spears, 64, who retires next June 30, did not mention, in his Teachers' Institute speech at Masonic Auditorium such festering disputes as de-facto racial segregation or the choice of his successor.

Instead, he cracked a joke or two about his own small-town Indiana schooldays and then launched into a long description of his recent world tour.

Here were a few of Spears' points:

The United States is a sort of benevolent colonial power, he said, and this is how it should be. "We tend other nations' crops and double as scarecrows to scare off those who would come in and plunder these fields."

"Every child has the right to be treated as an individual. You protect that right. But this right is not protected in India. The Hindu can kill a Moslem but not a cow or a rat which eats up their limited store of grain."

"India is an exceedingly exciting and puzzling country."

TAJ MAHAL

Two great problems struck him during his tour of South East Asia, the "wretchedness and abject poverty" and the "threat of Chinese power undermining the integrity of developing nations."

Spears talked about the Taj Mahal — "Its beauty is blemished by its price, the gap between the ruler and

The assassination took place in full view of members of Parliament as the bells rang for the start of the session.

As blood spurted onto the carpet, members fell on the assailant and pinned him, struggling, to the floor. He was then taken into custody.

ASSASSIN

The assassin was Dimitri Stafendas, a 45-year-old South African of Greek and Portuguese origin. He reportedly had complained to co-workers that the government was doing too much for non-whites and not enough for poor whites.

Verwoerd slumped at his desk with his head down. Four medical members of parliament rushed to help him and one, Dr. C. V. Van Der Merwe, gave him mouth-to-mouth resuscitation in an attempt to revive him.

the city on request of the mayor, but they were held in reserve. Police began pulling out of the area about 9 p.m.

The riot started in midafternoon after police shot and seriously wounded a Negro whom they suspected of car theft.

Within three hours of the shooting more than 400 Negroes, including several members of the Student Non-Violent Coordinating Committee, were rushing through the streets shouting, "Black power—police brutality."

When Mayor Ivan Allen Jr. rushed to the scene and climbed upon a police car to talk to the rioters, they surged toward him and rocked the car again and again until the mayor tumbled to the street, shaken but uninjured.

PLEAS

The 55-year-old mayor scrambled to his feet and then raced about the riot area, which is only two blocks from the city's new \$18 million Atlanta Stadium.

"Go home, he pleaded 'please go home.'"

"Don't go — stay here and protest police brutality," said members of SNCC who walked behind the mayor.

The police said Stokely Carmichael, SNCC's 25-year-old chairman, came to the scene on tree-lined Capitol avenue soon after the 1:30 p.m. shooting and told Negroes that "we're going to be back at 4 p.m. and tear this place up."

Two other SNCC members, Willie (Bill) Ware and Bob Walton, were taken into custody by Atlanta police while touring the area in a sound truck, urging Negroes to gather to protest the shooting.

said Davis, a Negro. "And they started rocking the car. And I got the hell out of there." Both Davis and WSB radio newsman Andy Still escaped without injury.

Yesterday violence caught the mayor, one of the few Southern officials who has advocated civil rights legislation, by surprise.

Except for tension in recent weeks between the police and advocates of the "black power" philosophy

launched by SNCC, Atlanta has heard few of the "police brutality" complaints that have heightened police-Negro tension in many of the Nation's cities.

The city has been widely praised as a model for the South in its peaceful acceptance of school desegregation, and its two daily newspapers — the Constitution and the Journal — are among the most liberal in the region in racial matters.

Plutonium Sale Goes To Congress

Washington

To promote American - European cooperation in the peaceful development of atomic energy, the Administration has asked for congressional approval of a record sale of plutonium to the European Atomic Energy Community.

Under the proposed transaction, the United States would sell the six-nation community, known as Euratom, 1000 kilograms of plutonium, or about \$43 million worth.

A PAUSE

Plutonium once used exclusively in atomic weapons would be used by the Euratom members, particularly France and West Germany, to develop an advanced atomic power reactor. This reactor, known as the breeder, produces more fissionable fuel than it consumes.

The size of the transaction and the potential use of it for the manufacture of atomic weapons, gave the Administration considerable pause.

DIFFERENCES

Euratom, which purchased 500 kilograms of plutonium in 1964, originally requested the additional plutonium last spring to meet its breeder reactor research needs over the next five years.

The Administration delayed in approving the sale,

Syria Foils Coup Plot by Ex-Premier

Beirut, Lebanon

The left-wing Syrian regime has foiled a plot by ousted moderates of the ruling Baath party to regain control and sweep the nation with a "wave of terrorism, violence, murder and destruction," Radio Damascus said yesterday.

A government statement said supporters of the Baath party international command, toppled by strongman Salah Jeddid six months ago, joined with "imperialists and reactionary forces" in the attempt to overthrow the Damascus regime.

The broadcast, monitored here, named former Premier Salah Bitar, former Party Secretary Michel Aflak and Dr. Mounif Razzaz, international command secretary-general, as leaders of the abortive coup.

It said the plotters were arrested and had confessed and would be tried without mercy by a special national tribunal. But there was no confirmation that the major leaders were actually in jail.

The plotters also masterminded Bitar's recent escape from a Damascus jail, the government broadcast said.

The information was quietly filed on August 22 in Federal Court in Grand Rapids, Mich. The case is being handled by United States Attorney Harold Beaton, who said yesterday that the date for arraignment has not been set.

In Kalamazoo, Mich., a spokesman for Upjohn said he had no comment on the plea that will be entered by the firm. He said Orinase sales last year came to about 17 percent of the firm's total sales of \$243 million. Upjohn's 1965 net after-tax income was \$37 million. The criminal information charges that Orinase, which has the generic name tolbutamide, was mislabeled because the entry in the 1965 Physician's Desk reference — the same entry as that used in some prior years — "was not, as required by regulations, substantially the same as the labeling authorized" by the Food and Drug Administration.

The charge is based on FDA's long-standing rule that entries in PDR—which are prepared, edited, approved and paid for by drug manufacturers—are legally labeling. Under the 1962 amendments to the drug law the agency also requires drug ads to contain a true statement in brief summary of the FDA-approved brochure enclosed in each package of a drug product.

UPJOHN

The Upjohn spokesman said that in a difference of opinion with FDA the firm considered the PDR entry to be paid advertising, and that under that interpretation less

entry to appear in the 1966 PDR without inclusion of certain information that had been omitted. Upjohn complied and added the following information:

"The safety and the usefulness of Orinase during pregnancy have not been established at this time, either from the standpoint of the mother or the fetus." In animal studies, the entry said, tolbutamide in massive doses has been shown to kill or deform the fetus.

"It is not known whether or not this finding is applicable to human subjects," Upjohn said. "Clinical studies thus far are quite limited and experimental. Therefore, the use of Orinase is not recommended for the management of diabetes when complicated by pregnancy."

Air Strike Cost City \$250,000

Last month's 24-day airline strike cost an estimated \$250,000 in lost income at San Francisco International Airport, George F. Hansen, airport general manager, said yesterday.

Hansen told the Public Utilities Commission that the July traffic passenger volume was 820,973, down nearly 5 percent from the July, 1965, figure of 852,515.

June's pre-strike traffic volume of 1,061,279 was the first month in the airport's history to top a million.

Hansen estimated that, without the strike, July traffic would have been 1,130,000.

men, "and they were saying that the man had been shot while handcuffed and that he was murdered by white police."

The police denied the accusations. The wounded man, Harold Louis Prather, was reported by a spokesman at Grady Memorial Hospital in "poor condition."

"This is an explosive area, and they (the police) come down here and shoot a Negro — good God Almighty," said Cleveland Sellers, SNCC's project and program director. "People here are just reacting to police brutality."

Other SNCC officials on capitol avenue during the rioting were Ruby Doris Robinson, executive secretary of the Committee, and Ivanhoe Donaldson, head of the organization's New York office.

In the beginning, the missile-throwing was sporadic. But after the police used tear gas to rout a group of bottle throwers Negroes hurled volley after volley of bricks and bottles. At one point, the police threw tear gas into a home, which they said had been the center of some bottle-throwing, and a mother, her five small children and their grandmother were forced into the street.

The family was taken to Grady Memorial hospital in an ambulance.

Heavy police details rushed into a Negro section about one mile from the trouble spot last night after a radio newsman's car was overturned by Negroes near a church. Reporter Mike Davis of the Atlanta Constitution said one of the Negroes pulled a pistol and fired. "I heard glass breaking,"

Chances Fading for Grand Canyon Dams

Washington
The Colorado river Project bill with its controversial Grand Canyon dams appears headed for the legislative graveyard this year. Arizona Congressmen Morris K. Udall, a Democrat, and Jon J. Rhodes, a Republican, are expected to issue a joint statement on the subject today. Their statement was understood to paint a pessimistic picture of the \$1.7 billion measure's chances.

If the measure is indeed buried, it would be a major victory for the Sierra Club and other nature-lovers who have attacked, in particular, the two proposed Colorado river dams above and below Grand Canyon National Park. They claim the dams would damage the canyon's natural beauty. *Times-Post Service*

Civil Rights Bill - UNMASKED

WHAT ARE YOU DOING TO KNOCK IT OUT?

S. S. United States

In 1789, Our Forefathers banded together thirteen colonies and set out to build a SHIP—a SHIP OF STATE. This ship was to sail over the land and sea waves of the newly discovered America as a FREEDOM SHIP for its people who had come here to exercise their religious freedom.

In order to build this Freedom Ship, a shipyard was needed, which at that time was occupied by the Redcoats.

An army was needed to clear this land, hence the American militiamen were called on, and were organized into what was known as The Minutemen, which grew larger into an Army led by General George Washington.

After many battles on land and sea and at the cost of many lives, the land for the shipyard was cleared and the keel for the new ship was laid. The ship was to be named the S. S. UNITED STATES and the keel was named the CONSTITUTION.

Elected Captain of this proud ship was the leader of the American Revolution, George Washington. Next to be elected were the Senate and Congress, who as representatives of the people would be the officers aboard this ship and be responsible for her safety.

Leaders of other branches of government were elected, but down in the hold of this mighty ship were the people, who were riding on the Constitutional keel and formed a powerful engine, which would be the driving force, keeping her on a straight true course to freedom.

The S. S. UNITED STATES was launched July 4, 1776 and sailed with pride for many years, but the people grew careless and allowed the outside of her hull to become coated with foreign barnacles and boring from the inside by red termites. Guns were mounted on her decks and rifles handed the people. In 1917 she ran aground on the beaches of a foreign country involved in a bloody war.

After much money was spent and many lives were lost, this great ship pulled off the foreign beach and floundered back to her shores, carrying more foreign barnacles and red termites.

Twenty years of sabotage again sent this SHIP OF STATE into a second world war on a foreign land and after suffering the cost of many more lives and much money she again returned to her shores, riddled with foreign infiltration and listing dangerously.

Today the good ship S. S. United States is going down, unless you, her passengers, come out of the hold and start fighting to keep her afloat. You elected these officers to run this ship. They are waiting for you to tell them what course to take. **ACT NOW!**

The red termites are at work—night and day—trying to put the finishing touches on this once proud ship. The tool they are using to send her to a slimy communist sea bottom is a VICIOUS BILL now on the Senate Deck—THE "SO-CALLED" CIVIL RIGHTS BILL.

It looked so harmless, but...

Civil Rights Bill - Unmasked

By Seth H. Thornton, Editor
Armed Forces Roll Call Newsletter
P. O. Box 184,
Mt. Rainier, Maryland

National Emergency Alert

This EMERGENCY ALERT is issued for the purpose of alerting the American public, regardless of race, to the imminent and dangerous threats to our few remaining constitutional rights, freedoms and liberties posed by the so-called Civil Rights Bill now awaiting action in the U. S. Senate.

Dissenting members of the House Judiciary Committee have reported that "IN TRUTH AND IN FACT, the bill under the cloak of protecting the civil rights of certain minorities, will DESTROY civil rights of ALL citizens of the United States who fall within its scope, and that Congress would abnegate its duty to consider and protect All of the Nation's citizens."

It is impossible for the average citizen to realize how seriously this proposed unconstitutional legislation will adversely affect his life and the future of these United States until he has read "Unmasking the Civil Rights Bill," issued by Fundamental American Freedoms, Inc., Suite 520, 301 First St., N. E., Washington, D. C., and "Civil Rights

and Federal Powers," issued by Virginia Commission on Constitutional Government, Travelers Building, Richmond, Virginia, both of which are free upon request. It is to your interest to immediately secure a copy.

We are not opposed to any LEGITIMATE constitutional rights for the Negro race but are definitely, violently and uncompromisingly opposed to any unconstitutional SPECIAL rights for them or any other race or religion.

The rights proposed in this Civil Rights Bill are not legitimate or constitutional rights for any person—black, white or intermediate—but simply SPECIAL PRIVILEGE for a minority, DENIAL of constitutional rights of a majority, and unheard of DICTATORIAL POWERS for the Federal Government over ALL the people.

The only governments in the world today having such power and control over the lives of their people, as is called for in this Civil Rights Bill, are communist governments, such as the Soviet Union and its satellites. Is this the type of government the Founders of our Nation had in mind for us?

Americans are a patient and long-suffering people. For more than thirty years we have been brain-washed, punched, kicked, pushed and led by our so-called "leaders" slowly but surely down the road to Socialism, Wel-

Civil Rights Bill - Unmasked

—o— Continued from page 1 —o—

fare-Statism, One-Worldism and Communism. Now, of all things, we are being told that we must have One-Racism, regardless of our Constitution.

We have suffered through the debauchery of our currency; the corruption of our officials, high and low; the sell-out and surrender of our sovereignty and our Army, Navy and Air Force through treasonable and traitorous acts of officials in our Government; the humiliation of seeing our Flag desecrated in foreign lands and innocent citizens imprisoned and murdered in cold blood; our fliers shot down and ransom paid for their release; members of our Armed Forces taken prisoners, and murdered in cold blood, and others still prisoners and slaves to this day; property of citizens and the United States stolen, confiscated and destroyed without compensation; and finally, the Monroe Doctrine scrapped and foreign enemy troops stationed within 90 miles of our shores in appeasement of the most murderous, tyrannical, lying traitor that has ever trod the face of the earth.

What has this to do with the Civil Rights Bill? Everything. It points up to the fact that this deadly sickness and erosion of principles within our Government has spread like a cancerous growth until it has now infected our whole Nation. The Executive and Judicial Branches of our Government, through unconstitutional actions, have attempted to appease the Negro race and we now have the Legislative Branch attempting the same thing through this unconstitutional Civil Rights Bill. Among the 130 members of the House of Representatives who had the GUTS and integrity to remain true to their oaths to uphold and defend the Constitution and refused to sell their vote and our birthright for a mess of pottage, Representative Louis C. Wyman, New Hampshire, had this to say, as extracted from his speech reported in the Congressional Record, Feb. 10, 1964:

"For what it is worth I give this opinion as a graduate of the Harvard Law School, Attorney General of one of the States for nearly a decade, and twice chairman of the American Bar Association's Standing Committee on Jurisprudence and Law Reform for the country.

"This legislation makes a mockery of the Constitution. To yield to pressure for an unconstitutional law because of sympathy for social injustice is to say that the end justifies the means . . .

"I came here to uphold the Constitution, not to destroy it. To uphold it, I am compelled to vote against this bill . . .

"It means finally that there is no power in this Congress to legislate as is here proposed in regard to private lives, private business and individual activity within and among the several States having nothing to do with interstate commerce and not constituting State action.

"And it is the sheerest hypocrisy to contend that by so defining such private conduct it becomes constitutionally amenable to Federal law when the power to enact the law was never given to the Federal Government in the Constitution. It is hypocrisy compounded by fraud upon the people to ignore these basic truths because some members believe there are more votes for their reelection to be found in perpetrating the fraud than in protecting the constitutional rights of the people—all the people, both white and colored, Protestant, Catholic, Jewish and disbeliever.

"There are still many private rights in America that under our Constitution are beyond the power of Government to regulate, and one of these is the right to pick and choose one's associates, one's friends and one's customers in private business . . .

"It is way past time here when some pretty plain English was spoken—on the

— ONE OF MANY FIGHTERS —

Senator Richard B. Russell (D-Ga.)

Sen. Russell and many other Democrats and Republicans, North and South, know that this so-called "Civil Rights" Bill is a vicious Bill, designed to ruin our Nation, and are fighting hard to defeat it. They need your help. Let them hear your voice loud and clear:

record and not just in the cloakrooms—so that we may get hold of ourselves and not go off the deep end with this legislation. It is common knowledge that if a secret ballot could be taken on this bill in its present form **IT WOULD NOT GET 50 VOTES.**

"If we do not stand up and be counted in this chamber for what we know is legally required by the Constitution of the United States of America, then what are we preserving? Do we have majority rule in this land or don't we?

A substantial proportion of the Members of this House are lawyers, sworn to uphold the Constitution as lawyers, and sworn again as Members. This is our oath, this is our duty, this is our responsibility . . .

Since the above words were spoken by Representative Wyman, 290 members of the House of Representatives deliberately violated their oaths of office by voting for this unconstitutional legislation.

These same Representatives were no doubt aware of the fact when they voted for this legislation that right in our Nation's capital city of Washington, white women and girls have been, and are being, attacked, raped, and beaten unmercifully in broad daylight in churches, offices, stores and homes. If this vicious Civil Rights Bill should pass, what can we expect next?

We have seen our Constitution slowly destroyed through the "NEW DEAL," the "FAIR DEAL," the "SURRENDER DEAL," and the "NEW FRONTIER DEAL." Now that we are supposed to have been sufficiently brain-washed and inured to stomach anything, we are being handed, through this so-called Civil Rights Bill, the "ROTTEN DEAL."

For the information of the Negro-Communist-appeasing members of the Executive, Judicial and Legislative branches of our government, and their aiders and abettors, the white people of this nation feel that it is time we received a "SQUARE DEAL," as guaranteed to us under the provisions of the greatest document ever devised by human minds and hands—**THE CONSTITUTION OF THE UNITED STATES OF AMERICA.**

After reading thirty pages of fine print in the Congressional Record of July 29, 1963, which outlines the subversive character and communist front affiliations of many leaders of the NAACP, we are firmly convinced that this legislation, which they are attempting to push through Congress by intimidation, is nothing but a Communist calculated plan of enforced race-mixing to divide, subvert and mongrelize this nation to the point where it will be a push-over for the Communists.

There appears to be only one chance left to defeat this unconstitutional legislation and save our nation from another Civil War—a Civil War that this time will be fought between white and black races.

This one last chance lies within the United States Senate where 100 Senators are bound by their oaths to support and defend the Constitution of the United States. Since this Civil Rights Bill is clearly unconstitutional, these 100 Senators cannot remain true to their oaths and vote for this legislation.

It is up to those of us who cherish our Constitution to let these 100 Senators know that we expect them to live up to their oaths. To that end we offer the following suggestions:

(1) To members of the Armed Forces and their families who have had a foretaste of this bill through that infamous "Gesell Report" (See Roll Call Newsletter, Oct. 29, 1963—copy on request) that is being rammed down your throats, we say get busy today and write, phone or telegraph both of your Senators and let them know in no uncertain words what you think of this bill.

(2) To National and State Commanders of the American Legion, Veterans of Foreign Wars and the Disabled American Veterans, we say go all out to have all Post Commanders call special meetings of their membership and urge each individual to protest this legislation to both of his Senators.

(3) To patriotic, civic, fraternal, religious and other veteran organizations we say to hold mass protest meetings against this legislation and urge everyone to swamp their Senators with letters, telegrams and phone calls.

Civil Rights

—is nothing but a dishonorable political racket.

We are ashamed of the members of both parties who are trying to jam this so-called "Civil Rights" Bill down our throat.

This can only harm citizens who are helpless pawns in this despicable political power play.

Why do we send them to Washington? To protect our freedom and our property as prescribed in the Constitution.

The Constitution which all office holders swear on the Bible to support, expressly prohibits Congress from passing this law.

The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.

The hour is late as the black despair of communism envelops so much of the world.

Isn't constitutional law and personal freedom worth saving in America—the last bastion of Christendom?

ONLY YOU AS AN AMERICAN CITIZEN CAN STOP THIS VICIOUS BILL FROM PASSING

The **CIVIL RIGHTS BILL** is NOT in the interest of the **AMERICAN PEOPLE** . . . It is NOT in the interest of The **NEGROES** . . . Nor The **WHITES!**

"Civil Rights" is only the coverup for a giant instrument of **FEDERAL CONTROL** . . . Passed by this Congress, it will set up broad and extended powers of **FEDERAL ACTION** and other **FEDERAL FORCES** unconstitutional in concept, design, and purpose.

Now, **MR. AMERICAN**, read the following by **Mr. John C. Satterfield**, Past President of the **American Bar Association**, who tells frankly about your future **IF YOU PERMIT your Senators and Congressmen to enact this CIVIL RIGHTS BILL INTO LAW!**

EXTREME PROPOSALS TIGHTENED INTO EXTREME COMPROMISE

Supporters of the pending **CIVIL RIGHTS BILL** call it a "compromise." But those who have been following the progress of the debate report that the latest version can hardly be called moderate. The truth is, two or three wildly extreme proposals have been tightened into one extreme compromise.

No matter what minor adjustments have been made, the typical American citizen **WILL FIND THAT IT IS HIS FREEDOM WHICH HAS BEEN COMPROMISED.** Some vague passages have been more clearly defined. But the bill still provides for a sweeping extension of Federal power into new areas. And the penalties are harsher.

IF A MAN BELONGS TO A UNION, for instance, he'll find that his seniority rights take second place to the whim of a Federal commission. A union member may be laid off or fired and a non-union member hired in his place if a Federal agent decides that his employer has been discriminating.

A HOME OWNER WILL DISCOVER that he can no longer choose the buyer or tenant for his house. Federal personnel will make the decision whether or not a prospect is acceptable. Federal personnel will also have the authority to withhold or apply the stamp of approval on architects, realtors, or lawyers involved in the transaction.

A BANK DEPOSITOR may suddenly find out that his savings no longer have the guarantee of Federal insurance. A Federal agency can decide that the bank has discriminated against another customer, and order FDIC insurance withdrawn.

A SODA FOUNTAIN OPERATOR, for the first time, will have a requirement to serve all customers, even if it is bad for his business. The civil rights bill would make it impossible for him to ask the police to protect his property in the event it appears that a riot or disturbance may break out over racial problems. For, since the bill construes such protection as a "state action" and thus prohibited by the Fourteenth Amendment, the State, itself, is prohibited from interfering (abetting).

A FILE CLERK or **A STENOGRAPHER** would soon realize that ability or neatness may no longer be the crucial qualifications in getting a job. Two girls of equal ability would first have to meet the test of race and religion. A person of one race could not be hired where "too many" people of that particular race were already employed. A person of one religion could not be considered where there were "too many" of that faith already at work.

In fact, **THE STRANGEST THING ABOUT THE BILL** is that it requires a re-emphasis on America's dwindling race consciousness. **FEDERAL AGENCIES ARE EXPLICITLY EMPOWERED** to demand

— HE DID HIS DUTY —

Senator Joseph R. McCarthy

"A Senator who is aware of treason but who refuses to expose the dangerous, unpleasant facts for fear that he will be politically scarred and bloodied if he does is acting **guiltier of greater treason** than the traitors themselves. Every Senator has the duty to use the means provided by the Constitution to protect the people who have entrusted him with the task of manning the watchtowers of this nation."

—Senator Joseph R. McCarthy

racial and religious records from business and unions. Elaborate racial bookkeeping set-ups can be required, under heavy Federal penalties. **FEDERAL AGENTS ARE GIVEN THE POWER TO ENTER** any industrial or union property, seize records, question employees and members, and investigate any "matter as may be appropriate," to quote the words of the bill.

In short, there are two regions of **NEW FEDERAL POWER** opened up, in the name of protecting the civil rights of everyone. The first one is the power to **TERMINATE FEDERAL GRANTS**, which total multiple billions of dollars each year, and hold a life and death power over the financial stability of whole cities and regions. This vast authority would be turned over to Federal agencies without laying down any of the traditional protections of due process of law, rules for receiving evidence, or holding proper hearings. Under this bill, **A FEDERAL AGENT HAS ONLY TO MAKE "AN EXPRESS FINDING."** In this, he would be guided by his own whim, prejudice or caprice. The "judicial review" provided will be of little value.

The other extraordinary power is the close regulation of employment, promotion and firing. **FEDERAL BUREAUCRACY WILL CONTROL THE BASIC DECISIONS OF WORKERS AND THEIR BOSSES.** It means that Federal control will move into such sensitive areas as the **TEACHING FACULTIES OF SCHOOLS** and **COLEGES**, public and private, and the writing staffs of **NEWSPAPERS** and **MAGAZINES.**

MANY CITIZENS HAVE NEVER REALIZED that the scope of the **CIVIL RIGHTS BILL** WAS SO IMMEDIATE.

CIVIL RIGHTS IN THE LIVING ROOM

The American homeowner feels secure in his living room. His home is his castle. And

Hot Line To Washington

the U. S. Constitution protects him from unreasonable search and seizure. But **IF** the pending **CIVIL RIGHTS LEGISLATION** is passed, the homeowner will no longer be free to use and dispose of his property as in the past whenever his home has been financed in the usual manner.

THERE WILL BE A FEDERAL AGENT AT THE DOOR TO TELL HIM WHAT TO DO!

Many homeowners assume that the **CIVIL RIGHTS BILL** has nothing to do with them. They assume the proposed legislation has something to do with voting rights or education. They think that because they do not operate a large corporation in interstate commerce they will escape **FEDERAL REGULATION.**

That isn't so. The **CIVIL RIGHTS BILL** grants power under which may be required **FEDERAL APPROVAL** of the deal when the homeowner goes to sell. Or to rent even so much as one room. At the same time, the prospective homebuyer or renter must pass **FEDERAL INSPECTION** before he can accept the owner's offer.

If, in the opinion of a **FEDERAL INSPECTOR**, the homeowner's acceptance or rejection has the effect of discriminating on grounds of race or national origin—intentionally or unintentionally—then the deal can be stopped. If a white man and a Negro man with the same qualifications applied for the same vacancy, then the race would be the deciding test.

This situation is contrary to the impression most people have of the **CIVIL RIGHTS BILL.** But "Civil Rights" is only the coverup for a giant instrument of **FEDERAL CONTROL**; the word "discrimination" is nowhere defined in the text. The fact is—this bill sets up broad powers of **FEDERAL POLICE ACTION** to manipulate the social structure in an effort to use **FEDERAL FORCE** to cure "racial imbalance."

Homeowners are caught in the middle by the section which puts a vise on **FEDERALLY ASSISTED PROGRAMS.** When **FEDERAL PERSONNEL** come into the living room, a financial squeeze is put on the hapless owner! **FEDERAL CONTRACT** and **FEDERAL "ASSISTANCE"** touch nearly every home built in the United States.

Already about 30% of all home building must meet the **FEDERAL FORMULA** with regard to race. This is true despite the fact Congress, six times, refused to grant this power to the Executive Department. Arbitrarily, last year, an Executive Order, ignoring Congress, swept G. I. and F. H. A. financing under these controls.

The **CIVIL RIGHTS BILL** reaches out to every bank and lending institution that participates in the **FEDERAL RESERVE SYSTEM.** It reaches the **FEDERAL HOME LOAN SYSTEM**, and even the **FEDERAL DEPOSIT INSURANCE CORPORATION.** Any institution receiving **FEDERAL FINANCIAL "BENEFITS"** must make its borrowers fulfill **FEDERAL RULES** on discrimination. The banks must enforce these rules by **FORECLOSURE, BLACKLISTING, REFUSAL, and EVICTION!**

Until the **CIVIL RIGHTS BILL** was proposed, it was an accepted rule that **FEDERAL REGULATIONS** in assistance programs had to have something to do with the financial purpose. But no longer. The **CIVIL RIGHTS BILL** sets up sociological requirements that have nothing to do with financial stability.

In fact, the new **FEDERAL CONTROLS** may be opposed to financial good sense. Homeowners, investors, realtors, developers, and attorneys may be required to follow **FEDERAL DECISIONS** which experience

shows to be ruinous. The only alternative to such a policy would be to stop investments and growth.

VICIOUS CIVIL RIGHTS (?) BILL

What civil and property rights of 180 million citizens are impaired by the so-called Civil Rights Bill?

If the proposed legislation is enacted, the President of the United States and his appointees—particularly the Attorney General—would be granted the power to seriously impair the following civil rights of those who fall within the scope of the various titles of this bill:

1. The right of freedom of speech and freedom of the press concerning "discrimination or segregation of any kind" "at any establishment or place," as delineated in the bill (secs. 202-203).

2. The right of homeowners to rent, lease, or sell their homes as free individuals (secs. 601-602).

3. The right of realtors and developers of residential property to act as free agents (secs. 601-602).

4. The right of banks, savings and loan associations and other financial institutions to make loans and extend credits in accordance with their best judgment (secs. 601-602).

5. The right of employers "to hire or discharge any individual" and to determine "his compensation, terms, conditions, or privileges of employment" (title VII).

6. The seniority rights of employees in corporate and other employment (title VII, title VI via sec. 711 (b)).

7. The seniority rights of all persons under the Federal civil service (sec. 711 (a)).

8. The seniority rights of labor union members within their locals and in their apprenticeship programs (title II, title VI via sec. 711 (b)).

9. The right of labor unions to choose their members, to determine the rights accorded to their members, and to determine the relationship of their members to each other (title VII, title VI via sec. 711 (b)).

10. The right of farmers to freely choose their tenants and employees (title VI and title VII).

11. The right of farm organizations to choose their members, to determine the rights accorded to their members, and the relationship of their members to each other (title VI and title VII).

12. The right of boards of trustees of public and private schools and colleges to determine the handling of students and teaching staffs (title IV, title VI, title VII).

13. The right of owners of inns, hotels, motels, restaurants, cafeterias, lunchrooms, soda fountains, motion picture houses, theaters, concert halls, sports arenas, stadiums and other places of entertainment to freely carry on their business in the service of their customers (title II, title VI, and title VII).

14. The right of the States to determine the qualifications of voters in all Federal elections and many State elections (title I).

15. The right of litigants to receive even-handed justice in the Federal courts; this legislation places civil rights litigants (particularly the Attorney General) in a special category with preference and advantage not afforded parties in any other form of litigation (sec. 101 (d), title IX).

The depth, the revolutionary meaning of this act, is almost beyond description. It cannot be circumscribed, it cannot be said that it goes this far and no farther. The language written into the bill is not of that sort. It has open-end provisions that give it whatever depth and intensity one desires to read into it. In the language of the bill, "The President is authorized to take such action as may be appropriate to prevent * * *" (sec. 711 (b)), and "Each Federal department and agency * * * shall take action to effectuate * * *" (sec. 602). This vests, of course,

almost unlimited authority in the President and his appointees to do whatever they desire.

It is, in the most literal sense, revolutionary, destructive of the very essence of life as it has been lived in this country since the adoption of our Constitution.

Write to your U. S. Senators today to vote against this un-American civil rights bill!

Now that the reports of the House Judiciary Committee have been published, discussion in Washington has been stirred afresh. Congressmen regard their mail as a barometer of public sentiment. They are watching closely to see whether homeowners react strongly to the new FEDERAL CONTROLS or not.

If your Senator or your Congressman supports and passes HR 7152 (S. 1731), he will have firmed-up your future in the UNITED NATIONS and the WORLD GOVERNMENT OF INTERNATIONAL SOCIALISM and TOTALITARIAN DICTATORSHIP!

If this 88th Congress, 2nd Session passes this bill, YOUR AMERICAN CONSTITUTIONAL INDEPENDENCE AND FREEDOM WILL HAVE BEEN TAKEN AWAY FROM YOU PERMANENTLY: Get busy—make your wishes known!

Keep on Writing

The debate on the Civil Rights Bill will doubtless continue for some weeks. Extraordinary pressures of all kinds, including "arm twisting," are being brought to bear on senators by the Administration, in order to gain their support.

The senators opposed to this disastrous piece of legislation need your support.

Congress must continue to receive floods of letters from all over the country. No other bill is comparable in importance.

Write to Minority Floor Leader Senator Everett Dirksen (R. Ill.) and urge him to stick by his original statement opposing this bill.

Write to Senator Richard Russell (D. Ga.) in praise of his splendid opening speech to the Senate against the Civil Rights Bill. Let him know that the country is behind him and is counting on him.

ADL & LBJ'S "Determination"

Washington (N.Y. Times) Jan. 5 - The Anti-Defamation League of B'nai B'rith took an optimistic view today of the chances for passage of civil rights legislation this year.

In its annual report on Congress and civil rights, the league said President Johnson had made clear "a determination to pass the civil rights bill."

"Because the President has put his heart and his unmatched knowledge of Congress behind the bill," the league said, "and because it is a Southerner in the White House who will be appealing to the South, the bill has become more possible to pass."

The report warned, however, against weakening of the bill by what Mr. Johnson has on occasion called "the art of the possible."

"Too often," the report said, "the 'possible' implied a watered-down result obtained without struggle, tears or challenge to the powers-that-be. But what is possible without struggle is quite different from what is possible with sweat and tears."

The analysis was prepared by two league officials who spend much of their time on Capitol Hill working on legislation. They are Herman Edelsberg, director of the (ADL) Washington office, and David A. Brody, Washington counsel.

Mr. Edelsberg said that efforts to trim the civil rights bill as it goes through Congress this session would doubtless concentrate on two sections—outlawing discrimination in employment and at places of public accommodation.

The report made the point that there might be moves to trade these provisions away to end the inevitable Southern filibuster in the Senate.

The report saw the Senate Republican Leader Everett McKinley Dirksen of Illinois in a crucial position.

He has said he is opposed to the public accommodation provision. However, the report asked whether he would, nevertheless, vote to close Senate debate on the bill. Without his aid, there is almost no chance to get the needed two-thirds vote for closure.

The league praised what it called the "political courage" of Attorney General Robert F. Kennedy in the maneuvers that got the bill out of the House Judiciary Committee last fall.

Mr. Kennedy was credited with "belling the cat" when he said that a House Judiciary subcommittee version of the measure, supported by some liberals, "was overloaded to the point where it could drive away the Republican support without which it could not pass."

The league's report also saw a number of factors aside from President Johnson's interest working towards civil rights action in Congress.

It mentioned sympathy for President Kennedy's program in the wake of his assassination, extraordinary civil rights activity by church groups and the evident determination of "the Negro himself."

"Never before has there been so much support for civil rights legislation," the report declared.

The Anti-Defamation League, founded in 1913, is a Jewish organization established to fight anti-Semitism and to seek "justice and fair treatment for all citizens alike."

'BLACK
POWER'
LEADER'
IN JAIL

STOKELY CARMICHAEL

TRINIDAD-BORN Stokely
Carmichael, militant civil
rights leader and advocate of
"Black Power," was arrested
and jailed by Atlanta, Georgia,
police on Thursday night on
charges of inciting Negroes to
riot.

Carmichael, who was born
at 54 Oxford Street, Port-of-
Spain, is National Chairman
of the Student Non-Violent Co-
ordinating Committee.

The arrest came as police
relaxed rigid restrictions im-
posed after a riot on Tuesday
night, started when police shot
and seriously wounded a
Negro suspected of stealing a
car.

Angry mobs fought police
with bricks and bottles and
toppled the city's mayor from
the roof of a car when he tried
to calm them.

Fifteen people were injured
and dozens of Negroes, in-
cluding two members of the
Student Non-Violent Co-ordina-
ting Committee arrested.

Carmichael is a former
pupil of Eastern Boys' Gov-
ernment School and Tran-
quillity Boys' Government In-
termediate School. He left
Trinidad in 1953 to join his
father and mother in the
United States.

He took his Bachelor of
Arts degree at Howard's Uni-
versity.

Members of his family in
Trinidad showed concern when
word of Carmichael's plight
yesterday.

PLEASE STAY,
TRINIDAD
BEGS THANT

A TRINIDAD and Tobago
delegation, along with a
deputation from the 19-nation
Latin American group and
Jamaica, called on United
Nations Secretary-General U
Thant yesterday morning and
urged him to stay on.

A Reuter report from the
United Nations said, it was
their first joint initiative,
paralleling action taken by the
other regional groups prior to
the September 1, retirement
announcement by U Thant.

U Thant received appeals
yesterday from 24 countries to
change his mind about retiring
but offered no hint that he
would be influenced by them.

There was speculation,
meanwhile, that talks he is due
to have today with Gen. Ne
Win, Chief of State of his
native Burma, might help U
Thant reach his final decision.

Caroni's Board

TWO FORMER Members of Parliament — Mr.
Ashford Sinanan and Mr. Jeffrey Stollmeyer — and
prominent surgeon Sir Henry Pierre will join the
Board of Directors of Caroni Limited.

The sugar company an-
nounced yesterday that Sir
Henry, Mr. Sinanan and Mr.
Stollmeyer have been appoint-
ed directors from October 1,
this year. Sir Henry will be
Deputy Chairman of the
Board.

The appointment of the
Trinidad-born directors rounds
off the move begun earlier
this year by Tate and Lyle,
owners of Caroni Limited, to
shift direction of company
affairs from London to Port-
of-Spain. A similar step was
taken in Jamaica.

It was announced earlier
this year that Mr. F. H. B.
Blackburn, now General Man-
ager of Caroni Limited, will
become Managing Director
when a board based in Trini-
dad, takes over from the
present London-based Board.

The official announcement
from Caroni Limited stated:
"On May 14, the Chairman
of Caroni Limited announced
that, subject to the necessary
consent of the U.K. Treasury,
it was intended that the
affairs of the Company would
in future be directed by a
Board in Trinidad. This con-
sent has now been received

the composition of the new

Cabinet makes
announcement
after meeting

By EVANS K. GREENE

PUBLIC HOLIDAYS for the Hindu and
Muslim feast days known as Divali and Eid-ul-
Fitr will be celebrated in Trinidad and Tobago,
the Cabinet announced last night.

The decision was praised by the Muslim and
Hindu community as well as members of the Roman
Catholic and Anglican clergy.

Three months ago Mr. Bhadase Sagan Maraj, President-
General of the Sanatan Dharma Maha Sabha led a delegation
to the Prime Minister at White Hall requesting recognition
of Divali—Hindu Festival of Lights—and that it be declared
a public holiday.

Mr. Simboonath Capildeo, representative for Couva while
in Parliament also advocated the quarter century pleas that
these two Feast Days be declared public holidays.

The "Hindu Times", official organ of the Hindu Church
in Trinidad, also sought the granting of public holidays to
mark important Hindu and Muslim festivals. "Christians
alone enjoy the right to celebrate their important religious
festivals as public holidays, the "Times" noted.

The People's National Movement also supported the plea
when, in September 1964, it passed a resolution asking for the
holidays.

However, the Hindus have struck a first in that their
Divali holiday is due on November 10.

The movable feast of Eid marks the successful ending
of the month of fasting called Ramadan.

Christian holidays in Trinidad and Tobago include Good
Friday, Corpus Christi and Christmas Day.

Praise for Government

Commenting on Cabinet's decision last night, Mr. Shaffick
Rahaman, President-General of the Anjuman Sunnat ul Jamaat
said, "We are exceedingly happy about this, because for many
years, we were looking forward for an announcement like
this."

Mr. Rouff Ali, President of the Port-of-Spain Branch of
the A.S.J.A., said that while a public holiday was welcomed,
he would have preferred instead a holiday on the anniversary
of the birth of the Holy Prophet Muhammad as it was
difficult to predict the date of Eid's falling.

Mr. Bhadase Sagan Maraj, former President-General
of the Sanatan Dharma Maha Sabha, also complimented Gov-
ernment on its decision.

"This is certainly a red letter day to both the Hindus
and Muslims of this country," he said.

Hon. Ivan Allen,
Mayor,
Atlanta Georgia

Honorable Sir:

May I say Thank you, and good for you. The whole country should be grateful to you for your courage and good judgment in putting that man Carmichael where he belongs. Why the Department of Justice has not stopped him is difficult to understand. It seems to me that votes and money come before our Country. Unless justice comes alive to what is happening to us and takes action soon the country will be in such a state that possibly votes will mean nothing and as for money if one is strong enough to keep any he may have he will be lucky.

Violence is the order of the day and mob rule. Why the police do not defend themselves against these charges of brutality is a mystery. Possibly you are not troubled with this because your police may still be strong, but in the District of Columbia they are actually prevented from making arrests by the crowds that gather, - and absolutely nothing is done about it.

Excuse the digression. Who is Carmichael, is he an American citizen, who is paying him and his associates? The organization should be investigated. His preaching of insurrection in all of our large cities certainly does not come under the rights of free speech. He promotes the use of the molotov cocktail and, with reference to Cleveland, he advocates the use of dynamite to break down the brick walls that Cleveland apparently proposes to build to shield the store windows, or instead of them. And this is done openly.

I hope that justice will prevail and that pressure from all the organizations who seem to be bent on destroying us will have no influence. I am losing faith in the men who are in high places and who should be intelligent enough and concerned enough about the good of our country as a whole ^{not} to be swayed by mob rule. I hope this will not be true in Atlanta.

It is a sad state of affairs. The do-gooders have us all sobbing about the poor abused Negro. Someone should proclaim all the benefits he has access to, and we should return to reason and common sense. The agitators amongst us should be silenced.

Again, thank you, you will have at least stopped Carmichael for a time and have showed him that you are not afraid of him and his backers.

Sincerely,

R. J. Stevens

Hon. Mr. Allen:

I understand Stokely Carmichael is an immigrant to the U. S. - born in the British West Indies. If he has not become a citizen, couldn't he be deported as an undesirable alien? In any event merely publicizing the fact that he is not an American-born negro might adversely affect his picture with the American negroes.

Honorable Sir,

Having just seen on T.V. how you were so shamefully treated and the dis-respect shown you and your office, when one considers the way you have 'leaned over backward' to improve the Negro's plight....makes my blood boil., being a former Georgia boy, from Moultrie.

As you well know by now, if you didn't before, you are dealing with a highly organized minority...and according to our peculiar laws, they rule.

The negroes are not afraid of shots fired into the air....all that will ever impress them is to see a few of them laying on the ground, kicking, with the death rattle in thier black throats.

Had I been in your position, I'd have not had the Police to fire over thier heads, but to aim low....gut shoot them, then leave them to die in the streets. When they commence to stink up the neighborhood, then have the street cleaners load them in the garbage trucks and hawled to the City incenerator. Do not even bother to go thro thier pockets for identification, dump 'em in. That is the only way you or any other official will control the Negroes on the prod.

You only have to recall the recent disorders in Africa, how the leaders reverted to canibalism....fortunately, the U.N. parachutists arrived in time to prevent a greater slaughter.

Another thing, forbid so called "Freedom" marches. If they march without a permit, draw a line on the street and gut shoot every black chicken thief that crosses it....and leave them lay.

Unless the City, County and State makes a profit, from fines for allowing these marchers on the 'prod', why permit it. Look at the extra cost for over time police, extra police and even National Guard that is sometimes called out.

Nip it in the 'bud', forbid marches. They do not march except one thing, to rile up psychos, and some otherwise decent Negroes. To allow this to happen, points the finger at YOU as instigator of what follows, indirectly, of course.

Please accept this in the spirit it is meant, but you know, or should by now that one can't handle Negroes with kid gloves. Give one an inch, and he'll take a mile.

Respectfully,

Dear Mr. Mayor:

It is regrettable to note that your fair city has been plagued with a riot as have many others recently.

One of the problems was well brought out by our Illinois Governor Kerner when he stated that police forces are not ample to cope with riot conditions and the effectiveness of the National Guard could be destroyed if members find themselves patrolling the streets too often.

I have given much thought to the development of equipment which would replace men in riot control and believe I have something which will partially alleviate the problem. This development does not utilize tranquilizers which, I understand, is now under consideration by some police departments.

My development, while in the embryonic stage, is far enough along for discussion and consideration. In as much as it is my intention to form an organization for the manufacture and assembly of riot control equipment, it is desirable that as many presentations of my idea as possible be made with a view toward getting reactions to this development.

Should you or any of your associates who may be interested have occasion to be in Chicago or vicinity I shall be glad to meet with them and explain fully what I have in mind and answer any questions.

Incidentally, the cost of each unit, which would replace many men, would not exceed that of one mobilization of the National Guard such as was recently necessary in Cicero, Ill.

Dear Mr. Allen:

I read with sheer disgust the rioting of the negroes in Atlanta, because they don't have a damned thing to riot about. Their claims of poverty and lack of opportunity is as false as that dirty son-of-a-bitch Powell up there in Washington who is now preaching Black Power to the negroes and for them to carry guns. And to think that our LOUSY "Buy-Em-off for votes" power hungry president has also indicated to the negroes that it's O.K. for them to use FORCE, to gain their objectives.

Before those negroes belly ache their false "HURTS", they should first learn Responsibility, and to educate themselves and pull themselves up by their own bootstraps, like the "haves" have done. They should stop all of their rotten illegitimacy, drunkenness, mugging, shooting and stabbing. Opportunities galore lay right at their fingertips. If they'll only get up off all their lazy asses and take advantage of these Democratic opportunities and if they'll quit listening to their loud-mouth rabble-rousing self-seeking leaders. If they start rioting and try

to loot, burn and destroy, PLEASE
tell your officers to shoot to kill!!

rats the ~~right~~ lesson of

My Dear Mr. Mayor:

When I read your statement before the recent meeting of mayors, I grated my teeth and started counting to ten. When I reached nine, I got the message that you were being pulled from the top of a car!

For this, of course, I'm sorry.

But you should know niggers. You should know-- as they had to learn ~~the hard way~~ in Rochester, Los Angeles and a hundred other places, the "hard" way, the better you treat a nigger, the meaner he becomes. This is particularly so where the Communistic Kings, Carmichels and other worthless scoundrels (mostly Kikes) keep urging them on. And with an Earl Warren to have them released, so they can burn, rape and loot again!

I know niggers inside and out. When you start calling him "Negro" and looking straight at him, he starts looking down at you. The only language a nigger understands is "NO" backed up with a .45, and a slug between the eyes if needed!

Unless we load these apes on cattle boats and send them back to their old homeland, their offspring will sell out great-grand children from an auction block!

Sincerely,

BOB OAKES-- P. O. Box 97, Ashland, Oregon.

It's a shame you can't have the Atlanta Constitution padlocked, and old McGill placed in a padded cell!

Dear Mr. Allen:

My blood is boiling! To see what is happening in your city and other cities in our country is enough to disgust anyone. When I saw on national T.V. the rioting and people getting hurt (especially the law enforcement officers), I wondered how long are the American people going to put up with such lawlessness? I couldn't get away with what these people are doing. Are these negroes so powerful already that they can't be controlled? We are going to give out a money eventually, aren't we? Every day some new legislation is proposed with a price tag of a few hundred million dollars to pacify this bunch of trash and damn it, I'm tired of it! It's enough to make a preacher cuss, and I don't mean one like M. L. King Jr. either - Anyway, do just what you said you'd do - give 'em hell! Our country's gone, sir. Respectfully,

Honorable Ivan Allen
Mayor, City of Atlanta
City Hall
Atlanta, Ga.

Dear Mayor Allen:

There are many words in the English Language, but none will describe your courage facing a mob as you did. Being a former Atlantian by birth, we used to call it "Sheer Guts". It has been a long time since I have felt so proud of being a former "Cracker" as I was watching you on television, I only wish I could have been there to help you.

Without regards to political feelings, I would like to compare you with some of our former leaders like Tom Watson and Gene Talmadge, you like they, was not afraid to do your duty as you saw fit. Georgia people are the greatest people in the world, no matter from what walk of life they come from, they are not afraid to fight, no matter what the odds are. They will fight without giving quarter to preserve our heritage and way of life. I cannot say the same thing about my present residence. Our Mayor could not be found around Watts. I felt like I lived in a town without leadership. The citizens were scared out of their wits. The reminded me of a bunch of chickens with their heads cut off. As matter of fact our whole leadership is found wanting. Of course we do not have leaders such as yourself, Dick Russell, Herman Talmadge, and Carl Sanders. Our citizens have political opportunists, not leaders. These people out here are trying to push Watts under the rug, they are appeasing them with more welfare, and taxing the hell out of the people who will work for a living. These people on welfare have even formed a union to get more benefits. They will tell you the white man owes them a living, and they want to live as well as the people who go out and struggle every day for their daily bread. We can keep going the way Los Angeles is going, and we will be working to support their whims, and they will laugh in your face.

I am not proposing we go out and kill anyone, but I am proposing they get out and work like other people for what they get. There are just as many deprived white people in the country as there are colored, but I don't see them out breaking windows and burning to get more out of relief. They may fight to get more for their labors, or try to create better ways to support their needs and wants, but these people want us to give it to them.

I will cite you an incidence, out here the Post Office is begging for carriers, they even send notices through the carriers asking if anyone wishes a position as a letter carrier, all I see in my area is white girls working with the mails, yet there are plenty of colored in the area. This is part proof they do not want to work, they want state relief, they get nearly as much money as they do working.

I blame the people out here, when I first came here, I heard people ridicule the south for their so called holding the negor down, but they had more segregated areas than Atlanta. Even today Culver City does not have a negro family living within it. I am not condoning they lift this restriction, but I do feel they should not criticize our people. I belong to Culver City Elks, and one day during one of the Civil Rights movement in Congress one of my brothers made a bad remark about filerbusting, plus other remarks about our people. I ask him if he really believed the southern people should accept them as equals, and did he believe it for himself, and should we equalize here, he stated he did, I said alright lets get started, if you believe it, I will back you up 100%, first I will go on the lodge floor and prôpose a circulatory motion that all Elk Lodges accept them, if you will second my motion. Of course he backed into a corner. People out here are two faced, they believe in it for you, but not for them selves, they are beginning to see the light.

I cannot see a solution to the problem, as my grandmother used to say, "You cannot make a silk purse out of a sows ear". We can pump money to them, we may as well pour water down a rat hole, we could give them all a nice home, and within a few years most of them would be rundown, and they would be back where they started. I do not believe as a whole they will ever pull themselves up to the white mans standards. After all they never done anything with Africa, or any other country they control, or could have controled. I am certain our forbears did not set up this country and work and bleed for it to turn over to a bunch of people who does not deserve it.

Again I want you to know you acted like a champion, and I am certain my admiration is shared by all people who appreciate a fighter like you, regardless of political feelings. I can still see that big golden letter sign on the front of your store on Peachtree when I was a kid. If I remember right you used to come to my grandfathers Bar-B-Q place in Buckhead, Tidwells, back in the 20's with Dick & Inman Grey, or maybe it was with Bill Munday, it has been so long and I was just a kid.

Thanking you very kindly, and may God Bless you.

Dear Mr. Allen:

Last night I sent you the telegram in the paragraph following.

Seeing your courage, calmness, and common sense on television made me proud that I had known your father. Stop. When last in Atlanta I learned from colored people themselves of the esteem they still had for my friend and classmate, William B. Hartsfield. You both add glory to the city of Grady, Harris, Mitchell, Woodruff, and hundreds of thousands more great and good people. Resurgens

Edward Dessau Clarkson

My thought was that perhaps my dear friend Bill Hartsfield could give valuable help towards maintaining the reputation and name of the city of which I still consider myself a citizen in sentiment. In the spring of 1944 while I was recuperating from W.W. II injuries in an army hospital the persuasion came to me that unless something were done to prevent it there would be great racial troubles following the close of the war.

I found that Washington, Jefferson, and Lincoln had had ideas along the lines which I thought were original with me. That is, of patriating our colored population in the land of their origin. I found that the late Senator Bilbo had presented ideas along this line in the U.S. Senate. I did a great deal of work on the matter and when sufficiently recovered visited Senator Bilbo at his home in Poplarville, Mississippi.

Senator Bilbo was very anxious for me to allow parts of my work to be published in the congressional record, but for various reasons I did not think it advisable at that time. However, now I feel a compulsion that my work be available to help this situation which confronts our nation. I know how very occupied you are at this time, hence will await your reply before going into the matter further. Again with congratulations on your splendid stand and efforts now I am

Very sincerely yours,

Dear Mayor Allen:

This letterhead is for identification purposes only, and is not intended to reflect the opinion of this Bank or any of its Officers or employees - only that of the writer.

You are to be commended on the manner in which you propose to handle any riots or unlawful disorders within your City, as reported in our local papers. We seem to be plagued with a very small minority who insist on causing as much violence and disturbances as possible. They disregard the fact that they interfere with the rights of others - that any organized society must have law and order.

I consider it a disgrace and an affront to constituted law, for five or six police officers to have to carry off a limp demonstrator when he lies down and refuses to move when ordered to do so. I would approve of the use of electric cattle prods, police dogs or fire hose to clear an area of sit-in demonstrators who refuse to obey other orders. I doubt seriously if any Officer of the law in your City can rightly be accused of one-tenth the brutality which some of your officers have suffered at the hands of the lawless element. It is the beginning of the breakdown of all law and order when a police officer is afraid to make an arrest for fear he will be mobbed. This condition must not be allowed to prevail.

Congratulations upon the courage you have shown.

Yours very truly,

Dear Mayor Allen:

Perhaps your secretary informed you that I called your office today at which time I talked with her about the recent rioting in your city. I should have perhaps made my call person-to-person in which case I could have had the pleasure of speaking to you personally.

As I told Miss Robinson, I am a native of Virginia, but have been in Florida since 1938. I take the Jacksonville Times-Union paper in order to read something except slanted news since we have only two papers here which are both liberal and ultra liberal, particularly the Miami News which will not even use the word Negro if it can be avoided. Its editor, one Bill Baggs is a champion of the "Reverend" Martin Luther King, in fact he wrote only recently a glowing tribute to King which was slightly nauseating to this writer. As you probably know, this Negro recently met in a downtown hotel in Chicago with a group of Negro ganster leaders among which were the leaders of The Vikings, The Vice Lords and some others I do not recall at the moment and these gang leaders where exhorted to intensify their activities in Chicago and apparently what they did is having its effect. This Negro Carmichael who was on hand when your trouble started in Atlanta is not quite as subtle as King is, but nevertheless King's so-called nonviolent activities are rank hypocrisy. This is bad enough, but when the Vice-President of the United States condones what The Untouchables are doing and he has done just that for he said that "If I were in the same position I would do the same", or words to that effect.

Mayor Allen, you are to be congratulated in showing restraint under these circumstances, but I am satisfied that the restraint of most people in this country is wearing extremely thin and I know full well that if all responsible people of our country do not get their backs up and put some statesmen in Congress instead of yesmen for Lyndon Johnson, then we can expect more of the same and worse.

Dear Mayor:

I have been reading of your difficulties with the negroes in your city in recent days. Perhaps now you will be able to understand what other cities have had to contend with not only in the South but the entire United States.

Since you were elected to the office of Mayor, I have read many statements you made to the press regarding the racial situation in Atlanta and, of course, they were liberal in line with your personal viewpoint.

It is regrettable that many officials holding high offices have condoned the wanton acts of negro demonstrators and professional agitators during the past few years. I feel confident that your recent riots in Atlanta has shown you that the negro cannot be satisfied. The more you give him, the more he wants or will try to take with no consideration of the laws of our cities or States.

Although I have differed with you on many of your statements to the press, I do sincerely hope that you will not "back down" in your present stand against the SNICK outfit who shout "Black Power" and "White Devil" so often.

Dear Mr Mayor.

Got the morning paper this morning, and am sending you a clipping that I read, and I want you to know that I am proud that you are taking the stand you are taking.

You know and I know , that as long as the Government protects these Negro,s, that things are going to get worse.

I have nothing against the color of their skin, It is that if you give them an inch then they want a mile.

When it comes to destroying property, burning buildings, beating people up, and other things, then I think it is time to stop them.

I read in the papers one time where J. Edgar Hoover , said that Martin Luther King was the Worlds Biggest Liar, Well I have never seen one yet that will tell the truth

All Im sure are for you.

Thanks For Listening.

Dear Mayor Allen:

I was deeply dismayed at your statement that the Student Non-Violent Coordinating Committee was responsible for recent riots in your city.

As Attorney General Katzenbach stated to a Senate Committee, riots are caused by racial discrimination, poor housing conditions and police brutality.

Blaming one organization for the turmoil will do nothing to alleviate the real contributing causes for riots.

Negroes will no longer accept charges of Communist influence, hot weather and instigation by civil rights leaders in place of action toward eliminating the real causes of riots.

Therefore, it is your duty to cease blaming civil rights leaders for starting a riot in your city and begin positive action to avert a reoccurrence of this terrible event.

May we Congratulate you on your Pro-American Constitutional Stand on the SNNC mess ? You are the only City Official in this 'sick' Nation, who had the courage to speak up, and take a definite American Stand on the 'civil rights' atrocities that are happening in this nation -wherein ANARCHY is permitted, along with looting, burning, assassination, rape and Mugging, by the Communist led Minority and their 'white ?' followers !

Why the Administration hasnt stepped in to put and end to this abomination, - is obvious. Such a show of weakness in high places is disgraceful.

You, sir, are to be cheered and congratulated for not standing by and meakly submitting to the Anarchy that is encouraged in this Once Great Nation, now known as The Great Society!
