Dear Sir, I was in Atlanta about one week ago I came in through Grant Park out to Ga. Ave. to the stadium, and to my surprise I noticed that the colored people are about to run the white people on that street off, I don't think it will be very long before white people will have to find another route as it is a very dangerous to travel on white I was on my way to the stadium a white woman and a man was walking on Ga. Ave. SE. between Martin and Ami St and a nigger boy ran up to woman and taken her bill fold she said she had about 49 dollars she said she lived in the Red House on Ga. Ave. across from Ami St. I also read in the paper that you were going to build a play ground for niggers across from the stadium looks like you would have some respect for the white people that live out there also for the people that own homes on Ga. Ave. SE. and their churches that they have built, they is

an al full lot of talk about this Nigger  
Business around the Stadium  
the place won't be fit for white  
people to visit, and also to dangerous  
the tax Payers are having to Pay for  
that Stadium in Atlanta and the people  
that visit the Ball games that come  
from the small towns will soon  
stay away from that Nigger Dive that  
is Building up there they won't  
risk letting their young people go to  
such a dangerous hang out of Niggers  
hope you will give this some ~~and~~  
Consideration and stop the Nigger dives  
that is Building up there if not  
the people every where are going to  
be warned of the danger that is  
there living all over the Place

From a Base Ball Fan.

I'll let you hear from me later from  
a small town news Paper.  
what you are doing is that you are  
taking advantage of the Poor white People  
for one thing
