Mr. Mayer,

I wrote you last week concerning working with underprivileged children in Atlanta. You answered, telling me the letter had been forwarded to the head of the area. So far I haven't heard from him.

Will you please send me his name and how I could go about setting up an interview with him.

This matter is very important, because I am unemployed at the present, and I would really like to talk to this man about a future in social work, and a present, working with underprivileged kids.

Sincerely,
Barb Pettit
