Dear Sergeant Eaves:

This is simply a note of appreciation for the expeditious manner in which you handled the release of one Morris Riles last Sunday morning. His family was most impressed, and I feel sure it will long be remembered by them as well as myself.

I have known this boy's father for many years, and it is indeed unfortunate that he has run afoul of the law. I am very much inclined to think, however, that he still has great salvage value and that in time he again can take his place as a respected citizen of Butts County.

Again, with my grateful thanks for your consideration,
I am

Sincerely yours,

HLD/cm
