Dear Evan - Dear Earl - Dear Ann
Dear Dan - Dear Linda - Dear Faye
Dear Morris - Dear Malcolm - Dear Silas -
Dear Hattie - Dear Johnny - Dear Mary - Dear Barbara

More than I can adequately say, I appreciate the
very handsome and useful gift which you presented
to me on my last official day in City Hall.

And even more do I appreciate the spirit which
prompted you to honor me with such a magnificent
remembrance of our association over the past 6 years.

This tangible evidence of our friendship is always
will be more exhilarating and inspiring to me than
any beverage, no matter how potent, mixed with the contents
of your gift.

Over the 45 years which have gone by so quickly
since I first came to Atlanta as a sub-reporter on the Journal.
I have worked for and with many stimulating men
and women, but never have I felt so definitely a
member of an all-star team as during my 74 months
with the Ivan Allen, Jr. ~~administration~~ administration.

It is my considered opinion that our team has done more
for our entire community than any of us realize. My ears to
comb I am sure that it will be understood that not
only did we try, but also did we succeed, in more ways
than we now know, to advance and improve our beloved Atlanta.

With all best wishes to our truly peerless leader
and look and over, Peace Guardians and Guardians.

Bill Howland
