Joan Allen Jr., Mayor
Atlanta, Georgia.

Dear Mr. Allen:

I read with sheer disgust the rioting of the negroes in Atlanta, because they don't have a damned thing to riot about. Their claims of poverty and lack of opportunity is as false as that dirty son-of-a-bitch Powell up there in Washington who is now preaching Black Power to the negroes and for them to carry guns. And to think that our LOUSY "Buy-Em-off for votes" power hungry president has also indicated to the negroes that it's O.K. for them to use FORCE, to gain their objectives.

Before those negroes belly ache their false "HURTS", they should first learn Responsibility, and to educate themselves and pull themselves up by their own bootstraps, like the "haves" have done. They should stop all of their rotten illegitimacy, drunkenness, mugging, shooting and stabbing. Opportunities galore lay right at their fingertips. If they'll only get up off all their lazy asses and take advantage of these Democratic opportunities and if they'll quit listening to their loud-mouth rabble-rousing self-seeking leaders. If they start rioting and try

to loot, burn and destroy, PLEASE
tell your officers to shoot to kill!!
That's the only way to teach those
rats the ~~right~~ lesson of
decency. Just kill them
by the hundreds, if
necessary and show them
that they can't get away
with mob violence in
Atlanta, like they did in
Chicago & Los Angeles.
Show them that they can't
bull-doze Atlantans and for them
to crawl right back into the
rat-holes which THEY created
of their own free will. The more you
give in to them, the more demanding
will they become and
