MEMORANDUM

To: Mayor Ivan Allen, Jr.

From: Dan Sweat

The attached memo from John Cox relates to the Rodent Control proposal he has worked on for quite some time.

The Grant Review Board considered this project and recommended it be filed by EOA. This was done with the understanding that no money was available.

I have talked with John about this many times.

It is my feeling that we should not attempt to obtain political influence to get this proposal accepted. I feel that it does not merit that much importance.
