My dear Mr. Ellis:

Your request for an off-duty police officer to operate one of your information cars is basically a traffic control function.

I asked Supt. James L. Moseley, Superintendent of the Traffic Division, for his suggestions and recommendations. Attached hereto is a copy of the Superintendent's report.

Accordingly we have approved your request on a trial basis.

If you will contact Supt. Moseley, he will assist you in working out the details.

With deepest personal regards, I am,

Sincerely yours,
