Mayor Ivan Allen Jr.
Atlanta, Ga.

Dear Mr. Mayor: I congratulate you on the stand you are taking to prevent the unAmerican activities, by negro, to get out of hand in your city. It is a national disgrace to the white people that our government, in Wash. D.C., dont take a firm stand against the negro rabble-rousers. King and the other negro leaders, I believe, are doing nothing for

the negro people that would advance their station in life, but are only widening the breach between the whites and blacks. People I know who used to be sympathetic toward the negro people have certainly changed their minds now, due to all these negro riots and crimes.

Respectfully yours,
Edward C. Van Vaene
