Sir:

May I commend you for the action taken against Stobely Carmichael, a "paper citizen"? On the TV a few weeks ago he said he was a "paper citizen" — naturalized. At that time he made many statements that I felt were intended to incite Negroes to riot.

I have talked with several Negroes here, and they do not approve of Carmichael or SNCC.

That you have taken a firm stand is gratifying. I wish Carmichael would go back to Haiti.

Sincerely,

Dorothy Glenn Lane
