Dear Jerry:

With regard to your letter of August 15th concerning the administrative and organizational relationships between the Youth Council Staff and the administrative staff of the Mayor and Board of Aldermen, please be assured that we will cooperate with the Director of the Youth Council and the Board to insure maximum results from the Youth Council work.

I am not sure if we have clearly resolved the organizational position of the Youth Council Director. Maybe this can be done at an early date. In the meantime, we will communicate with Mr. Dinkins and be available to assist him in those areas where he needs help from the City's administrative organization.

Sincerely,

Dan Sweat  
Chief Administrative Officer
