

August 8, 1969

Mr. Les Persells
Executive Director
Atlanta Housing Authority
824 Hurt Building
Atlanta, Georgia 30303

Dear Les:

It has come to my attention that perhaps the Central Relocation Service is not emphasizing private housing resources as much as public housing resources when assisting persons displaced within the city.

I am certain that this is wrong and am sure that the agency keeps a complete up-to-date inventory of private housing resources to refer persons to when they either do not qualify for public housing or could best be served by relocation in private housing.

So that I can be in a position to answer these questions, I would very much appreciate it if you could supply me with a memorandum setting forth the activities of the Central Relocation Service as they relate to private housing. Specifically, the method you use in compiling information on the availability of private housing, possibly a copy of a recent inventory, and the procedure you use to determine whether or not a displaced should be referred to private housing.

Sincerely,

Dan E. Sweat, Jr.
Chief Administrative Officer
